**Existing Site Conditions:** The subject parcel is approximately 170 acres m/l. Currently, the subject property is actively used for agricultural purposes.

**Surrounding Zoning and Land Uses:** The surrounding zoning and uses (north, south, east, and west) are generally residential and agricultural in nature.

North: City of Appleton. AG Agricultural District. The adjacent land use to the north is undeveloped land.

South: Town of Freedom. The adjacent land uses to the south are residential.

East: Town of Freedom. The adjacent land uses to the east are residential.

West: City of Appleton. NC Nature Conservancy District. The adjacent land use to the west is YMCA of the Fox Cities "Bruce B. Purdy Nature Preserve".

**Appleton Comprehensive Plan 2010-2030:** The City of Appleton 2010-2030 Comprehensive Plan Map identifies the subject area as future one/two family residential, multifamily residential, public park and open space and ponds/water. The proposed rezoning appears to be consistent with the following goals and objectives of the *Comprehensive Plan 2010-2030*.

*Goal 1 – Community Growth*

*Appleton will continue to provide opportunities for residential, commercial, and industrial growth, including appropriate redevelopment sites within the downtown and existing neighborhoods, and greenfield development sites at the City's edge.*

*Goal 3 – Housing Quality, Variety, and Affordability*

*Appleton will provide a variety of rental and ownership housing choices in a range of prices affordable to community residents, and ensure that existing housing is adequately maintained in terms of physical quality and market viability.*

**OBJECTIVE 5.3 Housing and Neighborhoods:**

*Provide a range of housing options that meet the needs and appeal to all segments of the community and allows residents to age in place.*

*Policy 5.3.3 Plan for a supply of developable land suitable for residential development.*

**7.1 OBJECTIVE:** *Provide a pattern of development that minimizes impacts to municipal services and utilities.*

**OBJECTIVE 10.1 Land Use:**

*Provide an adequate supply of suitable land meeting the demand for development of various land uses.*

## Proposed Zoning Classifications:

**R-1B District.** The R-1B district is intended to provide for and maintain residential areas characterized predominately by single-family, detached dwellings on medium sized lots while protecting residential neighborhoods from the intrusion of incompatible non-residential uses. Per Section 23-93(g) of the Municipal Code, the development standards for single-family detached dwellings in the R-1B District are listed below:

- 1) **Minimum lot area:** 6,000 square feet.
- 2) **Maximum lot coverage:** 50%.
- 3) **Minimum lot width:** 50 feet.
- 4) **Minimum front yard:** 20 feet or 25 feet on an arterial street.
- 5) **Minimum rear yard:** 25 feet.
- 6) **Minimum side yard:** 6 feet.
- 7) **Maximum building height:** Thirty-five (35) feet.

**R-3 District.** The R-3 district is intended to provide for and maintain residential areas characterized by multiple family dwellings, while maintaining the basic qualities of a dense residential neighborhood, which may include other housing types and institutional and limited non-residential uses. No development project is pending for the R-3 district rezoning area. Refer to Section 23-96(g)(1) (2) (3) and (4) of the Municipal Code, for the development standards for single-family, two-family, multi-family, and zero lot line two-family dwellings.

**P-I District.** The P-I district is intended to provide for public and institutional uses and buildings, utilized by the community, and to provide open space standards where necessary for the protection of adjacent residential properties. No development project is pending for the P-I district rezoning area. Refer to Section 23-100(h) of the Municipal Code, for the development standards

**Standards for Zoning Map Amendments:** This request was reviewed in accordance with the standards for granting a Zoning Map Amendment under Section 23-65(e)(1) a., b., and c. of the Municipal Code: It appears the criteria established has been satisfied. Related excerpts are listed below.

Section 23-65(e) (1) Prior to making a recommendation on a proposed zoning amendment, the Plan Commission shall make a finding to determine if the following conditions exist. No zoning amendment shall be approved prior to finding at least one (1) of the following:

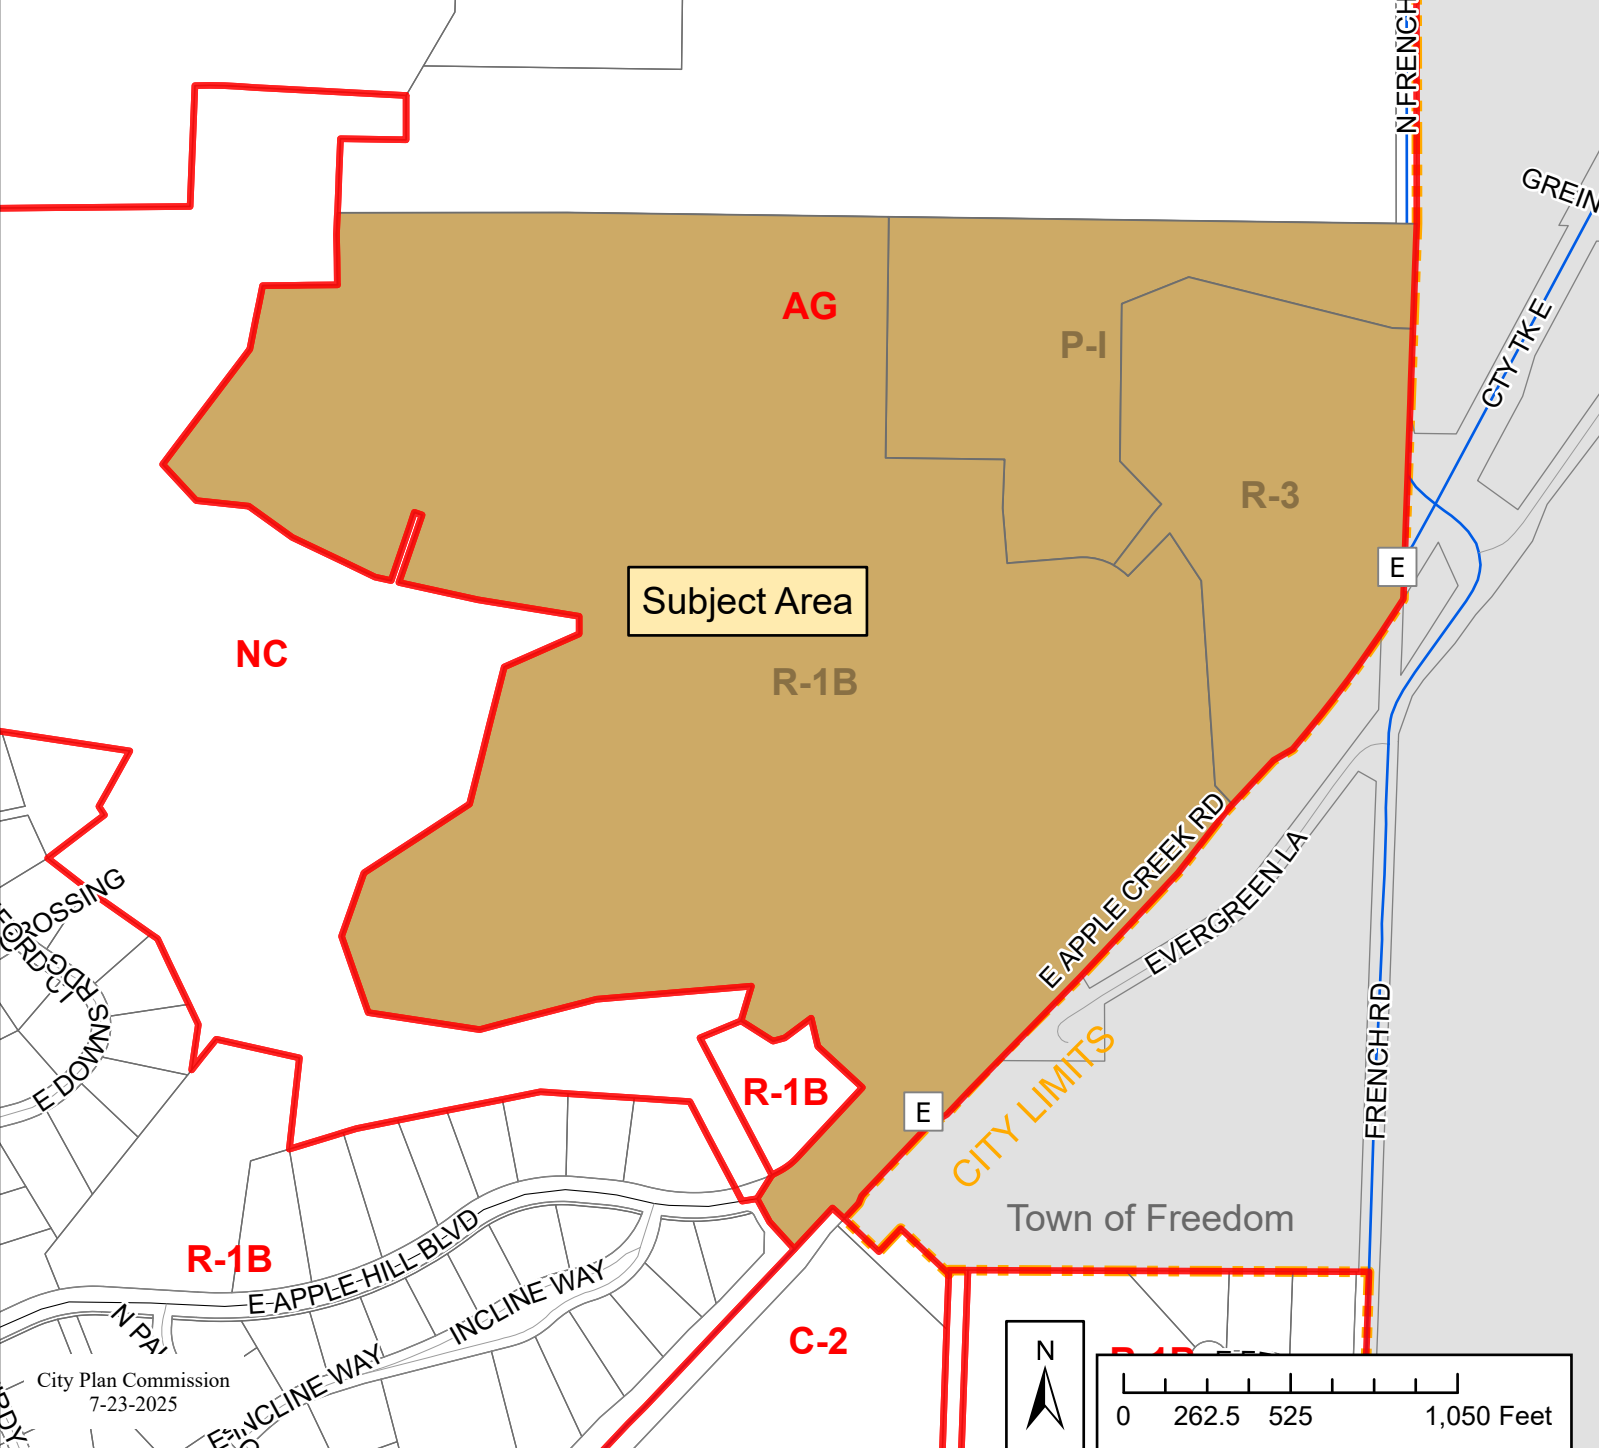

- a. The request for a zoning amendment is consistent with the Comprehensive Plan for the City of Appleton. *Findings: The rezoning request is in conformance with the Comprehensive Plan 2010-2030 goals and objectives stated above and the Future Land Use Map, which identifies this area with a future one and two-family residential, multifamily residential, public park and open space and ponds/water designation.*
- b. Factors have changed such as availability to new data, growth patterns and rates, the presence of new road or other infrastructure, additional development, annexation, or other zoning changes, making the subject parcels more appropriate for a different district.
- c. There is an error in the zoning ordinance text or zoning map as enacted.

**Development Review Group (DRT):** These items were discussed at the July 1, 2025 Development Review Group meeting. No negative comments were received from participating staff.

## **STAFF RECOMMENDATION**

Based upon the above analysis and the standards for zoning map amendments as required by Section 23-65(e)(1) a. of the Zoning Ordinance, staff recommends Rezoning #7-25 to rezone the subject parcel from AG Agricultural District to R-1B Single-family District, R-3 Multifamily District and P-I Public Institutional District, including the adjacent right-of-way as shown on the attached maps and described on the application form, **BE APPROVED**.
