Hi Kami,

I am so sorry – that completely fell off of my radar.

I very much would like to request that the premise amendment be withdrawn until it is known what repair is able to be done to the deck and surrounding area. I am sorry for the delay –

Hi Candice,

Your premise amendment is on next week's Safety & Licensing Committee meeting. It will have to be held if I do not receive something from you stating that you wish to withdraw the Premise Amendment application. I have attached the email that I sent previously which outlines our earlier phone conversation regarding this.

Please let me know if you have any questions or if anything has changed regarding this matter.

Thank you!

Kami
