

CITY OF APPLETON

MEMORANDUM

Date: February 25, 2026
To: City Plan Commission
From: Colin Kafka, Principal Planner
Subject: Extraterritorial Preliminary Plat – Foxport – Town of Grand Chute

GENERAL INFORMATION

Owner: Town of Grand Chute, c/o Mike Patza

Applicant: JT Engineering, c/o Brett Karns (owner's agent)

Parcel Numbers: 101032901

Petitioner's Request: The owner/applicant is proposing to subdivide the 8.857acre parcel into 22 lots and one outlot in the Town of Grand Chute. The parcel is within the City's extraterritorial plat approval jurisdiction.

Plan Commission Meeting Date: February 25, 2026

Common Council Meeting Date: March 4, 2026

BACKGROUND

The subject area is within the City's extraterritorial plat approval jurisdiction, which includes the unincorporated area within three miles of the City, as described in the Subdivision Ordinance. The Preliminary Plat must also be reviewed and approved by the Town of Grand Chute and Outagamie County. The preliminary plat was approved by the Town Board on November 18, 2025.

STAFF ANALYSIS

Existing Conditions: Parcel #101032901 is currently undeveloped and is situated west of N. White Hawk Drive and north of W. Grand Chute Boulevard. According to the preliminary plat map, a portion of the west side of the parcel is within a regulatory floodway.

Surrounding Zoning and Land Uses: The surrounding area is under the jurisdiction of the Town of Grand Chute, and the nearby uses are generally residential and institutional in nature. The surrounding zoning is the Town's RSF – Single-Family Residential District, CP – Planned Commercial District, and PDD – Planned Development District.

Plan Appleton: Community Development staff has reviewed *Plan Appleton* and determined this proposed subdivision is outside the City's future growth area.

Review Criteria: Community Development staff has reviewed the Extraterritorial Preliminary Plat in accordance with the City of Appleton Subdivision Ordinance, as well as Zoning Ordinance

requirements for single-family residential developments. The average size of the proposed lots is 6,000 square feet. Typical lot dimensions are 55 feet by 100 feet. The lot sizes and lot widths for the proposed lots in this Town of Grand Chute subdivision are similar to R-1A and R-1B Single-Family District minimums required by City of Appleton Zoning Ordinance.

Development Review Team (DRT) Report: This item appeared on the February 17, 2026 Development Review Team agenda. Comments were received from participating departments and captured in the “Extraterritorial Preliminary Plat – Foxport – City of Appleton Comment Sheet” attached with this report.

RECOMMENDATION

Based on the above, staff recommends that the Extraterritorial Preliminary Plat – Foxport located in the Town of Grand Chute, as shown on the attached maps, **BE APPROVED**.

CITY OF APPLETON

Extraterritorial Preliminary Plat – Foxport – City of Appleton Comment Sheet

Community Development Department

- Per Sec. 17-26 of the Appleton Municipal Code, “double frontage lots shall not be permitted except as required by the Common Council where they are desirable to provide separation of development from traffic arterials or inharmonious uses, or to overcome disadvantages of topography or situation. A planting screen easement of at least twenty (20) feet, and across which there shall be no right of access, may be required along the line of lots abutting such traffic arteries or other inharmonious use.”
- Per Sec. 17-7(b)(25) of the Appleton Municipal Code, a tabulation of gross area, street area, other dedicated and reserved area, and net subdivided area should be displayed on the plat.

Department of Public Works

Wisconsin Chapter 236 Platting Lands and Recording and Vacating Plat and Chapter A-E 7-Minimum standards for property surveys comments:

- s. 236.20(5)(b) Show the navigable stream along the West side of the Preliminary Plat.
- s. 236.20(5)(c) Label the water elevations for the navigable stream at the Preliminary Plat boundary.
- s. 236.20(6) Add the following note to the final plat per the WI DOA approval letter. “Any land below the ordinary high water mark of a lake or a navigable stream is subject to the public trust in navigable waters that is established under article IX, section 1, of the state constitution”.

Additional comments:

- Add the City extraterritorial review certificate-see example below.

City of Appleton Approval (Extraterritorial)

Resolved, that the plat of Auburn Estates in the Town of Grand Chute, Outagamie County, Cypress Homes, Inc., owner, is hereby approved by the Common Council of the City of Appleton.

Mayor

8/22/2022
Date

I hereby certify that the foregoing is a copy of a resolution adopted by the the Common Council of the City of Appleton.

Clerk

8/22/2022
Date

- What are the implications on the buildable area of Lot 1 of White Hawk Meadows due to setback from Foxport Drive.

- CTH "A" is access restricted per CSM 4941.
- Outagamie County has a published bearing/distance of N89°30'56"W, 2661.93 feet along the section line. The Preliminary Plat shows S89°31'10"E, 2661.88 feet.
- The recorded as distance is missing from the N46°14'13"E, 219.79' meander line in Lot 13. The recorded as bearing (N89°34'04"W) along the North line of the Preliminary Plat is not from CSM 4941. What does the * indicate as shown?
- The lots/outlots adjacent to the navigable stream should have the area shown as more or less or +/- . The meandered lots/outlots should show the approximate area to the centerline of the navigable stream.
- Below is an example of the Surveyor's certificate for a Preliminary Plat.

I, Ryan Wilgreen, Professional Land Surveyor, hereby certify that this preliminary plat is a true and correct representation of all the adjacent existing land divisions and of the boundary of the preliminary plat and features.

That I have fully complied with the provisions of Chapter 236 of the Wisconsin Statutes and Chapter 17 of the City of Appleton Subdivision Ordinance in surveying, dividing and mapping of the same.

 Ryan Wilgreen, P.L.S. S-2647
 ryan.wilgreen@excelengineer.com
 Excel Engineering, Inc.
 Fond du Lac, Wisconsin 54935
 Project No. 240061800

- The legal description should be described as Lot 2 of CSM 4941 and not by metes and bounds per s. 236.34(3). In a recorded CSM, lots and outlots must be described by the CSM number, volume, page, and county for all purposes, including but not limited to conveyance, assessment, taxation, devise, and decent.
- The Preliminary Plat exterior boundary does not match the exterior boundary of Lot 2 CSM 4941. The West line of Lot 2 CSM 4941 is defined by the centerline of the navigable stream. This could create a title issue.
