Kami Lynch
City Clerk for the City of Appleton
100 N. Appleton St.
Appleton, WI 54911

Dear Ms. Kami Lynch,

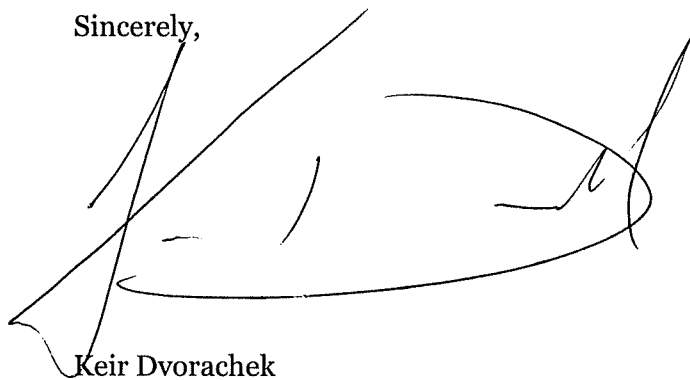

Please accept this letter as my formal notification that I am resigning from my position as Alderperson for District 15 with the City of Appleton.

I wanted to thank you very much for all the assistance you have given me and the friendly council chambers that you have created. I enjoyed having my first time serving as an elected official with you and the city. I had learned a great deal in these past two years and hope to take what I learned and be able to positively use it in the future to further better the community that I will be a part of.

If you need anything from me or if anyone filling the shoes as the representative of District 15 has any questions at all I would be more than happy to help and they or you feel I am best suited to answer the questions, and then by all means I would be thrilled to help.

I wish you and the rest of Council, the best of luck for many years ahead.

Sincerely,

Keir Dvorachek
