Re: Parking changes related to the Meade St/Grant St RRFB installation project

A project to enhance the pedestrian crossing across Meade Street at Grant Street was included in the 2021 budget and is currently under construction, with completion expected in late July. This memo addresses the parking restrictions that are necessary to implement this Council-approved project.

The following ordinance action is required:

1. **Create:** "Parking be prohibited on the south side of Grant Street from Meade Street to a point 55 feet west of Meade Street."
