

## SOLE SOURCE REQUEST

The undersigned certifies that the commodity/service shown below qualifies as a sole source request and meets one or more of the following requirements. The department has demonstrated, and the Purchasing Manager concurs that only one source exists, the price is equitable, and/or noncompetitive negotiation is in the best interests of the City.

- Unique, proprietary, or one-of-a-kind:** Specific commodity/service is required and available from only one source, giving the City a superior and necessary benefit that cannot be obtained from other sources.
- Inadequate competition:** Purchasing solicitation (bid, proposal, or quote) did not result in any qualified vendor responses and competition is determined to be inadequate.
- Health or Safety Concern:** When a health or safety concern exists that is *not* an immediate threat but needs to be addressed in a period that does not allow for formal competitive procurement procedures.
- Continuity of design:** Consistency with current commodity or service.
- Emergency procurement:** A risk of human suffering or substantial damage to real or personal property exists requiring immediate attention.
- Cooperative purchase:** Purchase from another governmental unit contract or state approved purchasing association.
- Other:** Description provided below

McMahon's involvement with AWWTP dates back to 1998. They have been a trusted partner with a successful track record on multiple projects. Plans for this project would be integrated with the L-Building HVAC project resulting in significant cost savings.

### PROPOSED DETAILS

Requesting dept: Appleton Wastewater Treatment Plant

Product/service: Engineering services for hauled waste station tank upgrades

Vendor name: McMahon

Total cost: \$45,700 w/ 10% contingency of \$4,570 for a total not to exceed \$50,270
