R/B Resolution #7-R-18 Snow Emergencies

Submitted by: William Siebers, District 1

Date: May 16, 2018

Referred to: Municipal Services Committee

Whereas, there are only 218 days left until winter, And

Whereas, the best time to deal with a problem is before circumstances force our hand, And

Whereas, with all winters we will once again need to deal with winter storms, which includes calling snow emergencies, And

Whereas, snow emergencies are exactly that, emergencies, And

Whereas, these emergencies are called to promote the most efficient removal of snow from our streets, and also to promote safety, And

Whereas, as common as it is to have snow storms in the winter it is also common for people to ignore the parking ban during the snow emergency, And

Whereas, the fine for parking on the street during the snow emergency is the same as a normal parking ticket and not likely a deterrent as we would hope,

Therefore, the fine for parking on the street during a snow emergency be more reflective of the seriousness of the situation and be increased.

Attachments: [Research by Alderperson Siebers.pdf](#)

Hold until July 9th meeting.

Croatt moved, seconded by Coenen, that the Report Action Item be held. Roll Call. Motion carried by the following vote:

Aye: 5 - Croatt, Coenen, Konezke, Martin and Williams

[18-0886](#)

Request from Tundraland to place a mobile showroom in the Division Street right-of-way during Mile of Music, August 1-August 5, 2018.

Attachments: [Street Occupancy Permit-Tundraland.pdf](#)

Konezke moved, seconded by Martin, that the Report Action Item be recommended for approval. Roll Call. Motion carried by the following vote:

Aye: 5 - Croatt, Coenen, Konezke, Martin and Williams

[18-0887](#)

Prospect Avenue, from Seminole Road to Outagamie Street, be

reconstructed with concrete pavement and curb and gutter. The dimensions of the Prospect Avenue reconstruction project are as follows:

Seminole Road - Hillcrest Drive: New concrete pavement to be constructed to a width of 37' from back of curb to back of curb, which is 3' narrower than the existing street within this portion of the project.

Hillcrest Drive - Carver Lane: New concrete pavement to be constructed to a width of 45' from back of curb to back of curb, which is 5' wider than the existing street within this portion of the project.

Carver Lane - Outagamie Street: New concrete pavement to be constructed to a width of 37' from back of curb to back of curb, which is the same width as the existing street within this portion of the project.

New 5' concrete sidewalk will be constructed along the south side of Prospect Avenue, between Sunny Slope Court and Hillcrest Drive. Prospect Avenue will consist of 1 travel lane in each direction, bike lanes along both sides of the street, and a two-way left turn lane between Hillcrest Drive and Carver lane (adjacent to Xavier High School). On-street parking will be eliminated along the entire project length. The intersection of Haskell Street, Outagamie Street, and Prospect Avenue will be reconstructed and geometrically modified to provide a more standard T-intersection configuration. A dedicated left turn lane along Prospect Avenue will also be incorporated at this intersection as part of this reconstruction project.

Konetzke moved, seconded by Coenen, that the Report Action Item be recommended for approval. Roll Call. Motion carried by the following vote:

Aye: 5 - Croatt, Coenen, Konetzke, Martin and Williams

18-0888

Erb Street, from Michigan Street to 100' north of Michigan Street, be reconstructed with asphalt pavement and concrete curb & gutter to a width of 27' from back of curb to back of curb, which is 1' wider than the existing street. Existing parking provisions within the project limits will remain unchanged.

Konetzke moved, seconded by Coenen, that the Report Action Item be recommended for approval. Roll Call. Motion carried by the following vote:

Aye: 5 - Croatt, Coenen, Konetzke, Martin and Williams

18-0889

Harriet Street, from Walter Avenue to Telulah Avenue, be reconstructed

with asphalt pavement and concrete curb & gutter to a width of 31' from back of curb to back of curb, which is 2' narrower than the existing street. Existing parking provisions within the project limits will remain unchanged.

Coenen moved, seconded by Konezke, that the Report Action Item be recommended for approval. Roll Call. Motion carried by the following vote:

Aye: 5 - Croatt, Coenen, Konezke, Martin and Williams

18-0890

Henry Street, from Warner Street to Telulah Avenue, be reconstructed with asphalt pavement and concrete curb & gutter. The dimensions of the Henry Street reconstruction project are as follows:

175' west of Warner St - Warner St: New asphalt pavement to be constructed to a width of 29' from back of curb to back of curb, which is the same width as the existing street within this portion of the project.

Warner St - Telulah Ave: New asphalt pavement to be constructed to a width of 33' from back of curb to back of curb, which is the same width as the existing street within this portion of the project.

New concrete sidewalk would be constructed along the north side of Henry Street from 175' west of Warner Street to Warner Street, and along the south side of Henry Street from 175' west of Warner Street to Telulah Avenue. Existing parking provisions within the project limits will remain unchanged.
