Hi.

I am an adjoining backyard neighbor with jimmys chicken on richmond. I understand they are applying for an alcohol license. I am highly recommending the approval of one for the establishment. It is so nice to see a black owned business that has a lot of potential. The owner is very nice and all the employees as well. They took months to open and getting the place up to code. It was good too see a business take the right steps to open a proper establishment rather than just a place thrown in there. The last place being little ceasers there was a large amount of trash and rodents that came from that and flies! Since jimmy's has opened it has been a clean parking lot no large amounts of liter left behind and honestly no loud noise. I feel as if they take pride in the business and comply with all the laws to make it a business that should be allowed to sell alcohol. Even the adjoining business noise from loud music seemed to have gone done tremendously since them opening. I think they should be given a chance to sell alcohol and make the business thrive even more and hopefully be there for many years too come. Please give them the opportunity to obtain this license.

Thank you!

A backyard neighbor hoping this business takes off!
