Re: Appleton Housing Authority (AHA) continuation on City of Appleton (COA) health, dental, long-term disability, and voluntary insurance plans until December 31, 2022

On December 16, 2020, the Common Council renewed the MOU between the COA and AHA to continue AHA's participation in the City of Appleton fringe benefit insurance programs until December 31, 2022.

The parties involved (COA and AHA), recently met and confirmed that the MOU would be ending on December 31, 2022. The AHA is planning to transition to vendors for these types of benefits after December 31st. In summary, this MOU will terminate at the end of 2022.
