

DREAM PROJECT EXHIBIT

It Starts with a Dream

In the fall of 2012, Miron Construction's leadership team read the book, *The Dream Manager* by Matthew Kelly and was so inspired, they decided to hire their own Dream Manager. The book illustrates how companies can achieve remarkable results when they invest in helping their employees bring their personal dreams to life. In the book, they discovered that **the key to motivation is the fulfillment of crucial personal dreams**. By helping employees become the best version of themselves, employees, in turn, brought the company itself to new heights. This concept also applies to communities. The Dream Project Exhibit is a way to share this concept of dream fulfillment with the people in our community and encourage placemaking.

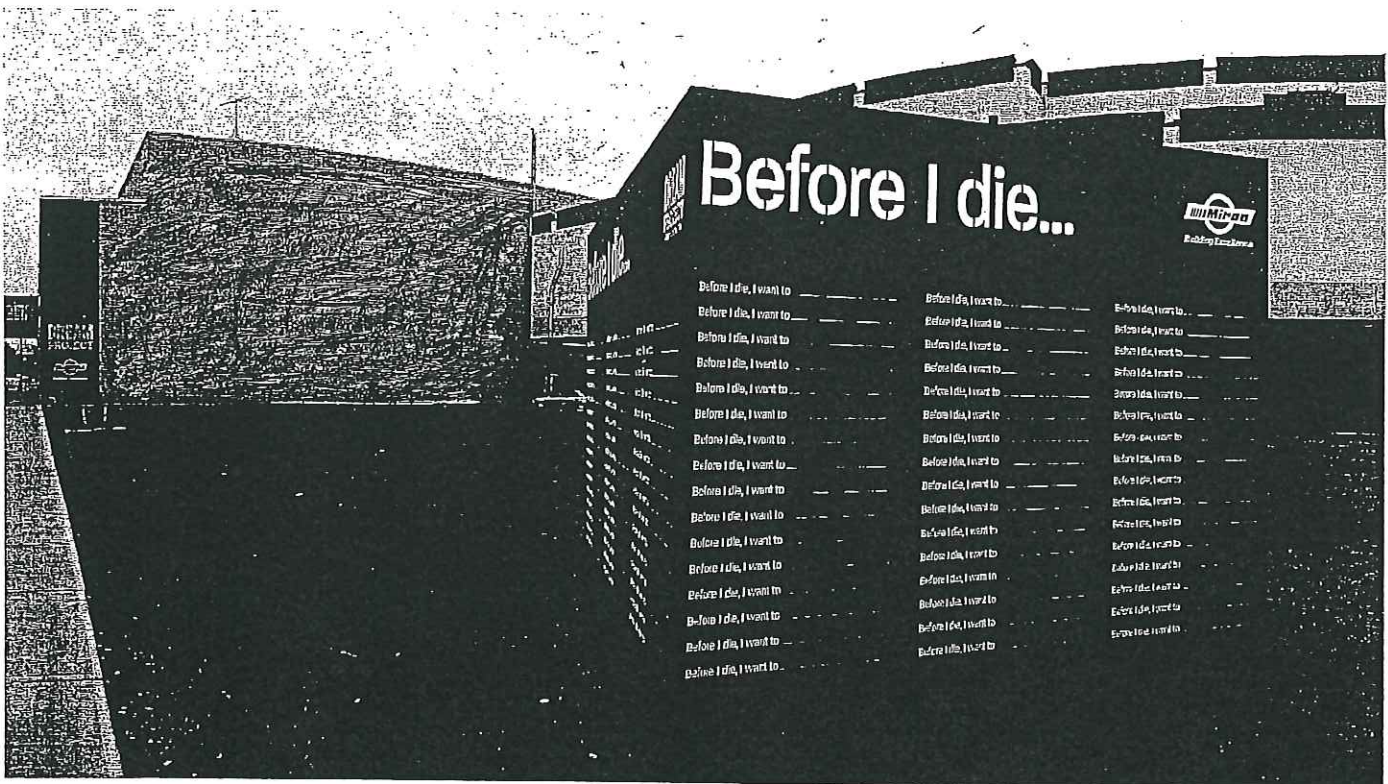

PROPOSED SPACE:
Washington Square

INSTALLATION:
"Before I Die" (beforeidie.cc) cube exhibit
• 4 - 12'x8' walls constructed into a box
• Door with padlock and top to structure will be added
