Goal 1 – Community Growth

Appleton will continue to provide opportunities for residential, commercial, and industrial growth, including appropriate redevelopment sites within the downtown and existing neighborhoods, and greenfield development sites at the City's edge.

Goal 3 – Housing Quality, Variety, and Affordability

Appleton will provide a variety of rental and ownership housing choices in a range of prices affordable to community residents, and ensure that existing housing is adequately maintained in terms of physical quality and market viability.

OBJECTIVE 5.3 Housing and Neighborhoods:

Provide a range of housing options that meet the needs and appeal to all segments of the community and allows residents to age in place.

Policy 5.3.3 Plan for a supply of developable land suitable for residential development.

OBJECTIVE 10.1 Land Use:

Provide an adequate supply of suitable land meeting the demand for development of various land uses.

Proposed Zoning Classification: The R-2 district is intended to provide for and maintain residential areas characterized by single-family detached and two- (2-) family dwelling units. Increased densities and the introduction of two- (2-) family housing types are intended to provide for greater housing options for owners and renters while maintaining the basic qualities of a moderately dense residential neighborhood. Per Section 23-95(g) of the Municipal Code, the development standards in the R-2 Two-Family District are listed below:

 - c. There is an error in the zoning ordinance text or zoning map as enacted.

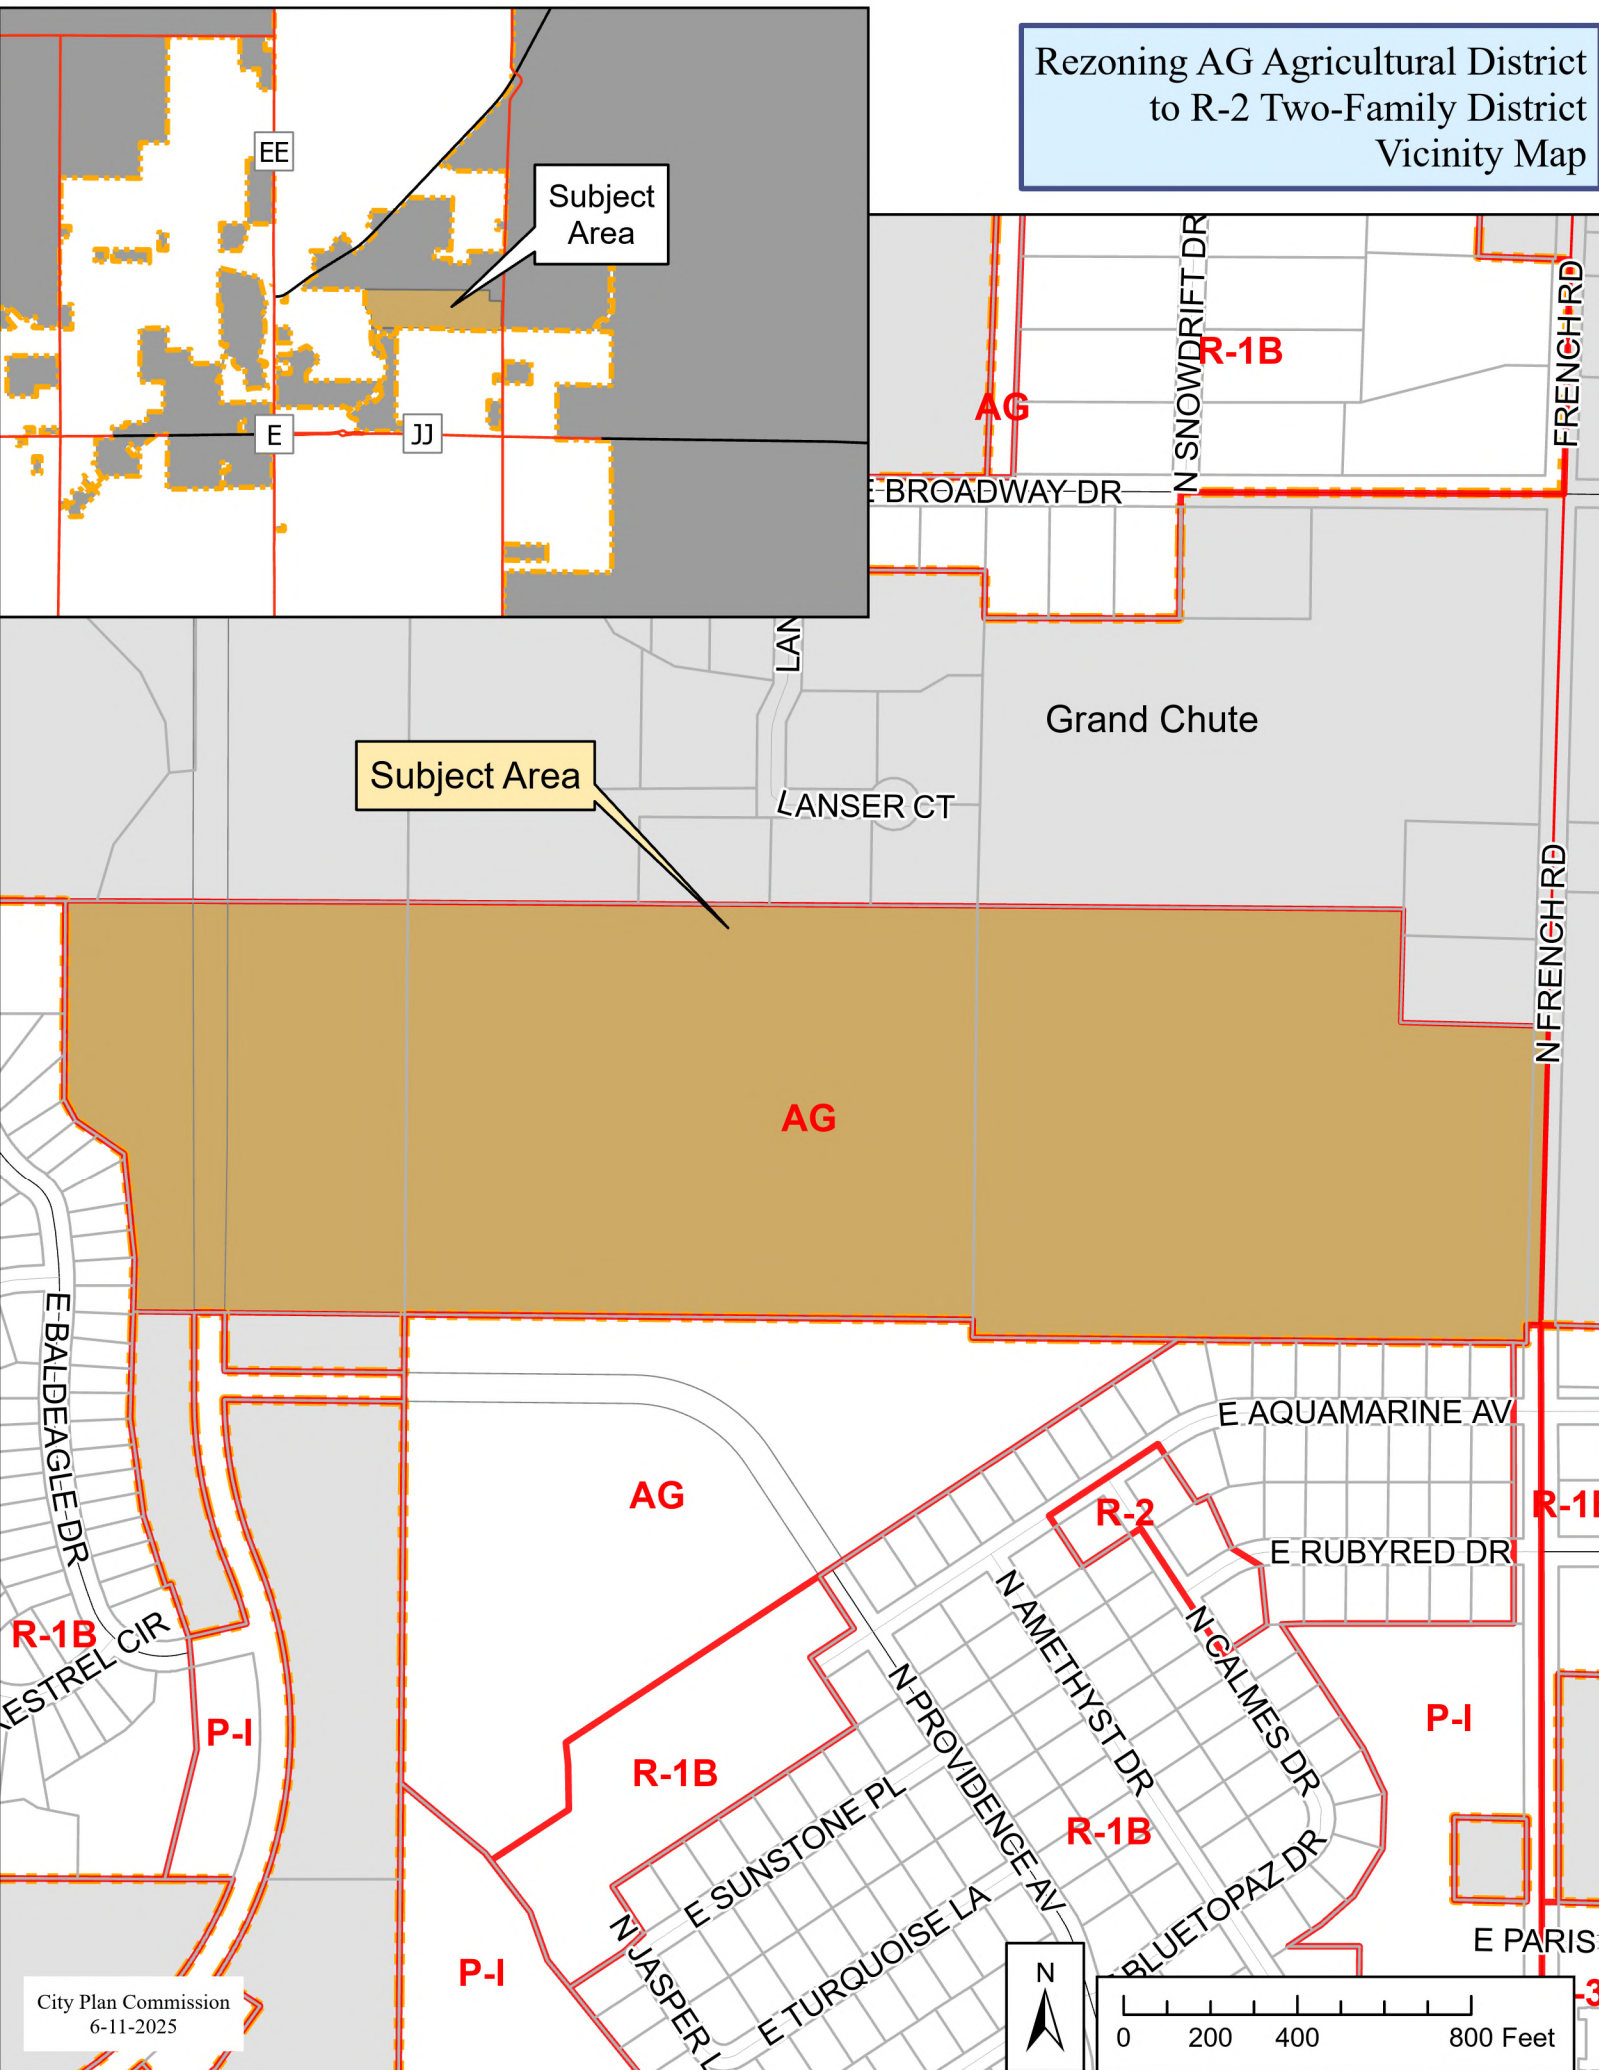

Development Review Team (DRT) Report: This item appeared on the April 1, 2025 DRT agenda. No negative comments were received from participating departments.
