Subject: transit meeting today at 3 and bus riders needing to wear masks
Date: Tuesday, July 7, 2020 11:25:10 AM

Please send me the link so that I can take part in the meeting at 3 this afternoon. I also am requesting that you give the members of the transit committee a copy of the letter below and have it read into the minutes of the meeting.

Ronna Jean Swift 230 West Seymour Street Appleton 920-205-2589
ronnajean61@gmail.com

For the minutes and all members

It has come to my attention that individuals riding in vehicles connected to Valley Transit do not have to wear masks in spite of the fact that scientific evidence points directly to the importance of doing this and socially distancing. I hear that ridership is down and imagine that some of the highly vulnerable population who ride the bus are afraid to because of the lack of mask policy. There also needs to be a plexiglass piece put next to the driver.

It is your civic duty to put this policy into place now and for the city and county to work together on a policy for the area. I could blitz you all with information about this but hope that you have enough already to make this decision. MANDATORY MASKS on local busses and smaller vehicles operated by Valley Transit now, please.

I am willing to make a statement via zoom at the meeting today but feel that this letter tells you my intentions. Thank you for listening.

Ronna Jean Swift
