RE: Exhibition Center Questions

Attached are the Proposed Exhibition Center Questions which are a compilation of and includes all questions received by City Staff from Alderpersons and the community.

The questions have been categorized by the following broad topics:

Proposed Site & Offer to Purchase
Feasibility of an Exhibition Center
City of Appleton's Role
Appleton Redevelopment Authority's Role
Financing of an Exhibition Center
Operation of an Exhibition Center
Design & Construction of an Exhibition Center
Impact on the Downtown & Fox Cities

The categories were developed based on the questions received and not the topic format planned for the CEDC Meeting.

These questions are also posted on the City of Appleton website at www.appleton.org.

Written answers to these questions will be provided next week after the CEDC February 23rd meeting.

I believe it is important for the answers to these questions to be shared publically, from those professionals and experts involved in this detailed, complicated process, and allow an opportunity for clarification and discussion.
