It is my understanding that when 2 inches of snow falls those parking on the street are restricted to a certain side of the street. Then when the snow is cleared from the other side of the street, those parking on the street have an hour to move their cars to the plowed side.

What I found interesting in regard to overnight parking is that it isn't just large cities, like Milwaukee and Madison, that allow overnight parking with the purchase of the monthly permit, but smaller cities have this arrangement.
