CITY OF APPLETON 2025 BUDGET FIRE DEPARTMENT Fire Chief: Jeremy J. Hansen Deputy Fire Chief: Ryan A. Weyers

MISSION STATEMENT

With our partners, the Appleton Fire Department protects the community with exceptional service. Our vision is to pursue excellence and to enhance the quality of life in Appleton and our regional community.

DISCUSSION OF SIGNIFICANT 2024 EVENTS

In January, the department participated in a 2% Fire Dues audit with the Wisconsin Department of Safety and Professional Services to confirm compliance with the state regulations for fire department dues entitlement. In 2023, the department received \$311,579 in fire insurance dues funding through this program for continued partial funding of public education and fire prevention programming.

The department received an Assistance to Firefighters Grant for \$192,000 to provide paramedic training for four Appleton Fire Department personnel. All four have successfully completed Paramedic school at Fox Valley Technical College and the national testing requirements needed to be licensed as a paramedic. The Appleton Fire Department finalized the work on a \$1.9 million regional radio grant through the Assistance to Firefighters Grant (AFG). The grant provided intrinsically safe portable radio components for eighteen fire and EMS agencies in Outagamie County. As the host agency, the department coordinated agency purchases and distribution. The final step of programming the radios is the responsibility of the vendor. The department put the radios into service this summer. The department also received approximately \$24,000 from Firehouse Sub Foundation to purchase eight video laryngoscopes, and \$8,200 from the Hazardous Materials Emergency Preparedness (HMEP) grant to host a 'Battery Emergencies' class focusing on transportation incidents. The department has a pending \$400,000 Assistance to Firefighter's Grant for cardiac monitors as another step toward paramedic engine companies.

Staff members from the Appleton Fire and Police Departments worked tirelessly along with state representatives to push forward legislation defining and formalizing the role of the armed Tactical Emergency Medical Services (TEMS) medic. In late March, Governor Tony Evers signed Senate Bill 829 allowing a Tactical Emergency Medical Services (TEMS) professional to carry a firearm in prohibited areas. This bill adds an exception that mirrors the exception for law enforcement officers for a tactical emergency medical services professional who is certified as such by the Law Enforcement Standards Board and acting in the line of duty.

The Emergency Medical Services Division completed a significant amount of work to ensure the department's records management system is compliant with the current edition of the National Emergency Medical Services Information System (NEMSIS), which is the universal standard for how patient care information is collected. NEMSIS 3.5 was designed to increase the accuracy and efficiency of documentation, enhance health information exchange, and ultimately improve patient care. In addition, this division is developing the framework for paramedic engine companies in 2025.

In the first half of 2024, the department had three retirements and a resignation. The positions included two Lieutenants, a Driver/Engineer, and a Firefighter. The positions were filled through internal promotions resulting in firefighter vacancies. The department participated in a regional hiring process and hired a recruit firefighter in May. He joined the rank of the front-line operations staff after a six-week recruit academy in late June. Another hiring process was conducted to fill the existing five firefighter vacancies. The department plans to hold an additional recruit academy in the fall for these positions. The department's Resource Development Division held an Acting Officer Academy in February which qualified two additional personnel to fill the role of Company Officer as needed due to vacations or other vacancies. In April, a two-week Driver's Academy was held utilizing fire department staff as instructors to qualify an additional six personnel to drive as needed.

During the first part of the year, the department's training focused on refining search and rescue operations, specifically victim rescue tactics, in alignment with the latest guidelines from Underwriters Laboratories Fire Safety Research Institute (UL/FSRI). These tactical adjustments are designed to enhance efficiency and effectiveness in locating and rescuing victims in fire situations. By integrating these evidence-based strategies, we aim to significantly increase the chances of survival for any individuals trapped in fires, ensuring our response is both swift and methodical. This proactive approach underscores the commitment to adopting the most advanced and proven methods to safeguard the community.

This May marked five years since Driver/Engineer Mitch Lundgaard was killed in the line of duty. Multiple remembrance events were held for the Fire Department as park construction continues to move forward. Fundraising efforts continue and construction of the park has begun. During this phase of the project, basketball and pickleball courts with lights and a sport court plaza with shade and seating were installed. In addition, a multi-use sport field and two playgrounds for various aged children has been constructed along with interior pathways connecting these amenities. In the next phase, the pavilion will be constructed, and additional paved trails will be installed. Representatives from the Appleton Fire Department, the Lundgaard family, and City staff are involved with this project.

A new fee schedule took effect on January 1, 2024. Due to this, the Fire Prevention Division saw an increased awareness of false alarms by local businesses. Although it hasn't yet, this awareness should translate to reduced false alarm responses. Another part of the fee structure change was an increase in fire protection plan review and permit fees. This increase has helped cover the cost to the City for performing this service.

MAJOR 2025 OBJECTIVES

With our partners, the Appleton Fire Department protects the community with exceptional service. We pursue excellence and enhance the quality of life in Appleton and our regional community.

The department is responsible for saving lives and protecting property with exceptional service. The role of the Fire Department is evolving to improve awareness of all facets of life safety.

In 2025, the department will strive to meet the following goals:

Improve an awareness of changing community needs and diverse community populations and their effect on our levels of service and programs.

Maintain identified levels of service in a cost-effective manner by providing quality programs to our community.

Provide a quality work environment which both encourages and enhances employee participation and growth, as well as supporting efficient work processes and sustainability.

Continue to enhance the department's capability to respond to routine and non-routine emergencies. This includes working with law enforcement to address rescue task force response capabilities for active violence incidents involving an active shooter and mass casualties.

Implement the departmental strategic plan and support the strategic initiatives identified in the City's strategic plan.

Maintain and enhance existing regional relationships.

Utilize existing staff to deliver public education programs and continue to enhance our fire prevention efforts.

Develop short- and long-range plans and regional partnerships to ensure timely, effective and efficient prehospital medical care to the community.

PROGRAM MISSION

For the benefit of the Appleton community and Fire Department employees, so that they are protected from the effects of fire and other hazards, we will set community-wide fire protection goals and establish necessary direction, policies, and procedures to meet them.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #1: "Responsibly deliver excellent services", #2: "Encourage active community participation and involvement", #3: "Recognize and grow everyone's talents", #4: "Continually assess trends affecting the community and proactively respond", and #7: "Communicate our success through stories and testimonials".

Objectives:

Identify current service levels and evaluate their effectiveness and customer value.

Address service needs created by continued City growth.

Plan and prepare operational and capital budgets.

Maintain staffing levels as detailed in the table of organization and approved by the Common Council.

Continue the development of joint service opportunities and regional relationships with neighboring fire departments.

Enhance internal and external communications and working relationships.

Continue to implement the records management system (RMS) for improved reporting capabilities.

Major changes in Revenue, Expenditures, or Programs:

PROGRAM MISSION

To meet the needs of our community and enhance the quality of life of our citizens and visitors by providing a safe, healthy, and accepting environment through emergency and non-emergency response.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #2: "Encourage active community participation and involvement", #3: "Recognize and grow everyone's talents", and #4: "Continually assess trends affecting the community and proactively respond".

Objectives:

Identify and develop pre-fire plans for new structures, update pre-fire plans for existing structures, and develop emergency response plans for special events which present potential risks within the community.

Proactively pursue, with our regional partners, the enhancement of our current mutual aid agreements and automatic aid agreements, evaluation of shared resources, updating of emergency management planning, and cooperative training exercises to help reduce the threats to our regional security and economy.

Identify and develop employee safety programs, practices, and training for reducing the impact of lost time from work-related injuries.

Major changes in Revenue, Expenditures, or Programs:

The increase in CEA maintenance and replacement costs have increased to accomodate our newest fire apparatus.

Special Operations Business Unit 18022

PROGRAM MISSION

For the benefit of the Appleton community, contracted jurisdictions, and our environment, we will protect life and property by promoting educational and preventive measures and respond to situations that require specialty skilled services.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #2: "Encourage active community participation and involvement" and #4: "Continually assess trends affecting the community and proactively respond".

Objectives:

Provide for local hazardous materials response in jurisdictions as defined by contract.

Seek grant opportunities for equipment and training available through local and State organizations.

Maintain necessary equipment and skill levels for local incidents.

Continue the partnership with Winnebago County (Oshkosh Fire Department) and Brown County (Green Bay Metro Department).

Provide specialized emergency response to include: local hazardous materials response, confined space rescue, water rescue, structural collapse response, and trench rescue.

Major changes in Revenue, Expenditures, or Programs:

Resource Development

Business Unit 18023

PROGRAM MISSION

To enhance the safety and performance of employees and assure the effectiveness of response to the community, we will provide a variety of appropriate training programs.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #3: "Recognize and grow everyone's talents" and #4: "Continually assess trends affecting the community and proactively respond".

Objectives:

Maintain compliance with Federal and state mandatory class requirements.

Investigate and encourage attendance at specialized training to expand personal growth and development.

Facilitate and coordinate the Safety Committee meetings for the department to promote health and safety among employees.

Seek opportunities to provide leadership training, including command level training, through internal and/or external sources.

Continue to define our role as fire and EMS providers at active shooter incidents.

Emergency Medical Services

Business Unit 18024

PROGRAM MISSION

The mission of Appleton Fire Department's Emergency Medical Services Division is to enhance the quality of life in our community by providing a premier level of pre-hospital services which ultimately improve the outcomes for those that need our service.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #2: "Encourage active community participation and involvement", #3: "Recognize and grow everyone's talents", and #4: "Continually assess trends affecting the community and proactively respond".

Objectives:

Provide timely, state-of-the-art pre-hospital care to all people within our service area.

Provide quality, consistent pre-hospital medical training to all employees of the Fire Department.

Maintain compliance with department, local, and State codes, laws, guidelines, and regulations.

Ensure continuous program development and quality improvement.

Work with our Medical Director to monitor the percentage of cardiac patients who were discovered in ventricular fibrillation that survived and were discharged from the hospital.

Participate with other fire departments, Gold Cross Ambulance, and other agencies during medical training or exercises.

Major changes in Revenue, Expenditures, or Programs:

Fire Prevention/Public Education

Business Unit 18032

PROGRAM MISSION

For the preservation of lives and property in our community, we will provide fire inspection, education, code development, and fire and life safety plan review.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategies #2: "Encourage active community participation and involvement" and #4: "Continually assess trends affecting the community and proactively respond".

Objectives:

Perform all State-mandated fire and life safety inspections in all buildings, and all plan reviews of State and locally required fire protection systems.

Review all license applications for compliance with the provisions of the Fire Prevention Code.

Continue proactive involvement with all City departments, as well as surrounding community departments to create a more consistent and cohesive code enforcement process throughout our community.

Continue pre-incident planning using a computer-aided drafting program.

Develop, implement, coordinate, and evaluate risk reduction programs designed to meet the needs of our community's diverse populations.

Provide public information at emergency incidents and throughout the year.

Define a media relationship strategy as a method/vehicle to communicate prevention messages.

Enhance fire and life safety awareness in the City of Appleton.

Major changes in Revenue, Expenditures, or Programs:

The increase in revenue is related to fee increases approved by the Common Council.

Fire Prevention/Public Education
