Celebration of World Refugee Day at The Refuge

World Relief, the city of Appleton, and African heritage Inc. invite you to an outdoor gathering and concert to celebrate the diversity of our community and to welcome our neighbors who have recently made the Fox Cities home.

The gathering will be hosted by Cory Chisel and Adriel Danae with live music, art and performances by Refugee Artists in Residence, including Christopher Gold and the New Old Things, and for the first time on stage in the USA, friends with refugee backgrounds!

Free admission, family friendly, food trucks or bring a picnic and your own seating.
