Purpose

The Succession of Delegation of Authority Policy has been created to clarify the authority of Department of Health staff as part of the Department’s overall Continuity of Operations Plan.

Policy

The Key positions, successors and delegation of authority is as outlined below:

Health Officer/Department Director

- Successor: Deputy Director
- Delegated Authorities: Through this policy, the Deputy Director has the authority to make decisions, typically made by the Health Officer, regarding staffing, communications, services and expenditures necessary to continue the essential functions of the Health Department.
- Activation/Termination of Delegated Authorities: These duties are activated and terminated based upon the availability of the Health Officer.

Deputy Director

- Successor: Environmental Health Supervisor
- Delegated Authorities: Through this policy, the Environmental Health Supervisor has the authority to make decisions, typically made by the Deputy Director, regarding staff, communication, services and expenditures necessary to continue the essential functions of the Health Department.
- Activation/Termination of Delegated Authorities: These duties are activated and terminated based upon the availability of the Deputy Director.

Definitions

Continuity of Operations Plan: A plan that ensures an agency can continue to perform its essential functions during an emergency.
