ORIGINAL

Kurt - Weed inspector - There is no noxious weed or
health concern in my yard. 08/26/13
I did not violate this ordinance.

The suggestion that I did was not delivered to
me by anyone with proper identification of being
with the city of Appleton. With no information
on the ordinance at all with him.

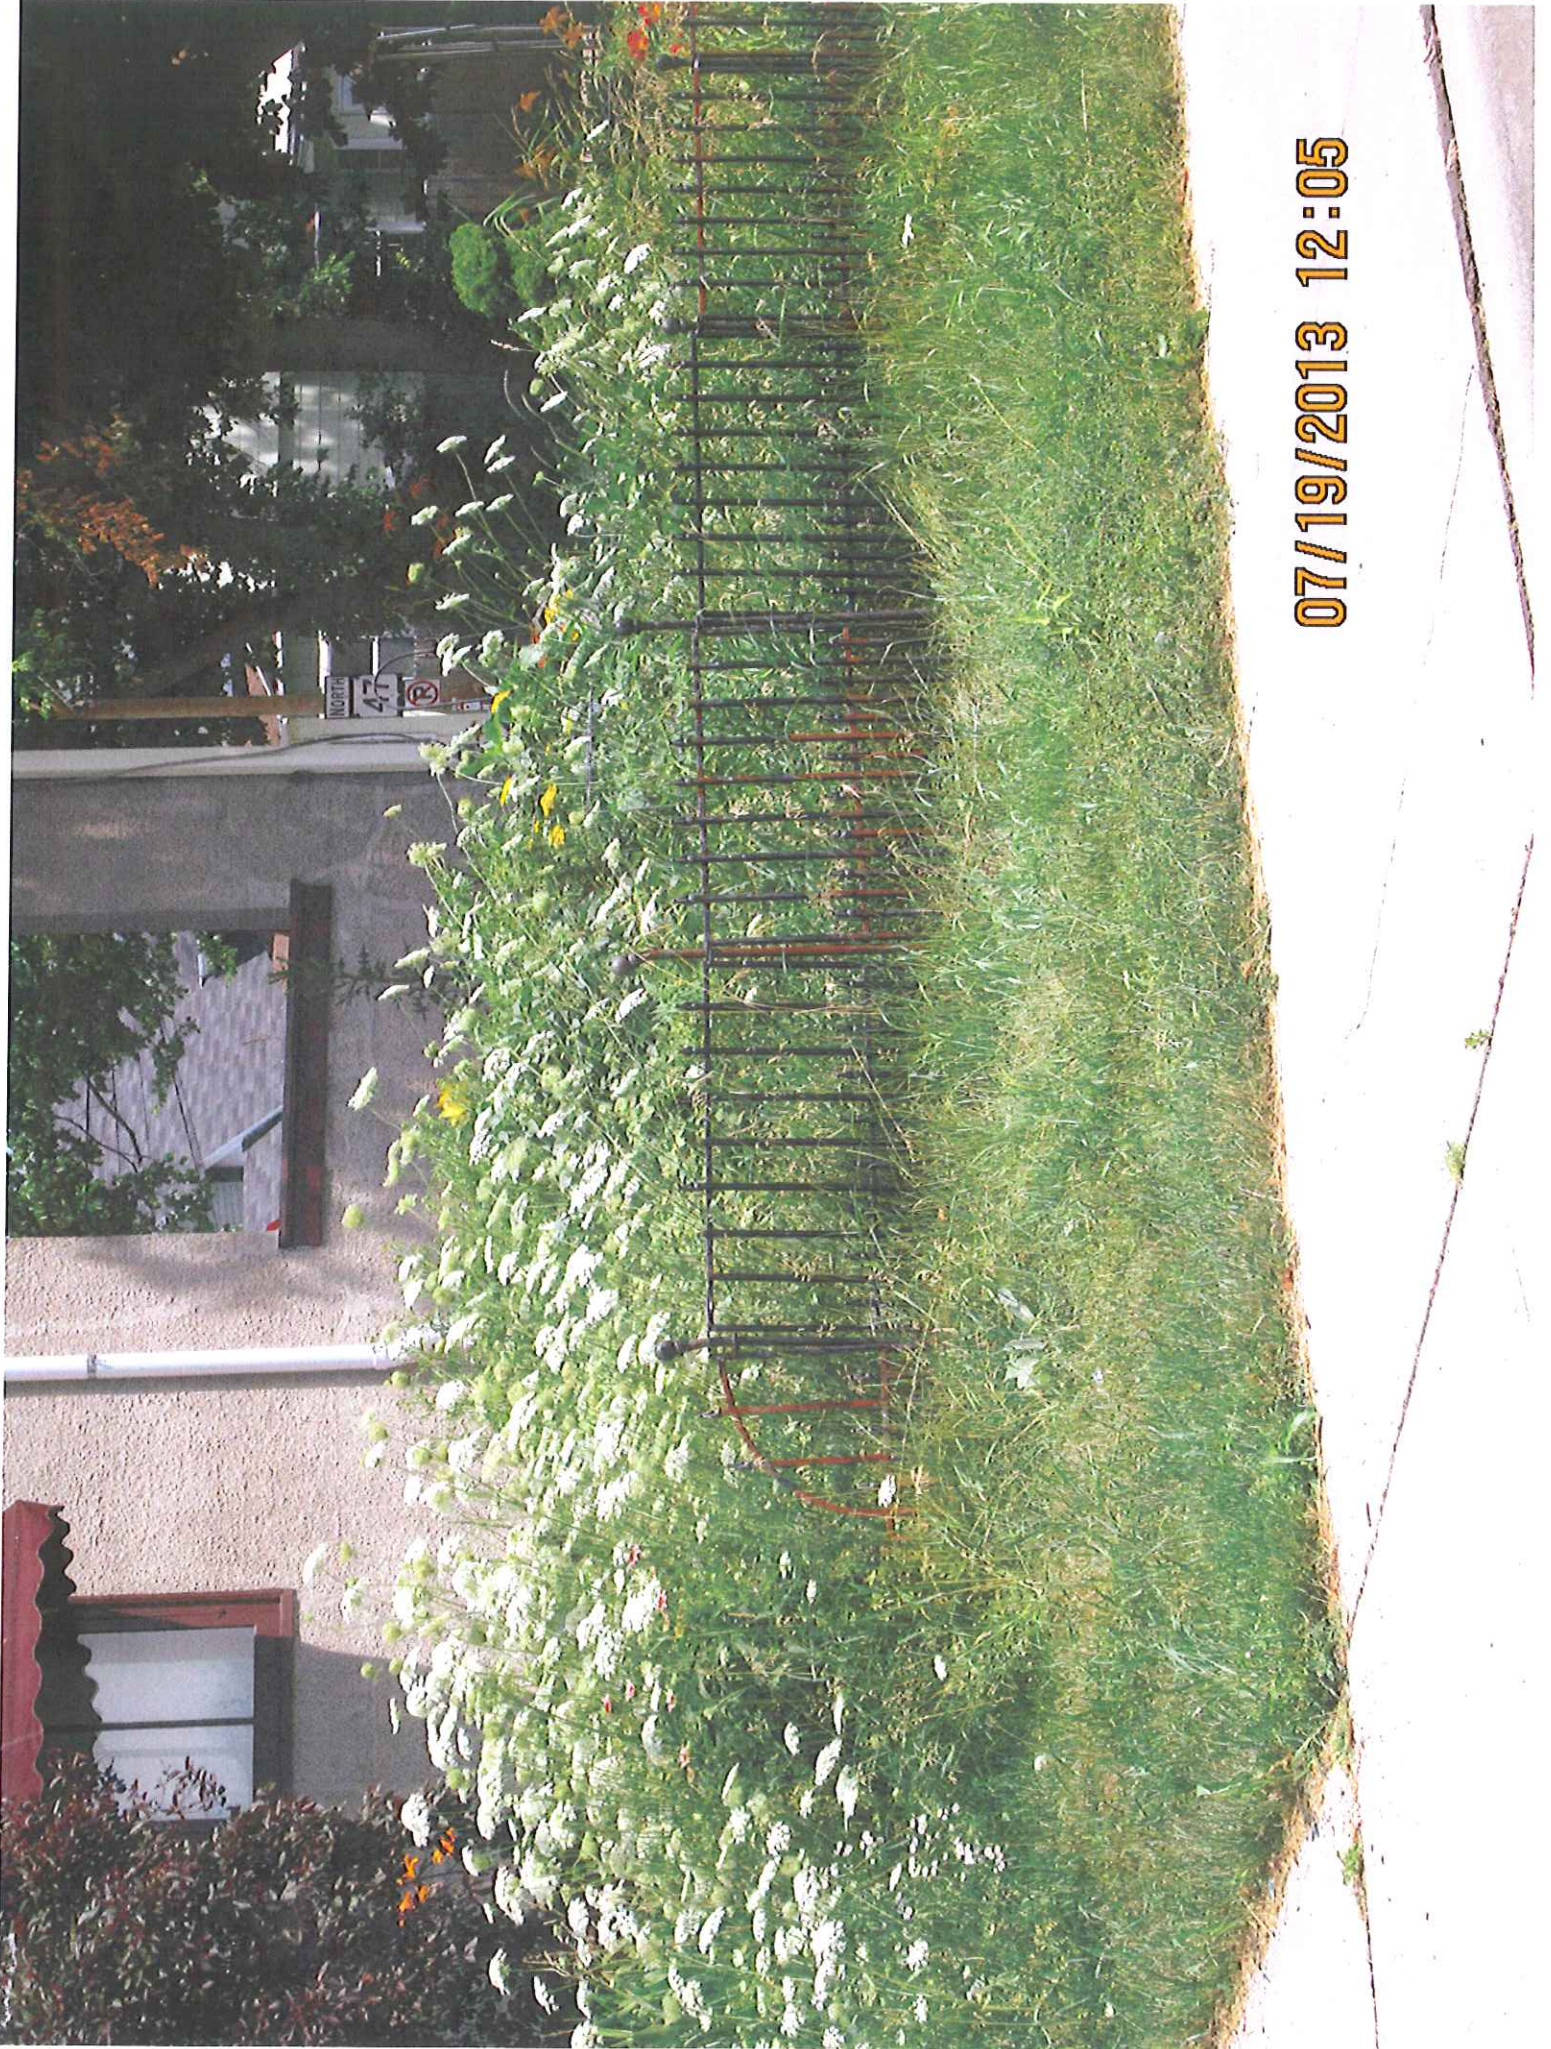

I have discussed this with Sgt Waldhinger
the community liaison officer. He saw no violation
told me to wait and discuss the matter with
him. I did. ~~With~~ I was never in violation
of this ordinance nor informed properly on it's
standards. My yard is a naturalized
landscape in accordance with the ordinance.

I discussed this with Kurt a lead inspector.
You have made an error. Correct how you deliver
these violations. You are taking up the time and
money of honest citizens inappropriately.
Sincerely Janine Cardin
