Subject: Christensen Heating permission to be in the right of way

Hi Kurt,

I am requesting permission on behalf of Christensen Heating and Air Conditioning to have their sign occupy space in the right-of-way on Wisconsin Avenue. The location of the building in relation to the street and the location of the driveways creates a hardship for relocating the sign. The new sign will have the same width as the current sign, and we would not be moving the pole, so we will not be taking any space in the right of way that isn't already being used.

I will still need to determine the right-of way at 1609 W Wisconsin Avenue, and I appreciate your assistance in finding that out and getting this request on the schedule.

Thanks,

Brian
