Re: Parking-related ordinance changes for the Ashbury Drive intersection bumpouts

The Ashbury Drive concrete paving project (French Road to Cherryvale Drive) was completed in 2013. As a part of this project, bumpouts were constructed at Ashbury's intersections with Applecart Drive and Sourapple Drive. It was recently determined that the associated parking restrictions (adjacent to the bumpouts) were not adequately addressed as a part of the roadway design approval. As such, this memo addresses the parking restrictions that are necessary to implement the Council-approved roadway plans.

To accomplish this, the following ordinance action is required:

1. **Create:** "Parking be prohibited on Ashbury Drive from a point 45 feet west of Applecart Drive to a point 76 feet east of Applecart Drive."
2. **Create:** "Parking be prohibited on the north side of Ashbury Drive from a point 85 feet west of Sourapple Drive to a point 88 feet east of Sourapple Drive."
3. **Create:** "Parking be prohibited on the south side of Ashbury Drive from a point 112 feet west of Sourapple Drive to a point 77 feet east of Sourapple Drive."
