POLICY SOURCE: Human Resources Department	AUDIENCE: Applies to all employees and volunteers	TOTAL PAGES: 7	
Reviewed by Legal Services Date: September 2000 June 2002 September 2003 February 16, 2006 October 14, 2010 June 23, 2013 February 2014 April 14, 2020	Committee Approval Date: October 2000 September 2003 February 22, 2006 December 8, 2010 July 15, 2013 February 10, 2014 June 10, 2020	Council Approval Date: November 2000 October 2003 March 1, 2006 December 15, 2010 July 24, 2013 February 19, 2014 June 2020 (informationally)	

#### I. PURPOSE

The purpose of this policy is to provide guidelines regarding expectations for the conduct of employees and volunteers while working for or representing the City of Appleton.

#### II. POLICY

It is the policy of the City of Appleton that all City employees and volunteers act in an ethical manner when working with other employees, volunteers, elected officials or outside publics. Each employee, elected official and volunteer has a responsibility to the City of Appleton and its citizens to place loyalty to the laws and ethical principles above private gain or personal preference. To ensure that every citizen can have complete confidence in the integrity of the government of the City of Appleton, each employee, elected official and volunteer shall respect and adhere to the principles of the code of conduct set forth in this policy.

Any violations of these expectations will not be tolerated and will be subject to discipline, up to and including termination. While specific examples are offered to illustrate various situations, these examples are not all-inclusive.

#### A. Ethical Standards and Expectations

#### 1. Harassment and Discrimination

a. Harassment: Per its Harassment and Discrimination Policy, the City of Appleton will not tolerate any form of sexual harassment. All violations of this policy should be immediately reported to the Human Resources Department, the Legal Services

Department, any supervisor, or any state or federal agency (as outlined in the policy).

b. Discrimination: It is the official policy of the City of Appleton to provide equal employment opportunities for all qualified and qualifiable persons without regard to race, color, creed, religion, national origin, ancestry, age, sex/gender, handicap or disability, arrest/conviction record, marital status, sexual orientation, gender identity and gender expression, political affiliation, results of genetic testing, honesty testing, pregnancy or childbirth, military service, disabled veteran or covered veteran status service in the U.S. Armed Forces, the State Defense force, National Guard of any state, or any other reserve component of the United States or State military forces, use or nonuse of lawful products off the employer's premises during non-working hours, or any other non-merit factors, except where such factors constitute a bona fide occupational qualification or substantially relate to the circumstances of a particular job or licensed activity, and with proper regard for privacy and constitutional rights as citizens. This equal employment opportunity is applicable to all phases of employment including job restructuring, reasonable accommodation for disabled individuals, recruitment, selection, promotion, transfer, compensation, lay-off, re-call, training and development, corrective action, demotion, termination and all other components of the City of Appleton Human Resources system.

#### 2. Drug and Alcohol Use

The manufacture, possession, distribution, dispensation, sale or use of alcohol, drugs and/or other controlled substances by employees or volunteers on City premises is prohibited. No employee may show up for work while under the influence of alcohol, illegal drugs or other controlled substances. If an employee is taking prescription drugs that could interfere with the employee's work performance, the employee should notify the employee's supervisor in writing by using the form in the Drug and Alcohol policy. For additional information refer to the City of Appleton Drug Free Workplace Policy.

#### 3. Use of City property

The City of Appleton expects that employees and volunteers will not:

- a. Obtain, use or divert City of Appleton property, including records, for personal use and/or benefit.
- b. Materially alter or destroy City of Appleton property or records without proper authorization.
- c. Borrow or use City of Appleton property, unless for City work-related use. Any removal of City of Appleton property for personal non-work related use is not permissible, with or without prior supervisory approval. Borrowing and use of electronic communications is outlined in the Privacy and Electronic Communications Policies.

If an employee volunteers on their own time to make a presentation, conduct a demonstration, or conduct public education involving their department's purpose and responsibilities, the employee may borrow City of Appleton equipment with the prior approval of their supervisor.

#### d. Disposal of Property from Public

Property obtained from the public (for example: disposal at the Municipal Services

Building) shall be considered City property. Once City property, the guidelines from c above will apply.

#### 4. Workplace Safety

All employees and volunteers are expected to follow and adhere to safety policies (as outlined in the City Safety Policies) to ensure a safe work environment for all employees.

#### 5. Firearms-weapons

City of Appleton employees are prohibited from bringing firearms or weapons into any City-owned or occupied building or facility, or carrying firearms or weapons in/on any City-owned vehicle or City equipment during the course of their job duties unless a weapon is part of the standard equipment required for the job. If a City employee chooses to bring a firearm in their personal vehicle on to City grounds, the firearm must be unloaded and stored out of sight in the vehicle.

Notes: Employees may carry pepper spray or other similar legal products for purposes of personal protection. With the Department Director's authorization, members of the Appleton Fire Department, Appleton Police Department and Parks, Recreation and Facilities Management Department Operations staff may carry a non-household purpose knife with a blade up to 4" long to assist in performing their job responsibilities.

#### 6. Attendance/Appropriate Use of Paid Leave

Attendance is an essential requirement of every job to ensure we can provide the best service to our customers every day. In order to provide these services, employees are expected to use paid leave appropriately and communicate effectively when not expected to be available for work.

Sick leave is defined as paid time away from work that is used to care for yourself, domestic partner or immediate family member living in an employee's residence due to an illness or injury. It can also be used to attend doctors' appointments as defined in City policy, collective bargaining agreement or Family Medical Leave Act (FMLA) requirements.

If an employee is sick or desires to use leave for an absence, they should use their department's call-in procedure and call in each time they are absent. Employees should also be conscientious of patterns of leave (e.g., sick leave taken each Thursday).

Employees are also expected to report to work regularly, physically and mentally fit to perform their job. Employees are expected to take only authorized absences (e.g., pre-approval from supervisor). If an employee does not show or call for one day (job abandonment) or chooses to take an unauthorized absence, they will only be able to substitute paid leave for this time if extenuating circumstances exist (e.g., car accident or unexpected hospitalization). An employee will be considered to have abandoned their job if they are a no-call, no-show for more than one working day or as outlined in the employee's collective bargaining agreement.

#### 7. Accurate books and records

All City employees and volunteers must:

- a. Not intentionally include any false or misleading entries in any City books or records.
- b. Not intentionally destroy City records or information without prior consent from their supervisor.
- c. Not create or participate in the creation of any records which are intended to conceal anything improper.
- d. Volunteer knowledge of any untruthful or inaccurate statements or records whether intentionally or unintentionally made.
- e. Bring to the attention of a supervisor, transactions that do not seem to serve a legitimate purpose or that appear questionable.
- f. Immediately correct and record all errors and adjustments when discovered
- g. Honestly and fairly record information about job responsibilities, including attendance, time records and expense reports.
- h. Not make financial arrangements for themselves or other City employees with a customer or supplier (for example: over-invoicing).
- i. Not falsify records.
- j. Not disclose confidential records or information protected by State and Federal law.

#### 8. Expense Reimbursement

The City of Appleton reimburses its employees for expenses incurred when conducting City business with supervisory approval. City employees should use caution when incurring business expenses and be fiscally responsible when choosing accommodations (for example: expensive hotel accommodations or accommodations for family members not related to City business). Supervisors have the responsibility to judge the reasonableness of expenses incurred by employees.

#### 9. City of Appleton Logo

The City of Appleton logo should be used per standards set by the Mayor's office (for example: color). The logo or the City's identity should not be used for personal gain (for example: because of your association with the City, you receive a discount on a personal purchase). When wearing a City-logoed uniform or approved business apparel, the employee represents the image of the City whether or not the employee is on work time and should not engage in unbecoming behavior.

#### 10. Gifts

No staff member should solicit gifts, awards, rewards or favors. However, the City recognizes that periodically, unsolicited gifts or favors are often offered to City employees and volunteers as a token of appreciation.

Per section 19.59 Wisconsin Statue and Chapter ER-MRS 24 Wisconsin Administrative Code, the following guidelines shall be adhered to regarding accepting gifts, "No employee may solicit or accept from any person or organization, directly or indirectly, money or anything of value if it could reasonably be expected to influence such employee's official actions or judgement, or could reasonably be considered as a

reward for any official action or inaction on the part of such employee."

Should such an influential gift or favor be offered, provided or delivered to someone who has direct authority over business decisions with the vendor/gift source, a legal determination shall be made on whether or not such item or reward may be accepted or utilized. Employees should refer each case to the Legal Services Department for determination.

The City realizes, particularly during the holiday season, departments or individuals may receive gifts as tokens of appreciation from outside sources. If the recipient has direct authority over business decisions with the giving party/vendor and the gift is substantial or significant the recipient should consult with the Legal Services Department on what action to take regarding the gift.

#### 11. Employee Participation in Political Affairs

The City of Appleton respects the right of all employees and volunteers as individuals to become involved in civic affairs and participate in the political process.

While employees may volunteer their services for political purposes, such services must be rendered on their own time and at their own expense. Should an employee choose to speak on political issues, the employee must make it clear that the comments or statements made are the employee's own, and not of the City of Appleton. Solicitation of political support must not be done during City hours of operation (for example: collecting signatures for nomination during hours of operation on City premises).

#### 12. Improper Advantage

City of Appleton employees should avoid taking advantage of their official position for private or personal benefit. Public duties shall be carried out objectively and without consideration of personal or financial gain. Information not in the public domain, that is obtained in the course of official duties, should not be turned to private advantage, even after leaving public office. By the same token, public property or services must not be used for personal gain.

#### 13. Personal Business

Conducting personal business for profit (for example: selling Mary Kay) during City operating hours is not permissible. Any solicitation for non-City purposes (for example: selling candy bars for your son's school class) must have prior approval from the employee's supervisor.

#### 14. Gambling

Gambling for personal or monetary gain is not permitted on City premises.

#### 15. Nepotism

A supervisor shall not appoint a person who is a relative or significant other of themselves to a position that is funded by the supervisor's budget or to a position that operates under the supervisor's direct or indirect supervision (unless in non-routine, emergency situations or conditions). For purposes of this policy, the term "relative" shall include the supervisor's spouse, registered or unregistered domestic partner, or

any one of the following: parent, child, uncle, aunt, brother, sister, niece, nephew, or any of the same relatives of the supervisor's spouse. The term "significant other" shall include a person with whom the supervisor cohabits or with whom the supervisor maintains an intimate relationship.

If, during employment, a supervisor and subordinate become spouses, registered or unregistered domestic partners, or develop a "significant other relationship," one of the parties must either transfer to a position in another department/division or terminate employment within six months of the marriage or the beginning of the "significant other" or domestic partner relationship.

If the supervisor becomes a relative of a subordinate as the result of a marriage or domestic partnership within the supervisor's family, the relationship must be reported to the supervisor's supervisor and the Director of Human Resources within 30 days of marriage. The individual's supervisor and the Director of Human Resources may meet with the supervisor and subordinate to determine an appropriate employment continuation agreement.

When an applicant is a relative of a staff person involved in the selection process, the relationship must be revealed by the staff person to the Human Resources Director in advance of the final selection process. The staff person is not allowed to participate in the final selection decision.

This section of the policy does not exist for the purpose of depriving any citizen of an equal opportunity for City employment. It serves to eliminate the possibility of preferential treatment given in favor of relatives or significant others in employment decisions.

#### 16. Improper Acts of Conduct

- a. Any act that is subject to prosecution under criminal or civil codes of law is prohibited.
- b. Dishonesty, theft or destruction of City equipment or property.
- c. Work stoppage such as strike or slowdown.
- d. Violation of policy or department work rules.
- e. Incarceration or unavailability for work.
- f. Unbecoming conduct on or off-duty where such conduct results in one of the following:
  - □ Injury or damage to the employer's reputation or business;
  - ☐ The employee's substantial inability to report to work;
  - ☐ The employee's unsuitability for continued employment;
  - □ Co-workers refusal to work with the off-duty offender or danger to other employees.
- g. Insubordination (an act of deliberately disobeying a directive, unless the directive is illegal or violates City safety policy)

#### 17. Bidding on City property on eBay or any other City run auction site

When the City sells surplus items on eBay, City employees, elected officials or volunteers shall not directly bid on the items. This activity—called shill bidding—is

prohibited in the eBay User Agreement and can result in loss of the City's use of eBay as a selling tool. City employees, elected officials and volunteers may use eBay purchase options—such as Buy It Now—that do not involve bidding.

#### 17. Bidding on City Property

When the City sells surplus items (e.g. through GovDeals), City employees, elected officials or volunteers shall:

- a. Not bid when have knowledge about the item that is not available to the general public.
- b. Not bid when they have been involved in the decision to sell the item as surplus, or they are directly involved in the selling process.
- c. Follow all provisions of the Procurement and Contract Management policy.

#### B. Responsibilities

#### 1. Supervisory Responsibilities

Supervisors shall be responsible for ensuring an ethical, positive, productive and safe workplace. This responsibility includes the following:

- a. Monitoring the work environment for signs of inappropriate behavior;
- b. Informing employees on the types of behavior prohibited and informing employees about the City's expectations and procedures for reporting inappropriate behavior;
- c. Stopping any observed behavior that may be considered unethical or inappropriate and taking appropriate steps to intervene and report the behavior to the department director, Human Resources Department, Legal Services Department or Mayor's office, whether or not the involved employees are within the supervisor's line of supervision; and
- d. Assisting any employee of the City who comes to that supervisor with a concern of inappropriate behavior in documenting and filing a complaint with the Human Resources Department, Legal Services Department, Mayor's Office or other reporting authority as designated by the City.
- e. Taking immediate action to prevent retaliation toward the complaining party and to eliminate any similar conduct where there has been a complaint of inappropriate behavior, pending investigation. If a situation requires separation of the parties, care shall be taken to avoid actions that appear to negatively impact the complainant. Transfer or reassignment of any of the parties involved shall be voluntary if possible and, if non-voluntary, shall be temporary pending the outcome of the investigation.
- f. Failing to carry out these responsibilities will be considered in any performance evaluation or promotional decisions and may be grounds for discipline, up to and including discharge.

#### 2. Employee and Volunteer Responsibilities

- a. Each employee and volunteer, including supervisors, of the City is responsible for assisting in the prevention of inappropriate behavior by taking the following steps:
  - 1. Refraining from participation in, or encouragement of, actions that could be perceived as inappropriate; and
  - 2. Reporting to a supervisor any inappropriate or unsafe behavior;
  - 3. Employees are expected to cooperate fully in any investigation, whether or not they are directly involved in the alleged inappropriate behavior.

Any employee or volunteer who fails to comply with this policy or who withholds information during the course of an investigation regarding possible violations of this policy is subject to discipline up to and including discharge. Depending on the nature of the non-compliance, the City of Appleton may report the non-compliance to the appropriate authorities.

For questions regarding this policy, please contact the Human Resources Department or Legal Services Department.

**RE:** June Library Building Project Update

City staff continue to work with architects Skidmore, Owings and Merrill (SOM) on the library project. The past month has seen many important milestones and progress on both the move to the temporary library as well as the design for the new library. The following progress has been made in the past month:

#### **Property update**

Auctioning of library items has completed. APL kicked off the library surplus auction in March 2022 utilizing GovDeals.com and ended the last week in May 2022. There were over 121 auction lots offered on the auction, which features a 5-7 day reviewing period for items on the online auction site and a 10-day period to pick up items. The buyers were a diverse group, with most buyers being local or from within the state of Wisconsin. We had a few individuals from as far away as Arkansas and Texas. The auction process was also a fantastic opportunity to connect with the community about the current remodeling plans of the library, the services that the library offers and location of the temporary library.

Boldt will be working with Habitat for Humanity to salvage remaining items including fixtures, hardware, and casework.

#### **Temporary Library**

The temporary library opened May 23. That first week we were very busy with over 16,000 items returned and over 9,300 items checked out. Our door count was over 2,500 and we captured over 4,300 holds for eager returning patrons. We also saw 115 new patrons register and nearly 300 update their library cards.

We celebrated our Grand Opening on a rainy June 6 with rock painting and seed planting that were popular despite the weather. That single day had over 3500 books checked out, a door count of over 1100 and 50 new patrons.

We continue to have new patrons find us in our new neighborhood. We are so pleased to be able to offer services to patrons, both new and old.

#### **Design Update**

Staff continue to work on more detailed design. A senior designer/architect in interiors from SOM spent two days in Appleton at the end of May working through the details of every collection to understand how patrons and staff access and use these materials to make decisions about locations and identify the best types of shelving. Extensive work is being done by architects, staff, and cost estimators to ensure that we have the best information we can as we prepare to go to bid as we are nearing the end stages of design work.

#### **Timeline**

The current timeline is as follows. Please remember that the schedule will be impacted by many factors including lead time for products, supply chain, weather, etc.

8/1/2022 - Anticipated Bid Date

8/19/2022 - Anticipated Bids Due

9/12/2022 – Finance Committee (request approval of construction contract)

9/21/2022 – Common Council (request approval of construction contract)

9/28/2022 – Construction Start

11/10/2023 – Anticipated Substantial Completion

#### Communication

A display of building project renderings has been installed in the temporary library. It's located in a high-traffic area near the self-checks.

We continue to promote our building project webpage – apl.org/building - as a place for community members to find information related to the project. The webpage includes news, renderings, project FAQs, project spotlights (such as parking, plans and permits, etc.), and an area to provide feedback/questions.

#### **Additional Site Assessment Updates**

The soil management plan was approved by the DNR. This plan addresses any contaminated soils to ensure proper handling and disposal.

#### **Capital Campaign**

Friends continues to move the quiet phase of the capital campaign forward. The Capital Campaign Committee has met twice and is now ready to contact potential donors to make the case for philanthropic support of the project. The campaign logo, theme and case statement have been finalized with A2Z Design. We anticipate the first round of donor meetings to begin in mid-July. The public phase will begin when the campaign has reached 80% of its goal, standard practice for a capital campaign of this kind.

**RE:** July Library Building Project Update

City staff continue to work with architects Skidmore, Owings and Merrill (SOM) on the library project. The following progress has been made in the past month:

#### Property update

We identified additional items that will be auctioned via govdeals.com. Boldt will be working with Habitat for Humanity to salvage remaining items including fixtures, hardware and casework. The Dancing Curves Sculpture located outside the front door will be stored and returned to the new library in a location to be determined.

#### **Temporary Library**

We continue to have community members find us in our new neighborhood. We are receiving a lot of positive feedback about the temporary location.

We have had several inquiries about keeping a satellite location at Kensington Drive. Previous studies have not recommended branches due to the increased operational costs. For a community the size of Appleton, a centrally located library is still the best option for serving the community's needs.

#### **Design Update**

Staff are working with SOM designers to finalize furnishing decisions as we prepare the bid documents. The design team has been on-site several times with samples of textiles, materials and furnishings. Materials are being selected that have the appropriate durability and cleanability for their locations.

The color approach reflects the Wisconsin landscape throughout the seasons. Colors will be strategically mapped out to reinforce wayfinding. As illustrated in the image below, a variety of color gradients and textures are being used. This approach will be advantageous in the long-term because when we need to

replace individual items, it will be easy to find items that fit within the color palette. The image is an example of inspiration we were provided to select from, not necessarily what will appear in the final project:

We are wrapping up the value engineering phase of the project and will have complete design documents to go to out for bids in August. City Council will receive a project update Wednesday, August 3.

The webpage includes news, renderings, project FAQs, project spotlights (such as parking, plans and permits, etc.), and an area to provide feedback/questions.

#### **Capital Campaign**

Friends continues to work with the Capital Campaign Committee to cultivate private philanthropic support for the library building project. The committee has been meeting and members will begin meeting donors

this month. Donor cultivation will continue through the end of 2022. The quiet phase of the capital campaign will be complete when approximately 80% of the campaign goal of \$12 million is achieved. The public phase of the capital campaign will likely launch in February or March 2023.

A2Z Design completed the case statement, naming opportunities menu, pledge form and other marketing materials. Capital Campaign Committee members will share these materials with donors during these meetings. Next steps include building out a website, developing materials for a direct mailing and strategizing social media exposure, all to be implemented during the public phase of the campaign.

## SPOTLIGHT ON SAFEGUARDS FOR KEEPING THE LIBRARY PROJECT WITHIN BUDGET UPDATE JULY 2022

Below is an update on the project approach that is being utilized to keep the library project within budget.

While every project will have circumstances that cannot be anticipated, this is a unique time based on the realities of the current economic situation. Issues outside of our control such as supply chain, labor shortages and inflation require us to be even more diligent than ever before. Since the beginning of this project, we have been proactive in planning a strategic multifaceted approach to minimizing risk and controlling project costs.

Our project approach remains proactive. We are taking steps to anticipate cost fluctuations by performing consistent estimates, speaking with local contractors, analyzing recent projects and by monitoring lead times. As a result of these market challenges, we thoughtfully delayed bidding to continue with value engineering (VE) analysis with our architects (SOM) and our construction manager (Boldt).

VE is a systematic process used to analyze value by looking at maximizing function while minimizing cost. We viewed VE decisions through the lens of prioritizing library operations and in many cases these changes will be completely invisible to the staff and library users. Examples include utilizing one material over another because it is less costly and/or more readily available and does not affect quality and/or ensuring we utilize materials that many vendors are able to bid resulting in more competitive bidding. In one case, we did have to reduce the project scope and have unfortunately eliminated the occupied roof terrace. However, staff and architects are hopeful that in future years we will be able to add that feature to the facility.

Another aspect of our approach that should help in managing the project costs is that we are bidding out each sub-component rather than issue one bid package. Most often municipalities issue bidding documents and request a single bid from a general contractor. If overbid, the municipality is faced with either accepting or denying the bid. Denying the bid and returning to design can be costly as well as take much time. We will request separate bids for each discipline, therefore if a bid comes back high in one area or another, we can move forward with the project, while we analyze why this area is higher than anticipated and adjust accordingly.

SOM and Boldt have been working with the City as a team throughout the design process and were have been able to identify alternative approaches, materials, and equipment, digging deep into the project and identify changes that could be made with without affecting function and project goals. The project team including SOM, Boldt and staff will provide an update to the Council on August 3 that will go into this in more detail.

Please refer to the May spotlight on this topic for more information about our approach to managing project costs.

# Library Bill & RiGHTS

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- II. Libraries should provide materials and information *presenting all points of view* on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should **challenge censorship** in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.
- VII. All people, regardless of origin, age, background, or views, possess a *right to privacy and confidentiality in their library use*. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.

# Freedom to Read STATEMENT

The freedom to read is essential to our democracy. It is continuously under attack. Private groups and public authorities in various parts of the country are

working to remove or limit access to reading materials, to censor content in schools. to label "controversial" views. to distribute lists of "objectionable" books or authors, and to purge libraries. These actions apparently rise from a view that our national tradition of free expression is no longer valid; that censorship and suppression are needed to counter threats to safety or national security, as well as to avoid the subversion of politics and the corruption of morals. We, as individuals

devoted to reading and as librarians and publishers responsible for disseminating ideas, wish to assert the public interest in the preservation of the freedom to read

Most attempts at suppression rest on a denial of the fundamental premise of democracy: that the ordinary individual, by exercising critical judgment, will select the good and reject the bad. We trust Americans to recognize propaganda and misinformation, and to make their own decisions about what they read and believe. We do not believe they are prepared to sacrifice their heritage of a free press in order to be "protected" against what others think may be bad for them. We believe they still favor free enterprise in ideas and expression.

These efforts at suppression are related to a larger pattern of pressures being brought against education, the press, art and images, films, broadcast media, and

We here stake out a

lofty claim for the

value of the written

word. We do so because

we believe that it is

possessed of enormous

variety and usefulness,

worthy of cherishing

and keeping free.

the Internet. The problem is not only one of actual censorship. The shadow of fear cast by these pressures leads, we suspect, to an even larger voluntary curtailment of expression by those who seek to avoid controversy or unwelcome scrutiny by government officials.

Such pressure toward conformity is perhaps natural to a time of accelerated change. And yet suppression is never more dangerous than in such a time of social tension.

Freedom has given the United States the elasticity to endure strain. Freedom keeps open the path of novel and creative solutions, and enables change to come by choice. Every silencing of a heresy, every enforcement of an orthodoxy, diminishes the toughness and resilience of our society and leaves it the less able to deal with controversy and difference.

Now as always in our history, reading is among our greatest freedoms. The freedom to read and write is almost the only means for making generally available ideas or manners of expression that can initially command only a small audience. The written word is the natural medium for the new idea and the untried voice from which come the original contributions to social growth. It is essential to the extended

discussion that serious thought requires, and to the accumulation of knowledge and ideas into organized collections.

We believe that free communication is essential to the preservation of a free society and a creative culture. We believe that these pressures toward conformity present the danger of limiting the range and variety of inquiry and expression on which our democracy and our culture depend. We believe that every American community must jealously guard the freedom to publish and to circulate, in order to preserve its own freedom to read. We believe that publishers and librarians have a profound responsibility to give validity to that freedom to read by making it possible for the readers to choose freely from a variety of offerings.

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

#### Wisconsin Library Association Statement on the Freedom to Read and Intellectual Freedom

The Wisconsin Library Association affirms its support of personal liberty, the freedom to read, and intellectual freedom for people across Wisconsin.

#### The Freedom to Read

Over 130 years ago, the Wisconsin Library Association (WLA) formed to support the establishment of public libraries in the state. Today, our membership represents a wide range of libraries that serve a variety of communities – from college campuses to corporations, rural villages to urban areas, and more. Just as our state motto is "Forward," WLA and Wisconsin libraries are steadfast in supporting our communities as they move forward in education, business, and life enrichment.

Libraries have grown and changed since the 1800s, but their primary mission remains the same: to ensure all people can exercise their right to intellectual freedom and the freedom to read. The First Amendment's right to freedom of expression encompasses intellectual freedom, which includes an individual's right to receive information on a wide range of topics from a variety of viewpoints. Publicly funded libraries play an important role in facilitating this free and open access to information. <sup>1</sup>

We know that our families and community members have varying interests, hobbies, and beliefs. What one person selects to use from their local library for themselves, or for their family, is an exercise of their personal liberty, their freedom to read, and their intellectual freedom. To meet the broad and varied needs of Wisconsinites, libraries and library staff work diligently to build exceptional collections that represent the stories and interests of all Wisconsinites.

#### Supporting the Freedom to Read with Policies and Standards

Every library in Wisconsin should have a materials selection policy, approved by their administrating body, which includes a formal process for the reconsideration of library materials. We remind administrators, boards, municipal leadership, librarians, and communities that the reconsideration and removal of library materials must be done in accordance with

<sup>&</sup>lt;sup>1</sup> J. Haydel, 'Libraries and Intellectual Freedom', *The First Amendment Encyclopedia*, 2009, https://www.mtsu.edu/first-amendment/article/1125/libraries-and-intellectual-freedom, (access 7 JUNE 2022)

administratively approved policies. Such formal processes promote the Constitutional values of transparent governance and free speech and ensure local control over community institutions.

When someone requests that a library item be reconsidered, libraries should follow the approved policies for completing an objective review of the material. The removal of library materials without due process inhibits libraries' ability to provide comprehensive and inclusive collections for their full community. Banning, removing, or censoring material violates the community's right to intellectual freedom and the freedom to read.

The Wisconsin Library Association recommends that libraries, boards, and other decision makers:

- Follow library-approved policies when responding to requests to reconsider library materials.
- Consult with their library administrators and librarians when reviewing requests for reconsideration.
- Utilize the expertise of their librarians and library professionals in making collection decisions that will impact all library users.

As we have for over 130 years, WLA and its members will continue to support personal liberty, the freedom to read, and intellectual freedom for people across Wisconsin.
