---

Lance Murdoch provided written objection to the suspension of Helping Homes' Commercial Solicitation License on Monday, February 23, 2026 and further provided specific reasons to their objection on Thursday, February 26, 2026. Pursuant to Sec. 9-623 of the Municipal Code of the City of Appleton, upon the receipt of this objection, the matter shall be reviewed by the Safety & Licensing Committee. As provided to the City Clerk, Helping Homes' stated reasons for the objection to their license suspension are as follows: (1) They would like a deeper understanding of the issue's origin; (2) They would like a more constructive conversation on how to address and prevent it from recurring and a chance to fix the problem.
