Subject: 1629 w reeve

HI,

Dan Subering received a letter that he would be getting a Japanese lilac tree in front of his house.

He doesn't want, citing how messy the tree is and that he hasn't had a tree in the 40 years he lived there.

Please put on agenda Monday. He said he would make the meeting.

Thanks,

Christine

**CITY OF APPLETON
TREE PLANTING POLICY**

Trees are planted on new street construction and street reconstruction projects during the planting season following the completion of construction. Trees are also planted on request and as replacement for trees that are removed if space allows.

Species selection is based on the site and its limitations. A wide variety of species are available. Planting of new streets and reconstruction is done on a block by block basis with one species on each block.

Spacing Requirements:

1. 40 – 60' lateral spacing
2. 60' from approach side of intersections
3. 30' from exit side of intersection
4. 10' from driveway aprons
5. 10' from water shut off valves
6. 10' from gas line T's
7. 20' minimum from street lights
8. Appropriate spacing from existing landscaping

Guarantee:

All trees carry a full guarantee unless damage or neglected by the homeowner.
