Paula and Cathy:

Can we get this on the agenda? I just got it.

Hi Kurt,

We would like to apply for a street occupancy permit for placing a projecting sign over a ROW. The sign will project 4'-7" over the right of way.

I have attached a site plan, sign permit application and an art drawing for your review. As you will see, the sign has been lowered to 16' from the top of the sign to grade.

Please let me know if you need anything else.

Thanks, Kim
