Re: ERP Selection Process.

In moving forward with the plans to replace the IBM iSeries with an ERP (Enterprise Resource Program) system, we have gone through the RFP phase, the demonstration phase and have selected Tyler Munis as the ERP software package for this project. Currently we are undergoing the module selection and contract negotiations and have partnered with Plante Moran who was our original partner on writing and submitting the RFP. They now will help us negotiate with Tyler Munis over the next number of weeks along with the assistance of the City Attorney's Office on contract language. Once this phase is complete, the contract will be brought to the Finance Committee for approval. I will continue to keep you informed as this project moves along.

If you have any questions regarding this recommendation please contact Dean Fox.
