

SPECIAL INVESTIGATIONS UNIT

Safety and Licensing 8/26/2020

SIU MISSION

- The Special Investigations Unit is a collaboration between the Appleton Police Department and Outagamie County Sheriff's Office. Officers and deputies assigned to the unit have full arrest powers within Outagamie County and the city of Appleton. SIU is responsible for investigating drug related offenses, vice-related crimes, intelligence gathering and surveillance operations, fugitive apprehension, and gang suppression.
- SIU's primary mission is to address problems that require a level of time commitment that is not afforded to patrol officers and does not meet the requirements of a major crime for case transfer to the Investigative Services Unit (ISU).
- SIU works with the Community Liaison Officers (CLO's) to identify and remove drug and nuisance houses in the community. SIU assist the Lake Winnebago Metropolitan Enforcement Group-Drug Unit (LWAM) with the disruption of mid-level to high-level drug trafficking organizations.
- SIU Officers operate in a covert fashion and utilize a variety of investigative methods to successfully investigate complaints of illegal activity.
