

Cover Letter

Dear Ms. Lynch,

Thank you for your continued partnership with Granicus as we are excited to continue to support Appleton's legislative management solutions.

At Granicus, we recognize that a great product is only part of what keeps our clients satisfied. We also take full responsibility for maintaining and monitoring the technology that powers your solution. This allows cities to do more in less time, and with less staff by using efficient cloud-based interaction within your department and externally to residents.

Attached, you will find a summary of your current services with Granicus as well as the proposed and updated Master Subscription Agreement. Please see the contract by clicking on the hyperlink located on page 3 of the attached quote.

This continuation of services includes the following solutions:

- Legistar— Legislative management solution
- Meeting Efficiency Suite—Hybrid software and hardware solution to simplifying minutes and recordings
- Government Transparency Suite— Granicus video and streaming solution
- Granicus Encoding Hardware— Leased encoder hardware necessary to convert video to streaming
- VoteCast Digital Voting Systems (Hardware and Software components) — Software and hardware program that provides paperless access to the agenda and supporting materials

Please contact me directly should you have any questions relating to this documentation. As always, thank you for your time and relationship with Granicus.

Most Sincerely,
Peter Dieterich

Granicus Video

A complete video solution for government

Granicus Video enables organizations to build a content-rich library of live and archived public meeting webcasts and records without hassle, enabling agencies to reach a broader audience and further meet modern transparency demands.

With easy-to-use media management tools, agencies can schedule and broadcast live webcasts while simultaneously recording and archiving the live content to unlimited storage. Agendas can be imported prior to each meeting, allowing for video to be indexed in real-time, which eliminates hours of follow up work after an event has ended. After the meeting, publish a full and integrated public record which links the agenda directly to the video.

Empowered citizens can browse published agendas and supporting documents or save time

by performing keyword searches to jump directly to specific topics, making it easier for viewers to find the information they're most interested in. Citizens can also subscribe to agendas or keyword searches to get real-time notifications when new, relevant content becomes available.

Opt in to HD video for an enhanced viewing experience or further enable accessibility and ensure ADA compliance by adding closed-captioning services. Agencies can monitor and analyze public interest through visitor and viewership reports, which break down visitor statistics, including most-popular content, number of views, length of time on site, and more to better understand the viewing audience.

Legistar

Customize the entire legislative and agenda management workflow

Reach new levels of automation with a complete legislative solution that manages decisions and automates the workflow of legislative items from introduction to final passage. Extensive configurability sets Legistar apart from the rest with unlimited workflow sequences that can be customized to cater to an unlimited number of users, records and managing bodies. Legistar automates legislation drafting and agenda creation with a built-in, customizable workflow that tracks each item throughout the approval process.

A single piece of legislation can flow through dozens of agendas and drafts

before more than a handful of boards until it's agreed upon, all too often getting lost and rewritten in the process. Easily create new documents for meeting agendas in Legistar or Microsoft Word, then digitally organize them to automatically associate the files to the correct workflow.

The program automates agenda creation and meeting execution with tools to streamline minutes, voting, full reporting and publishing to a citizen-facing web portal for boosted transparency. From drafting files, through assignment to various departments, to final approval, Legistar reduces workloads and creates a more efficient method for managing

Eliminate manual workflows

Automate a customizable legislative workflow

Automate agenda material compilation and approval

Integration to manage documents with Microsoft Word

Track progress and generate reports

Unlimited workflow sequences, users and records

Minutes

Modernize and simplify meeting minutes creation

Granicus Minutes reduces labor, and streamlines minutes creation by electronically capturing roll-call, agenda items, speakers, motions, votes, and notes through a simple interface. When a meeting ends, the tool transfers captured content to a minutes document, allowing users to finalize minutes quickly and easily in Microsoft Word.

With content 75-80% complete at the time the meeting ends, Minutes saves

staff countless hours in their post-meeting workflow.

Minutes can also integrate with other Granicus products to further streamline the meeting process. Import agendas directly from agenda management systems, digitally capture vote results with VoteCast, and publish minutes alongside indexed meeting recordings using Granicus Video.

Digitally capture meeting content

Record motions, votes and notes

Save time in post-meeting workflow

Finalize minutes in Microsoft Word

Publish PDF or HTML minutes
