6. Information Items

[15-1536](#)

#13-R-15-Alderperson Baranowski

Propose a No Parking trial period, from April 01, 2016 through September 02, 2016, on the north side of Rail Road, from Kensington Ave extending west, up to but not including, 3316 Rail Road. The purpose of the trial period is to provide a level of safety for users of Derks Park who typically may park on the north side of Rail Road and cross the street to the park, while understanding the impact of added parking on the south side of Rail Road and the potential impact on those who may now choose to park on Guyette Drive. The trial period may be shortened or concluded if the Committee determines the No Parking restriction successfully increases the level of safety while minimizing the impact on the surrounding neighborhood, thereby permanently restricting No Parking along the north side of Rail Road as proposed or if the impact to the neighborhood is negative while still allowing for an adequate measure of safety as we would expect.
