Subject: Old Bavarian Brau Haus / Fire Places

complaint from 07-02-18 about fire places (see picture attached)

first of our apologies this issue might caused ...

we purchased in 2016 and operate 2 propane fireplaces and have them attached to the wall for safety reasons. they look great and are COMPLETE SAFE!
the idea came from me traveling and seen them in big city on outside restaurants.

if the concern is obtaining a permit and proof of insurance we would gladly do so.

if they need to be removed we would do so as well. (just see no reason why they cool, they keep staff, customers, even police warm at night.

other option is we could move them on the inside part so they away from street but than we would have a hazard by exit. other option is we move them in out and in every night but than they wouldn't be attached.

either way please advise so we can do the correct thing.
