Re: Parking Restriction Changes on Banta Court – *Proposed Six-Month Trial Period*

We are in receipt of your memo to the Municipal Services Committee dated July 24 regarding parking restriction changes on Banta Court.

Lawrence University understands the need for clear first-responder access to the Banta Bowl and adjacent residential and commercial developments. While the loss of parking will exacerbate challenges during events at the stadium, we support the Fire Department's proposal to limit parking on the north side of Banta Court from John Street to and through the cul-de-sac. Furthermore, we support your approach of a six-month trial period to evaluate the effectiveness of this change before permanently revising policy.

I plan to attend the Municipal Services Committee meeting on August 6 and would be happy to answer questions on behalf of the University should any arise.
