

City of Appleton – **Resolution #8-R-17**
May 3, 2017

Submitted by: Alderperson Vered Meltzer – District 2

Referred to: The Board of Health

Whereas chicken run size is currently restricted to a maximum of 24 square feet,

Whereas a run area of at least 8 to 10 square feet per bird is recommended for the health of the flock,
but even more is better,

Therefore be it resolved,

That the restriction on run size be amended from maximum 24 square feet to maximum 100
square feet
