Subject: Dangerous Dogs appeal request 8-5-16 for Owner JL Owen k9s Admiral Vom Steiglerhof and Kinley Vom FullForce

Hi Kurt,

I would like to request an appeal regarding my adult GSDs Kinley & Admiral. Do you think this is something that you may have time to discuss with me this coming week please?

I would also like to request your help in learning more about kennel lic.

I am not sure if we met last week but my daughter and I were volunteers down at Camp Hope & met the Appleton Humane Society when they came to Pullman Park with the service dogs. I am an Outagamie Co K-9 unit avid supporter. I am associated w a couple of GSD clubs in the states & international. I have 2 adult GSDs one from the SDA & the other is an older SchH2 titled k9 (who saved my son from choking 2 years ago), plus I had my 1st litter of puppies. I have had no issues with my GSDs doing anything other than the puppies getting out two weeks ago when I was in the shower and my daughter came inside vs watching them the full time they were outside. At that time their were roughly 22-23 weeks old. The puppies know how to Oust, Nein, Sitz, & Here. They all have Tri-Tronic Trashbreaker collars.

I have not seen the police reports yet but I can tell you that it was not addressed prior in any form that I have been made aware of nor did anyone come forward when I sought out to apologize for any wrong doing on my dogs part. The officer or dispatcher were given the same extent of details as what I was made aware the charges were going to be as of yesterday. I am shocked and saddened by the situation because safety is my # concern. I was hoping to train one of the litter mates for the Outagamie K-9 unit as 1 of the puppies had gone to a veteranarain & will be a community service dog. I have more Outagamie K9 stuffed animals than you can imagine. We have been living, breathing, sleeping GSD and I am praying this is all a big misunderstanding. My dogs are constantly around new people, new kids(who have been known to walk in without warning in the house). And not once has a child ever been harassed by one of my dogs. They are protectors, they do not shy away from loud noises or gunshots & these dogs are the kind of dogs that would give their life for you. Last weekend they had 2 new sitters watching them and neither person was afraid or had anything but great things to say about the K9s. Their temperament has been tested and certified as exceptional. I beg you to please speak with me regarding this matter. My phone#is 615-720-9919. I have taken extra measures with our fence, property and have their records on file for you.

Here are some pictures of my dogs.
