Dear Ms. Titel and the Appleton Plan Commission,

Our family lives at 1736 Orchard Blossom Drive, near the proposed rezoning along Midway road near the Plank Road roundabout. I'm writing to press the commission to keep the current zoning in place.

We live and work here, our children attend Janet Berry and we strongly oppose the change. We are concerned about additional traffic, particularly through the roundabout and at the school which is already inundated. Additionally there are very real school crowding issues, Janet Berry will push 6th grade to the middle school this fall in an attempt to alleviate some overcrowding.

We purchased our home deliberately, seeking out an area with open space. The field was zoned for single family homes and we purchased this property in the belief -based on the city zoning plan- that additional building would be single family residential, keeping that open feeling we worked so hard to find.

Please, keep the commitment made by the zoning commission to single family homes on the property at Midway and Plank.

Thank you for your time,  
Timothy & Anna Coggins
