Subject: GLK Proposed Sign

Dan,

Upon review of the sign proposed for GLK Foods, we believe this should go before CEDC for consideration. While we don't have a specific definition of "ground signs" with a "low profile design", we have typically interpreted that to be a monument sign and believe this should go before the Community and Economic Development Committee for consideration.

I have attached a copy of the Deed Restriction language applicable to signs. If the owner would like us to take it to Committee for we will need a written request (E-Mail is fine). I will need the request by 10:00am Friday Dec. 8 to get on the Agenda for the December 13 CEDC meeting. Should you or the owner have any questions, please let me know. Thank you.
