CITY OF APPLETON 2023 BUDGET

PARKS AND RECREATION DEPARTMENT

Director of Parks, Recreation & Facilities Management:

Dean R. Gazza, CPRE, LEED-AP

Deputy Director of Parks, Recreation & Facilities Management:

Thomas R. Flick, CPRP

MISSION STATEMENT

Building communities and enriching lives where we live, work and play.

DISCUSSION OF SIGNIFICANT 2022 EVENTS

Parks and Recreation is a tangible reflection of the quality of life in a community. Together, they provide gathering places and opportunities for families and social groups, as well as for individuals of all ages and economic status. In 2022, many great projects were completed to preserve and extend the useful life of our parks, as well as changes to our recreational programming to meet the demands and needs of our community.

Parks and Grounds Management

The grounds division proactively managed 610 acres of park grounds that includes the Scheig Center and Gardens, 17 ball diamonds, 15 tennis courts, an 8 court pickleball complex, 11 basketball courts, 2 volleyball courts, 2 disc golf courses, 1 skateboard park, 7 ice rinks, 13.2 miles of paved trails, 1 archery range, 2 kayak launches, and 20,100 sq. ft. of accessible playgrounds (29 playgrounds). The grounds, fencing, and all safety and security entrances at the Wastewater Facility, MSB, Valley Transit, and Water Treatment Facility along with all City roundabouts, boulevards, and terraces are also maintained by the grounds division.

Significant projects include the construction of a pickleball complex at Telulah Park, new tennis and basketball courts at Green Meadows Park, installation of a security fence for the Police Department's south lot and landscaping, added fitness stations at Telulah and Memorial Parks, and a new dumpster enclosure and fencing at Mead Pool. Other projects include crack filling of the Newberry and CE Trails, repairs to various concrete areas including dugout and sidewalk slabs, and reconstruction of arbors and landscaping of the Veterans Memorial at the Scheig Center and Gardens. Additionally, routine maintenance included upkeep of playground equipment, invasive plant control, parking lot and walkway repairs, and general grounds maintenance.

Recreation Services

The Recreation Division continued to excel in their mission to provide recreation services by developing recreation and education focused programs and activities that foster community involvement, social interaction, and the well-being of our residents.

Staff started development of updated emergency preparedness operation plans for programs/facilities that fall under their direction. We will be continuing to work with the Emergency Management Coordinator on best practices as well as working with our seasonal staff on training of these procedures.

Customer service was an area of focus this year. The main Parks and Recreation phone line was changed to better serve our customers and be more user-friendly. A digital booklet of all rentable facilities within our department's scope of responsibility was created with the help of other department staff. The goal was to provide an at-a-glance document outlining park amenities and pavilion descriptions.

A sponsorship guide was created outlining the different tiers of sponsorship opportunities we offer within our division. This will allow organizations, businesses, and community members to assist with funding/sponsorship of our different programs throughout the year, as well as create a sense of community.

Having a sustainable swim lesson program is vital to a community. This year we were able to assess our current swim lesson format and identified ways the participant and parent experience can be strengthened. Feedback and other data was collected throughout the season and used to develop an assessment tool for our Directors of Instruction to evaluate instructors and the lesson program for future improvements.

In 2022, we began review of our current Unity Dance Academy (UDA) program and brand identity. We looked at the current dance market, the UDA message, overall program experience, and surveyed the participants on current brand perception and competencies. We began researching rebranding ideas that will improve the UDA brand, experience, and overall program.

MAJOR 2023 OBJECTIVES

Provide planning and project management services including construction oversight and representation related to projects outlined in the capital improvement plan.

Provide multi-use aquatic facilities that serve as a destination for residents of Appleton and surrounding communities at a reasonable cost for all ages and abilities while maintaining a welcoming and safe environment.

Implement the Parks and Recreation section of the Comprehensive Plan. Monitor trends in the community, changes in the parks and recreational industry and solicit and implement feedback to update the five-year plan annually.

Encourage increased awareness, program participation, and staff hiring amongst community demographic segments that are currently under-represented.

Enhance diversity, equity and inclusion throughout Parks and Recreation including, but not limited to, facilities, amenities, programming and policies.

Implement improvements as indicated in the ADA accessibility audit to ensure compliance with ADA Title II Section 35.150(d)(3) requirements.

Implement recommendations outlined in the Trails Master Plan.

Upgrade playground areas and equipment to maintain safe and user-friendly experiences. We currently provide 46 playground structures, 64 swing sets and numerous other play equipment in 29 playground areas throughout the parks. When playground equipment exceeds its life expectancy, we replace it to ensure safety and that it meets the recreational needs of the users.

Continue to add to the Adopt-A-Park program and volunteer programs for the Appleton Memorial Park Scheig Center Gardens. Currently 9 parks, 2 trails, and 1 bed are adopted.

Encourage recreation by providing safe, accessible, and creative opportunities that enhance health and wellness.

Provide programs and opportunities for physical, intellectual, social, and emotional health; building community for individuals.

Strengthen and foster partnerships to become more responsive to community needs. Work collaboratively with Appleton Area School District to optimize and broaden our current programs and services.

Work internally to develop a customer service strategy to ensure high quality service is being provided.

Encourage increased awareness, program participation, and staff hiring amongst community demographic segments that are currently under-represented.

Strengthen community image and sense of place through marketing efforts via our social media sites, website, mass email communication efforts, and recreation program book.

Parks and Grounds Management

Business Unit 16532

PROGRAM MISSION

Develop, manage and maintain a high quality, diverse system of park land, athletic facilities, trails, open spaces and other City property in an environmentally conscious manner for the enjoyment and healthful recreation of the community.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy #1: "Responsibly deliver excellent services", #2: "Encourage active community participation and involvement".

Objectives:

To maintain the appropriate levels and quality of green space to increase health, social connection, aid the environment and have significant positive impacts on the local economy.

Proactively perform grounds preparation, planning and maintenance of open spaces, City-owned facilities, ball diamonds, trails, boulevards, triangles, ice rinks and playgrounds. Services provided to internal and external customers include, but are not limited to:

Asphalt/concrete maintenance

Fence/gate maintenance

Fertilizing Graffiti removal Landscaping Mowing Parking/sidewalks maintenance

Signage

Spring and fall cleanup Snow removal/ice control Turf management Weed control

Recreational maintenance of playground equipment, ball fields, basketball courts, tennis courts, trails, fat tire courses, boat and canoe/kayak launches, cross-country skiing and ice rink maintenance.

Major changes in Revenue, Expenditures, or Programs:

Contracted pavilion and bathroom cleaning has been removed from the 2023 Budget. Beginning in 2017, the park pavilions and restroom cleaning was contracted out. That contractor has since gone out of business. A new cleaning contractor, that fit within the budget, could not be found. PRFMD staff is currently cleaning pavilion restrooms, but this is not sustainable with the lack of seasonal help. We are hopeful a contractor can be found in the future, but going into 2023, we plan to continue in-house pavilion cleaning.

Recreation Services Business Unit 16541

PROGRAM MISSION

To provide both structured and unstructured recreational services by developing diverse programs and activities that encourage community involvement while striving to enhance the social, cultural and physical well-being of our residents and visitors.

PROGRAM NARRATIVE

Link to City Goals:

Implements Key Strategy #1: "Responsibly deliver excellent services", #2: "Encourage active community participation and involvement", #4: "Continually assess trends affecting the community and proactively respond", and #5: "Promote an environment that is respectful and inclusive."

Objectives:

Provide exceptional customer service through:

Promotion and support services for our online registration system and pass management system

Effective and efficient person-to-person customer service contacts

Utilization of social media including the e-newsletter, website, Facebook, and Instagram

Empowering and training staff and volunteers

Provide diverse recreational opportunities for youth and adults (pre-school through older adult) that are cost-effective:

Active adult programs

Preschool programs

Youth instructional programs

Youth sports programs/leagues

Adaptive programs

Drop-in programs

Special events/trips

Teen programs

Adult instructional programs

Coordinate delivery of recreation programs, activities and facilities by:

Administration of agreements with existing partners Collaboration with other government agencies

Coordination with community groups and organizations

Maximize utilization of recreational facilities through:

Department programming of pools, athletic fields, tennis courts, studios, pavilions, etc.

Policies that promote and monitor community use

Customer-friendly registration and reservation methods for park usage, sport fields/diamonds, pavilions

Collaboration of recreation services with community groups and other leisure service providers

Recognize changing landscape of parks and recreation services in community by:

Developing a strategic plan for delivery of recreation services

Analyzing and adapting to changing community needs

Engaging in community activities, groups and organizations

Major Changes in Revenue, Expenditures or Programs:

During 2022, Miscellaneous Chemicals expense moved from this program to the Facilities Maintenance budget.

Recreation Services Business Unit 16541
