

# Memorandum

**To:** Parks & Recreation Committee

**From:** Dean R. Gazza, Director of Parks, Recreation and Facilities Management

**Date:** 05/22/14

**Re:** Information: Award concrete walkway installation at Hoover Park to “Fischer-Ulman Construction, Inc.” for a contract total not to exceed \$12,883.95

---

The 2014 Parks, Recreation and Facilities Management Department Capital Projects Fund includes \$90,000 to purchase and install new playground equipment and provide ADA access to our city park playgrounds. The Parks and Recreation Committee and Council previously approved the purchase and installation of a play structure at Woodland Park for \$45,125. A request to purchase and install a play structure for ages 2-5 at Hoover Park for \$21,235.67 will appear on the Parks and Recreation Committee agenda as an action item on May 28, 2014. The remainder of the funds will be used to provide accessible concrete sidewalks to the playground equipment at Hoover Park.

The Department of Public Works seeks bids annually for sidewalk replacement and installation with area concrete contractors. The bid for this year was awarded to Fischer-Ulman Construction, Inc. They submitted a bid of \$3.31 sq/ft.

Below is the list of bidders and their price per square foot of 4” thick concrete.

1. Fischer-Ulman Construction - \$3.31 sq/ft. (\$12,883.95)
2. Milis Flatwork, Inc. - \$3.35 sq/ft. (\$12,965.35)
3. Al Dix Concrete - \$3.40sq/ft. (\$13,067.10)
4. Jim Fischer, Inc. - \$3.62 sq/ft. (\$13,514.80)

Based on Fischer-Ulman Construction being low bid for concrete construction projects of this scope, the Parks, Recreation and Facilities Management Department executed a contract with Fischer-Ulman Construction for an amount not to exceed \$12,883.95 for accessible sidewalks to the playground equipment at Hoover Park.
