# Meeting Agenda - Final Utilities Committee

Tuesday, November 12, 2019 5:00 PM Council Chambers, 6th Floor

- 1. Call meeting to order
- 2. Roll call of membership
- 3. Approval of minutes from previous meeting

<u>19-1698</u> Approval of the October 22, 2019 Utilities Committee Meeting Minutes.

Attachments: October 22, 2019 Utilities Committee Meeting Minutes.pdf

### 4. Public Hearings/Appearances

### 5. Action Items

<u>19-1699</u> Approve 2019 Water System Distribution Master Plan Update by AECOM.

19-1547 Request to classify 7500 N. Purdy Parkway (parcel 31-1-9221-00) as

commercial for stormwater billing purposes.

Attachments: Memo 311922100.pdf

2019-10-22 MEU Holdings - Letter to Sue Olson.pdf

### Legislative History

10/22/19 Utilities Committee held

This item will be held until the November 12, 2019 Utilities Committee meeting.

19-1711 Award AWWTP Primary Clarifier #3 and #4 Cured-in-Place Pipe lining

contract to Visu-Sewer in the amount not to exceed \$51,250.

Attachments: Primary Clarifier 3 4 CIPP Award Memo Visu-Sewer.pdf

19-1732 Reaffirm the following property that has an Assessor land use code of single family or duplex be considered commercial property for stormwater billing purposes. (This property was referred back to Utilities.)

c. 6600 N. Ballard Road

Attachments: 6600 Ballard combined.pdf

### 6. Information Items

19-1700 Urban Non-Point Source Planning Grant for Citywide Stormwater Management Plan.

Attachments: UNPS Planning Grant.pdf

19-1712 Discuss MS4 Permit requirements for Public Education and Public Participation

Attachments: 2019 November UC MS4 Permit.pdf

2019-2023 IE Plan Draft.pdf

2019 Public Participation plan Draft.pdf

Change Order #1 to Classic Coatings in the amount of \$375 for the Lindbergh Painting Project resulting in the construction contract being increased to \$694,225 and a decrease in contingency from \$69,385 to \$69,010.

Attachments: Change Order 1 Lindbergh Painting Project 11-07-19.pdf

19-1731 Change Order #1 to August Winter and Sons contract as part of the 2017 AWWTP Improvements Projects totaling \$1,565 resulting in a decrease in contingency from \$172,150 to \$170,585.

Attachments: 191107 Finance Memo 20147 AWWTP Improvements Change Order No1.pdf

### 7. Adjournment

Notice is hereby given that a quorum of the Common Council may be present during this meeting, although no Council action will be taken.

Reasonable Accommodations for Persons with Disabilities will be made upon Request and if Feasible.

For questions on the agenda, contact Chris Shaw at 920-832-5945 or Paula Vandehey at 920-832-6474.

# Meeting Minutes - Final Utilities Committee

Tuesday, October 22, 2019

5:00 PM

Council Chambers, 6th Floor

1. Call meeting to order

Chairperson Meltzer called the Utilities Committee Meeting to order at 5:05 p.m.

2. Roll call of membership

Present: 4 - Meltzer, Reed, Firkus and Fenton

Excused: 1 - Otis

3. Approval of minutes from previous meeting

<u>19-1548</u> Approval of the October 8, 2019 Utilities Committee Meeting Minutes.

<u>Attachments:</u> October 8, 2019 Utilities Committee Meeting Minutes.pdf

Reed moved, seconded by Firkus, that the Minutes be approved. Roll Call.

Motion carried by the following vote:

Aye: 4 - Meltzer, Reed, Firkus and Fenton

Excused: 1 - Otis

### 4. Public Hearings/Appearances

### 5. Action Items

19-1580 Award consulting contract for Wastewater Rate Study to Trilogy

Consulting LLC in the amount of \$19,965.

Attachments: Rate Study Consultant Contract Award Oct 2019.pdf

Reed moved, seconded by Firkus, that the Report Action Item be recommended for approval. Roll Call. Motion carried by the following vote:

Aye: 4 - Meltzer, Reed, Firkus and Fenton

Excused: 1 - Otis

<u>19-1414</u>

Preliminary Resolution 4-P-19 for Storm Main Liner be adopted and refer the matter to the Finance Committee to determine the assessment rate.

Attachments: 4-P-19 Storm Main Liner.pdf

Reed moved, seconded by Firkus, that the Report Action Item be recommended for approval. Roll Call. Motion carried by the following vote:

Ave: 4 - Meltzer, Reed, Firkus and Fenton

Excused: 1 - Otis

19-1543

Reaffirm the following properties that have an Assessor land use code of single family or duplex be considered commercial property for stormwater billing purposes.

a. 203 S. State Street

b. 1935 E. John Street

c. 6600 N. Ballard Road

d. 8711 N. French Road

Report

- Water Treatment Facility Synopsis

- Water Distribution and Meter Team Monthly Report - September

<u>Attachments:</u> 2019 Q3 Wastewater Synopsis.pdf

2019 Q3 Water Synopsis.pdf

Watermain Break Report September 2019.pdf

The reports were reveiewed.

### 7. Adjournment

Reed moved, seconded by Firkus, that the Utilities Committee meeting be adjourned at 5:50 p.m. . Roll Call. Motion carried by the following vote:

Aye: 4 - Meltzer, Reed, Firkus and Fenton

Excused: 1 - Otis

# Department of Public Works – Engineering Division MEMO

**TO:** Utilities Committee

**FROM:** Paula Vandehey, Director of Public Works

Sue Olson, Staff Engineer

**DATE:** October 15, 2019

**RE:** Request to classify 7500 N. Purdy Parkway (parcel 31-1-9221-00) as commercial for

stormwater billing purposes

This site is a large parcel on the north side of Apple Hill Farms with an Assessor land use code for single family and a secondary use code of crop production. In addition to the single family home, the parcel has a lengthy private road, private trail, and multiple accessory buildings, including a barn with restrooms.

Under the single family classification this parcel is 1 ERU for \$175 per year. Under the commercial classification, this parcel is 53.0 ERU for \$9,275.00 per year. The site is 1.3% impervious.

There are three water meters/accounts on this parcel, one is residential and two are commercial. This site also met the Wisconsin Department of Natural Resources requirements for a single family development with enough connected impervious to require a stormwater management plan and permit.

Staff recommends classifying this parcel as commercial for stormwater billing purposes.

Appleton, WI 54911

Re: Stormwater Billing for Parcel 31-1-9221-0 located at 7500 N. Purdy Parkway

(the "Property")

Dear Ms. Olson:

We represent MEU Holdings, LLC with respect to your October 10, 2019, letter proposing to increase the stormwater assessment on the above-referenced single family residential Property from \$175 per year to \$9,275 per year. I understand from your letter that this matter will be discussed at a meeting of the Utilities Committee at 5 p.m. today, October 22, 2019. We ask that this letter be made part of the record for the Committee.

Although our analysis is ongoing, there are several points about which the Utilities Committee should be aware:

- 1) As acknowledged in the City's October 10, 2019 letter, this is a "residential property", defined in Section 20-229 of the Appleton City Ordinances to mean "developed exclusively for residential purposes including, but not limited to, single family homes . . . ." The Property certainly is a property developed exclusively for residential purposes, containing a single family home and authorized accessory buildings, private road and other amenities. Neither the size of the Property nor the amenities present on the Property change its residential character. Nor is there any commercial aspect of this parcel, though that term appears not to be defined in the stormwater ordinances.
- 2) To the extent that portions of the Property are agricultural in character, we note that "Agricultural Facilities and Practices" are exempt from the Stormwater Rules. Section 20-311(a)(2).
- 3) Even if the Property or any portion of it were somehow considered to be non-residential, Section 20-236(b)(2) of the City's Ordinances provides that the calculation of the ERU charge should be based upon the amount of "impervious area contributing to surface water runoff", not

Ms. Sue Olson October 22, 2019 Page 2

total lot area. The actual impervious area on this property is only a very small fraction of the total lot area, a fraction which we expect upon further analysis will be less than the approximately 125,000 square feet which forms the basis of the City's proposed ERU charge.

4) The impervious areas on the Property appear to contribute virtually nothing to the City's stormwater, in large part precisely because of the large amounts of pervious undeveloped, agricultural and forest areas which surround almost of all of the impervious areas on the Property. As a practical matter, the Property is responsible for little, if any, stormwater runoff.

We are not aware of any basis in State law or the City's Ordinances to reclassify the residential Property containing a home as "commercial" or any other non-residential use, and we ask that the Utilities Committee deny the proposed reclassification. If the Utilities Committee believes that this matter warrants further substantive discussion, then we ask that the Utilities Committee defer any possible reclassification of the Property as commercial for stormwater billing purposes, as proposed in your letter, to permit us to continue our review of this matter and, if necessary, hire a stormwater engineering consultant to assist us. In the meantime, we would be pleased to meet with Engineering Division staff to explore a possible resolution of this matter.

Thank you for your consideration.

Sincerely,

von BRIESEN & ROPER, s.c.

Muhal P Carl L

**DATE:** November 6, 2019

RE: Award AWWTP Primary Clarifier #3 and #4 Cured-in-Place Pipe lining

contract to Visu-Sewer in the amount not to exceed \$51,250

This memorandum is regarding the request for contract award to perform operationally critical pipe repair work at Appleton Wastewater Treatment Plant (AWWTP). Background and quotation results are provided below.

### **BACKGROUND:**

There are six primary settling clarifiers at the AWWTP. These tanks are the second stage of the wastewater treatment plant process following screening and grit removal. The primary clarifiers were constructed in pairs starting with the original plant construction in 1936 (#1 and #2). Four additional tanks were constructed during subsequent upgrade projects in 1964 (#3 and #4) and 1994 (#5 and #6).

The buried suction pipe associated with Primary Clarifier #3 was found to be in need of repair or replacement earlier this year following a televising inspection. Cured-in-place pipe (CIPP) was identified as the method of rehabilitation because of the length of existing pipe buried beneath concrete or tank infrastructure. CIPP lining was preferred to wholesale pipe replacement because it was anticipated to be more cost effective and less invasive than wholesale pipe replacement. It should be noted that Primary Clarifier #3 remains offline until necessary repairs are completed.

To facilitate the CIPP, the contractor could be required to excavate a small section of the existing suction pipe to facilitate the lining process. That excavation would also expose the suction line of Primary Clarifier #4 because of their close proximity to one another. Primary Clarifier #4 was included as part of this RFQ because the pipes are of the same vintage, are located in close proximity to each other, and there was potential for savings realized as part of a single mobilization and excavation.

### **RFQ RESULTS**

A Request for Quotation (RFQ) was submitted to four firms that specialize in CIPP lining services. The contractors were required to provide a quote that met or exceeded the RFP lining specifications and took into account their professional opinion to line these pipes either with or without performing an excavation. Two of the four firms provided a formal response. A summary of the quotes received is found below.

COMPANY	QUOTE
Visu-Sewer	\$51,250
Michel's	\$188,253
InsituForm	DNP
Terra Construction	DNP

DNP: Did not propose

Visu-Sewer was the least cost quote and has provided pipe lining services in the past for the City of Appleton.

### **RECOMMENDATION:**

Approval of AWWTP Primary Clarifier #3 and #4 Cured-in-Place Pipe lining contract to Visu-Sewer in the amount not to exceed \$51,250. The contract will be funded by available 2019 AWWTP O&M budget dollars.

If you have any questions or require additional information regarding this project please contact Chris Stempa at 920-832-5945.

Parcel 31-1-9203-09

Address 6600 N Ballard Rd

1.93 acres

Zoning R1B

Assessor Code single family

Assessor notes state: "Home is used as office for Apple Hill Farms Development" and "outbuildings are in good condition".

Finance Department commercial utility account

Set up as commercial for stormwater billing in 2005 per Stormwater Utility Service Application form prepared by owner's consultant

As single family 1 ERU for \$175 per year.

As commercial classification 9.3 ERU for \$1,627.50 per year.

Water Treatment Facility 2281 Manitowoc Rd. Menasha, WI 54952 920-997-4200 tel. 920-997-3240 fax

**TO:** Chairperson Vered Meltzer and Members of the Utilities Committee

**FROM:** Utilities Director Chris Shaw

**DATE:** Thursday, November 07, 2019

## **SUBJECTS:**

• Change Order #1 to Classic Coatings in the amount of \$375 for the Lindbergh Painting Project resulting in the construction contract being increased to \$694,225 and a decrease in contingency from \$69,385 to \$69,010

## **BACKGROUND**

This change order is an aggregate of a number of minor changes to the original contract. This change order consists of the following items:

- Provide a new 30-inch sidewall manway with davit arm
- Provide davit on arm of existing 24-inch sidewall manway
- Adjust contract amount for Bid line Item 13 for the actual amount of structural evaluation used

If you have any questions or comments regarding this change order please contact me at ph: 832-2362.

Department of Utilities Wastewater Treatment Plant 2006 E Newberry Street Appleton, WI 54915-3128 920-832-5945 tel. 920-832-5949 fax

**To:** Finance Committee Chairperson Chris Croatt and Members of the Finance

Committee

Re: Informational Item: Change Order #1 to August Winter and Sons contract as

part of the 2017 AWWTP Improvements Projects totaling \$1,565 resulting in a

decrease in contingency from \$172,150 to \$170,585

On January 7, 2019 Common Council approved contract for the 2017 Appleton Wastewater Treatment Plant (AWWTP) Improvements Project to August Winter and Sons Inc. in the amount of \$1,721,500 plus a 10% contingency of \$172,150 for a total cost not to exceed \$1,893,650.

Project construction formally commended on March 2, 2019 following issuance of the Notice to Proceed. Change Order #1 was recently submitted for Utilities Department authorization. A summary of the change order is provided in the table below.

CO#	Cost	Description
CO#1	\$1,565	Remove asbestos insulation in lower level of F-1 Building;
		modify steel framing wall connection in F-2 Building
Total	\$1,565	
Contingency	\$172,150	
Remaining	\$170,585	

If you have any questions regarding the project or this change order please contact Chris Stempa at 832-2353.
