7. Adjournment

*Notice is hereby given that a quorum of the Common Council may be present during this meeting, although no Council action will be taken.*

*Reasonable Accommodations for Persons with Disabilities will be made upon Request and if Feasible.*

IN THE CITY OF APPLETON,  
OUTAGAMIE COUNTY,  
STATE OF WISCONSIN

---

CITY OF APPLETON  
A Wisconsin Municipal Corporation

Petitioner,

v.

Leah Daniel  
As owner of Marlowe and Chesty

Respondent.

---

ORDER DECLARING ANIMAL DANGEROUS

---

As the owner and/or caretaker of the above-named animal, you are hereby notified that the City of Appleton has declared that the above-named animal is dangerous pursuant to the City of Appleton's Municipal Code 3-131.

Because the animal has been declared dangerous, you are further notified that you must immediately comply with leashing, muzzling, and confinement requirements of City of Appleton Municipal Code Section 3-132. You must, within thirty (30) days, comply with all other requirements of City of Appleton Municipal Code Section 3-132 of the dangerous declaration.

This order remains in effect, even if appealed, until modified or withdrawn. This order is in effect for the lifetime of the animal.

SO ORDERED, this 26 day of July, 2016 at 10:22 am/pm.

  
Matthew Fillebrown, Certified Humane Officer  
Appleton Police Dept. City of Appleton, WI

I, Leah Orozco (respondent's printed name), acknowledge receipt of this order and understand the contents of the order, including the time limits if I wish to appeal.

Signed: Leah Orozco Date: 7/26/16

## Letter of Objection

I am writing to object to the **Declaration and Order of Dangerous Animal** for Marlowe.

While Marlowe was listed in 2 police reports, those reports did not list him as barking at, biting, or attacking any specific person. The only thing listed for Marlowe in these instances is that he charged at people.

Marlowe is a 2 ½ year old English Mastiff. Marlowe loves to run and play. He has interacted with other dogs and people at the Outagamie County dog park countless times and has been around my friends and family along with their children with no aggression noted. Marlowe has even interacted with my 2-year-old nephew(JJ) without any issues. Due to Marlowe's size(approx.150 lbs) and the way he runs, Marlowe running could be misconstrued as charging. Marlowe loves being around people and it's in his temperament to seek out for people's attention and affection.

We have found a new good home for Marlowe outside of the city where he will have more room to run and have less of a chance of disrupting the general public. I would like for Marlowe to not be deemed as a dangerous animal though based off these 2 reports and carry that reputation along with him to his new home. I am strongly urging you to reconsider your decision regarding him.

Below are some references who have interacted with Marlowe and know his temperament.

His Vet: Laura Russo-Klister, DVM( North Heights Veterinary Clinic) 920-739-7816

Ian and Sheila Schiesl(Friends who have dog-sitted for Marlowe) : 920-268-9435

Stacy and Matt Buchberger(Friends who have interacted with him on several occasions) : 920-740-5598

Sincerely,

Leah Orozco(Marlowe's owner)

Mr. Eggebrecht,

My wife sent a letter on July 27, 2016 regarding Marlowe and is currently attempting to find a home for him if we are unable to keep him based on the city's final ruling. I am writing to have the dangerous animal declaration removed from both animals as my wife seeks options for us to take based on your decision. I understand that changes will need to be made for the animals and would like to offer several solutions and a request for time to implement them.

I understand that the animals need better training as they are both energetic dogs and seek attention from any person that they meet. They approach people seeking attention and with the size of the animals, especially Marlowe, strangers can be put off by the animals and act fearful of them if they have never had experience with animals their size. We walk them on the city trail north of I-41 near Thrivent weekly and have never had an incident with other walkers or bicyclists we encounter. I would like to have the opportunity for both animals to be placed in obedience training to control their urge to approach people for attention. Neither animal to date has had such training and I fully understand that was a failure on my part and also believe it will help mitigate risk in the future.

The first incident with the animals happened because of faulty lock on our rear door that has since been replaced and no longer fails to seat properly. I am also proposing several changes to the rear porch to have it closed off with a gate to block entrance down the steps to the drive way to limit access from the house to general public. I will also install a new stairwell to the back yard with its own gate so the animals have direct access to the yard from the porch and not have to go through the drive way. This way the animals will have multiple barriers to further limit an occurrence of the first incident. The back yard currently has a 6-foot wooden security fence around the perimeter with only one gated exit.

We currently do possess fully enclosed metal kennels in our basement for both dogs. Both animals currently stay in the kennels when we are not home or are sleeping. We will continue to use them in this fashion and we will add locks to them as listed in the policy documents we have received from the city. We will also post signs on the front of the house and gates to the back yard that state "Beware of Dog".

I am asking for a stay on the dangerous animal requirements for a period of 6 months. With this extra time, I would like to have opportunity to do the above modifications to our home to ensure an added level of security and enroll both animals in training. At the end of their training I would ask for another hearing to present the recommendations and opinions of the trainers on the behavior and temperament

of both animals for the City of Appleton to review at that time. If we fail to complete any of the above items in an agreed upon timeline we will surrender the animals at that time.

Thank you for your consideration.

Sincerely,

Daniel Orozco

## ANIMALS

### DIVISION 2. DANGEROUS ANIMALS

#### Sec. 3-131. Procedure for declaring animal dangerous.

(a) Upon conducting an investigation the humane or law enforcement officer may issue an order declaring an animal to be a dangerous animal. Whenever an owner or caretaker wishes to contest an order, he or she shall, within seventy-two (72) hours after receipt of the order, deliver to the Health Officer a written objection to the order stating specific reasons for contesting the order. Upon receipt of the written objection, the matter shall be placed on the Agenda for the Board of Health to be reviewed at the next regular meeting. The Board of Health shall act as a quasi-judicial body allowing the animal's owner or caretaker an opportunity to present evidence as to why the animal should not be declared dangerous.

(b) After the hearing, the owner or caretaker shall be notified in writing of the Board's determination. If the Board upholds the determination that the animal is dangerous, the owner or caretaker shall comply with the requirements of §3-132. If the owner or caretaker further contests the determination, he or she may, within five (5) days of receiving the panel's decision, seek review of the decision by the Circuit Court.

(c) Upon an animal being declared dangerous, the owner or caretaker shall immediately comply with leashing, muzzling and confinement requirements of §3-132 with all other requirements in that section being satisfied within thirty (30) days of the dangerous declaration or reaffirmation thereof, or within such time as established by the Board of Health.

(Code 1965, §23.06(4)(e); Ord 17-05, §1, 3-8-05 ; Ord 117-07, §1, 7-24-07)

#### Sec. 3-132. Harboring dangerous animals.

##### (a) *Dangerous animals regulated.*

(1) No person may harbor or keep a dangerous animal within the city unless all provisions of this section are complied with. Any animal that is determined to be a prohibited dangerous animal under this division shall not be kept or harbored in the city.

(2) The issuance of a citation for a violation of this section need not be predicated on a determination that an animal is a dangerous animal.

(b) *Registration.* The owner of any animal declared dangerous, shall register it with the Police Department upon disposition, and annually thereafter on or before April 1 of each year, by providing a current color photograph of

the animal and payment of a seventy-five dollar (\$75.00) registration fee.

##### (c) *Leash and muzzle.*

(1) No owner or caretaker, harboring or having the care of a dangerous animal may permit such an animal to go outside its dwelling, kennel or pen unless the animal is securely restrained with a leash no longer than four (4) feet in length.

(2) No person may permit a dangerous animal to be kept on a chain, rope or other type of leash outside its dwelling, kennel or pen unless a person who is sixteen (16) years of age or older, competent to govern the animal and capable of physically controlling and restraining the animal, is in physical control of the leash.

(3) A dangerous animal may be securely leashed or chained to an immoveable object, with the owner or caretaker being in the physical presence of the animal at all times when it is so leashed or chained.

(4) A dangerous animal outside of the animal's dwelling, kennel or pen shall be muzzled in a humane way by a muzzling device sufficient to prevent the animal from biting persons or other animals.

##### (d) *Confinement.*

(1) Except when leashed and muzzled, all dangerous animals shall be securely confined indoors or in a securely enclosed and locked pen or kennel that is located on the premises of the owner or caretaker and constructed in a manner that does not allow the animal to exit the pen or kennel on its own volition.

(2) When constructed in a yard, the pen or kennel shall, at a minimum, be constructed to conform to the requirements of this paragraph. The pen or kennel shall be child-proof from the outside and animal-proof from the inside. A strong metal double fence with adequate space between fences (at least two (2) feet) shall be provided so that a child cannot reach into the animal enclosure. The pen, kennel or structure shall have secure sides and a secure top attached to all sides. A structure used to confine a dangerous animal shall be locked with a key or combination lock when the animal is within the structure.

APPLETON CODE

The structure shall either have a secure bottom or floor attached to the sides of the pen or the sides of the pen shall be embedded in the ground no less than two (2) feet. All structures erected to house dangerous animals shall comply with all city zoning and building regulations. All structures shall be adequately lighted and ventilated and kept in a clean and sanitary condition.

- (3) *Indoor Confinement.* No dangerous animal may be kept on a porch, patio or in any part of a house or structure on the premises of the owner or caretaker that would allow the animal to exit the building on its own volition. No dangerous animal may be kept in a house or structure when the windows are open or when screen windows or screen doors are the only obstacle preventing the animal from exiting the structure.

(e) *Signs.* The owner or caretaker of a dangerous animal shall display, in prominent places on his or her premises near all entrances to the premises, signs in letters of not less than two (2) inches high warning that there is a dangerous animal on the property. A similar sign is required to be posted on the kennel or pen of the animal. In addition, the owner or caretaker shall conspicuously display a sign with a symbol warning children of the presence of a dangerous animal.

(f) *Spay and neuter requirement.* Within thirty (30) days after an animal has been designated dangerous, the owner or caretaker of the animal shall provide written proof from a licensed veterinarian that the animal has been spayed or neutered.

(g) *Liability insurance.* The owner or caretaker of a dangerous animal shall present to the Health Officer or Humane Officer a certificate of insurance that the owner or caretaker has procured liability insurance in an amount not less than \$1,000,000 for any personal injuries inflicted by the dangerous animal. Whenever such policy is cancelled or not renewed, the insurer and animal's owner or caretaker shall notify the Health Officer or Humane Officer of such cancellation or non renewal in writing by certified mail.

(h) *Waiver by Board of Health.* Upon request, by the owner or caretaker, the Board of Health may waive any requirement specified in subsections (a) through (g) that is deemed to be inappropriate for a particular dangerous animal.

(i) *Notification.* The owner or caretaker shall notify the police department within twenty-four (24) hours if a dangerous animal is at large, is unconfined, has attacked another animal or has attacked a human being or has died.

Supp. #80

No person may sell or transfer possession of a dangerous animal to another person without first notifying the person to whom the dangerous animal is being sold or transferred of the fact that such animal is a dangerous animal and of any requirements imposed upon the selling or transferring party by this division. No person may sell or transfer possession of a dangerous animal to another person, agency, organization or the like without first notifying the Police Department in writing, at least three (3) days in advance of the sale or transfer of possession with the name, address and telephone number of the new owner of the dangerous animal. If the dangerous animal is sold or given away to a person residing outside the city, the owner or caretaker shall present evidence to the Police Department showing that he or she has notified the Police Department, or other law enforcement agency of the animal's new residence, including the name, address and telephone number of the new owner of the dangerous animal.

(j) *Euthanasia.* If the owner or caretaker of an animal that has been designated a dangerous animal is unwilling or unable to comply with the regulations for keeping the animal in accordance with this section, he or she may have the animal humanely euthanized by an animal shelter, the humane society or a licensed veterinarian.

(k) *Waiver.* The Health Officer may waive the provisions of subsections (b) to (g) for a law enforcement or military animal upon presentation by the animal's owner or handler of satisfactory arrangement for safe keeping of the animal.

(Ord 17-05, §1, 3-8-05)

Sec. 3-133. Certain animals not be declared dangerous.

Notwithstanding the definition of a dangerous animal in §3-1:

(a) No animal may be declared dangerous if death, injury or damage is sustained by a person who, at the time such injury or damage was sustained, was committing a trespass on the land or criminal trespass on the dwelling upon premises occupied by the owner of the animal; was teasing, tormenting, abusing or assaulting the animal; or was committing or attempting to commit a crime or violating or attempting to violate an ordinance which protects persons or property.

(b) No animal may be declared dangerous if death, injury or damage was sustained by a domestic animal which, at the time such was sustained, was teasing, tormenting, abusing or assaulting the animal.

(c) No animal may be declared dangerous if the animal was protecting or defending a human being within the immediate vicinity of the animal from an unjustified attack or assault.

## ANIMALS

(d) No animal may be declared dangerous for acts committed by the animal while being utilized by a law enforcement agency for law enforcement purposes while under the control and direction of a law enforcement officer.

(Code 1965, §23.02(p); Ord 17-05, §1, 3-8-05)

### Sec. 3-134. Prohibited dangerous animals.

(a) *Not allowed in city.* No person may bring into or keep in the city any animal that is a prohibited dangerous animal under this section.

(b) Determination of a prohibited dangerous animal.

(1) The Health Officer or Police Department may determine an animal to be a prohibited dangerous animal whenever the Health Officer or Police Department finds that an animal meets the definition of prohibited dangerous animal or is a dangerous animal in non-compliance with any of the provisions of §3-132.

(2) Upon conducting an investigation and finding an animal meets the definition of a prohibited dangerous animal, the Police Department may issue an order declaring an animal to be a prohibited dangerous animal. Whenever an owner or caretaker wishes to contest an order, he or she shall, within seventy-two (72) hours after receipt of the order, deliver to the Health Officer a written objection to the order stating specific reasons for contesting the order. Upon receipt of the written objection, the matter shall be placed on the agenda for the Board of Health to be reviewed at the next regular meeting. The Board of Health shall act as a quasi-judicial body allowing the animal's owner or caretaker an opportunity to present evidence as to why the animal should not be declared a prohibited dangerous animal.

(3) Pending the outcome of the hearing, the animal may be confined subject to Sec. 173.21, Wis. Stats., or held at a location outside the limits of the City.

(4) After the hearing, the owner or caretaker shall be notified in writing of the Board's determination. If a determination is made that the animal is a prohibited dangerous animal, the owner or caretaker shall comply with subsection (a) within five (5) days after the date of the determination. If the owner or

caretaker further contests the determination, he or she may, within five (5) days of receiving the panel's decision, seek review of the decision by the Circuit Court.

(c) *Destruction.* Any dog that has caused bodily harm to a person, persons or a domestic animal on two (2) separate occasions off the owner's premises, without reasonable cause, may be destroyed as a result of judgment rendered by a court of competent jurisdiction, as specified under sec. 174.02(3), Wis. Stats. The City Attorney may petition an appropriate court to obtain a court order to destroy such a dog.

(d) *Enforcement.* The Health Department and Police Department may make whatever inquiry is deemed necessary to ensure compliance with this section.

(e) *Waiver.* The Health Officer may waive the provisions of this section for a law enforcement or military animal upon presentation by the animal's owner or handler of a satisfactory arrangement for safe keeping of the animal.

Ord 17-05, §1, 3-8-05)

*"...meeting community needs...enhancing quality of life."*

August 3<sup>rd</sup>, 2016

Jessica L Owen  
6725 SmokeTree Pass  
Appleton, WI 54913

### RE: DECLARATION AND ORDER OF DANGEROUS ANIMAL

Dear Jessica,

Please let this letter and the attached order serve as your notice that the City of Appleton's Humane Officer has formally declared your animals, Kinley (F, N-, R-, L- German Shepherd), ADMIRAL (M, N-, R-, L- German Shephard), as a **dangerous animal**, pursuant to the City of Appleton Municipal Code, Section 3-131.

I have declared your animal as dangerous after conducting my investigation, which is summarized below:

- Appleton Police Department personnel were informed of an animal attack that happened in front of your address of 6725 SmokeTree Pass. In the report, it was stated that your dog Kinley left your property and charged a person walking his dog on the street. It was reported that this individual had to pull his dog to safety from Kinley (identified in paragraph 1), trying to attack it. The investigation showed that Kinley's aggressive behavior was founded to be in violation of AC 3-15(b) Animals Molesting Passerby's. and AC 3-15(b) Animal at large (Ref. #16-029084).
- On 08/02/16 your dogs, Admiral and Kinley (identified in paragraph 1) were involved in another incident where they left their property and molested a runner on the street. In that incident it was reported that Kinley and Admiral left their property and charged a runner in the street. This runner stated that the dogs aggressively came at her barking and growling and trying to nip at her. The investigation showed that Kinley and Admiral's aggressive behavior was founded to be in violation of AC 3-15(b) Animals Molesting Passerby's. And AC 3-15(b) Animal at large (Ref. #16-029051).

- On 08/02/16 your dogs, Admiral and Kinley (identified in paragraph 1) were involved in yet another incident where they left their property and proceeded to bite and molest a walker on the street. In the report it stated that the walker was on the far side of the street when Kinley came charging at her and bit her. The walker also stated that Admiral also came off the property and acted in an aggressive manner towards her by barking and growling at her. The investigation showed that Kinley and Admiral's aggressive behavior was founded to be in violation of AC 3-15(b) Animals Molesting Passerby's., AC 3-15(b) Animal at large, and AC 3-15 (b) Attacks without provocation. (Ref. #16-029236).

Due to the above repeated instances of Kinley and Admiral, displaying an aggressive disposition towards animals and humans it has been determined that the dogs "Kinley and Admiral" are to be declared as dangerous animals for the City of Appleton.

**IMMEDIATE ACTION IS REQUIRED:**

Because your animal has been declared dangerous, you must comply with leashing, muzzling, and confinement requirements **IMMEDIATELY**, as set forth in City of Appleton Municipal Code Section 3-132. You must, **within thirty (30) days**, comply with all other requirements of City of Appleton Municipal Code Section 3-132 of the dangerous declaration. The pertinent section of the municipal code is attached to this document. This order is intended to protect against injurious results to human beings and domestic pets caused by unprovoked attacks by your animal.

**APPEAL RIGHTS ARE TIME-SENSITIVE:**

If you or any other owner or caretaker of the above-named animal wishes to contest the attached Order, **within 72 hours YOU MUST deliver to the Health Officer a written objection** to the order stating specific reasons for contesting the order. Failure to timely file an objection will result in your forfeiture of the right to appeal this Order.

The health officer, Kurt Eggebrecht, M.Ed. with the City of Appleton Health Department can be reached at:

**Kurt Eggebrecht, M.Ed.**  
100 North Appleton Street

**ORDER DECLARING ANIMAL DANGEROUS**

---

As the owner and/or caretaker of the above-named animal, you are hereby notified that the City of Appleton has declared that the above-named animal is dangerous pursuant to the City of Appleton's Municipal Code 3-131.

Because the animal has been declared dangerous, you are further notified that you must immediately comply with leashing, muzzling, and confinement requirements of City of Appleton Municipal Code Section 3-132. You must, within thirty (30) days, comply with all other requirements of City of Appleton Municipal Code Section 3-132 of the dangerous declaration.

This order remains in effect, even if appealed, until modified or withdrawn. This order is in effect for the lifetime of the animal.

SO ORDERED, this 4th day of August, 2016 at 9:05 (am)/pm.

  
Matthew Fillebrown, Certified Humane Officer  
Appleton Police Dept. City of Appleton, WI

I, Jessica L. Owen (respondent's printed name), acknowledge receipt of this order and understand the contents of the order, including the time limits if I wish to appeal.

**Subject:** Dangerous Dogs appeal request 8-5-16 for Owner JL Owen k9s Admiral Vom Steiglerhof and Kinley Vom FullForce

Hi Kurt,

I would like to request an appeal regarding my adult GSDs Kinley & Admiral. Do you think this is something that you may have time to discuss with me this coming week please?

I would also like to request your help in learning more about kennel lic.

I am not sure if we met last week but my daughter and I were volunteers down at Camp Hope & met the Appleton Humane Society when they came to Pullman Park with the service dogs. I am an Outagamie Co K-9 unit avid supporter. I am associated w a couple of GSD clubs in the states & international. I have 2 adult GSDs one from the SDA & the other is an older SchH2 titled k9 (who saved my son from choking 2 years ago), plus I had my 1st litter of puppies. I have had no issues with my GSDs doing anything other than the puppies getting out two weeks ago when I was in the shower and my daughter came inside vs watching them the full time they were outside. At that time they were roughly 22-23 weeks old. The puppies know how to Oust, Nein, Sitz, & Here. They all have Tri-Tronic Trashbreaker collars.

I have not seen the police reports yet but I can tell you that it was not addressed prior in any form that I have been made aware of nor did anyone come forward when I sought out to apologize for any wrong doing on my dogs part. The officer or dispatcher were given the same extent of details as what I was made aware the charges were going to be as of yesterday. I am shocked and saddened by the situation because safety is my # concern. I was hoping to train one of the litter mates for the Outagamie K-9 unit as 1 of the puppies had gone to a veterinarian & will be a community service dog. I have more Outagamie K9 stuffed animals than you can imagine. We have been living, breathing, sleeping GSD and I am praying this is all a big misunderstanding. My dogs are constantly around new people, new kids(who have been known to walk in without warning in the house). And not once has a child ever been harassed by one of my dogs. They are protectors, they do not shy away from loud noises or gunshots & these dogs are the kind of dogs that would give their life for you. Last weekend they had 2 new sitters watching them and neither person was afraid or had anything but great things to say about the K9s. Their temperament has been tested and certified as exceptional. I beg you to please speak with me regarding this matter. My phone#is 615-720-9919. I have taken extra measures with our fence, property and have their records on file for you.

Here are some pictures of my dogs.

RE: Request for Noise Variance  
Unit O-16 Sanitary & Storm Sewer CIPP Liner

Dear Mr. Eggebrecht:

This letter is to request a noise variance for an upcoming Department of Public Works project in the City of Appleton. The project will consist of installing a cured-in-place pipe (CIPP), in the sanitary and storm sewer system, and take place on the following streets and/or easements:

1. Division St. (111' n/o Washington St. to 346' n/o Washington St.)
2. Miller Electric - Douglas St. (Spencer St. to Fourth St.) & Fourth St. (Douglas St. to 332' w/o Outagamie St.)
3. Mueller St. (403' n/o Fourth St. to Prospect Ave.)
4. River Dr. (w/o Memorial Dr. and s/o West River Rd.)
5. Easement-Riverview Lane & Seymour Street
6. Telulah Park (730' n/o Newberry St. to 20' e/o Service Rd.)
7. McKinley St. (200' e/o Carpenter St. to 40' north)

Plans for this project will go out for bid August 29, 2016 with a bid opening on September 12, 2016. The contractor will be given a duration of October through December of 2016 to complete the project.

Depending on the size and length of the pipe, the CIPP process can impact the sewer service to a business or resident from 8 to 24 hours for this project. The residents may hear sounds, intermittent throughout the project, related to heavy equipment such as a crane, boilers, air compressor, truck traffic and deliveries of materials. When installation of the CIPP is taking place, the boilers may run constant through the night.

There is an odor that is emitted in this CIPP process. The odor is from styrene, which is a component of the resin that cures the line. Styrene has a very distinct odor, for example, like the smell of latexes, paint or polyester resins. The City has been using this method of CIPP for many years, so I do not anticipate any problems from the odor.

The residents will be notified of the project by a courtesy notice from the City and we will also require the contractor to send a notice out one week prior to the liner installation. Additional communication from the contractor will be made to the residents where sewer interruptions will occur.

Thank you and please do not hesitate to call me at 920.832.5915 if you have any questions.

Sincerely,  
CITY OF APPLETON

Chad M. Weyenberg, P.E.  
Project Engineer

# APPLETON HEALTH DEPARTMENT QUARTERLY REPORT April – June 2016

## Executive Summary

*The Health Department's day-to-day activities for the second quarter of 2016 are enumerated in the attached report. The Department continues to work toward fulfilling the goals of our Department, keeping in mind the belief statements that support and enhance our mission statement.*

### ***“Plays a vital role assessing and assuring the health needs and trade practices in the community”***

Tim Mirkes, RS, Environmental Health Supervisor, conducted a courtesy inspection at the Boys and Girls Club food service kitchen at the request of the Food Manager. No items were noted in need of correction. Although not required but recommended in last year's report, the manager has become a Certified Food Manager. While the Boys and Girls Club is exempt from licensing, it is still important to assure safe meal delivery.

### ***“Provides services to protect and promote the health and well-being of the citizen and consumer”***

Environmentalists Michelle Roberts, RS, and Steve Kihl, RS, conducted food stand inspections at the annual Xavier Food Fair event held Sunday, May 1. No critical violations were found during those inspections.

Public Health nursing staff worked with World Relief Fox Valley and various partners in the Appleton community to welcome 14 refugees during the months of April, May and June 2016. These new residents came from the Afghanistan, Cuba, and the Democratic Republic of Congo.

### ***“Communicates with the public on health and consumer related issues”***

This quarter staff provided a variety of education sessions including:

April 4, Public Health Nurses Jess Moyle, RN and Becky Lindberg, RN trained staff at Young Child Development Center on the Ten Steps to Breastfeeding Friendly Child Care Centers. 15 staff members attended the training.

April 5 and 7, Public Health Nurse Becky Lindberg, RN trained 11 community members in Youth Mental Health First Aid at Appleton West High School.

April 11, Public Health Nurse Kathleen Sprangers, RN presented on, "Childhood Lead Poisoning Prevention", at Thedacare Regional Medical Center-Appleton's Mommy and Me group. 16 Moms and their babies were in attendance.

April 12, Tim Mirkes, RS, Environmental Supervisor, gave a presentation at the 2016 Wisconsin Environmental Health Association Annual Spring Conference. The topic was Beekeeping in an Urban Setting.

April 19, Health Officer Kurt Eggebrecht moderated the keynote session at the 30<sup>th</sup> anniversary annual meeting of the Wisconsin Health Education Network Conference held in Madison. This year's theme was "Building Capacity for Healthier Communities: Celebrating the Past, Focusing on the Future".

April 21, Health Officer Eggebrecht spoke at the Citizen Academy held in City Hall. He provided a brief history of the development of a public health system in Wisconsin and the current services provided by Appleton Health Department.

April 22, Health Officer Eggebrecht was a guest speaker at the Fox Valley Technical College. The class was for future law enforcement personnel and he spoke on interdepartmental cooperation using the ICS structure during a public health emergency.

May 4, Weights and Measures staff provided training at two area farm market meetings. Weights and Measures Specialist Keith Verhagen spoke at the annual Festival Foods Farm Market meeting at the Festival Foods Store on Northland Ave. A record number of Vendors attended the meeting this year. He provided information regarding policies as well as the testing of 30 farm market vendors' scales. The mandatory meeting provides a great foundation for high compliance throughout the Farm Markets summer duration. Weights and Measures staff will monitor the farm market closely throughout the summer to ensure compliance.

May 5, Health Officer Eggebrecht spoke at the Wisconsin Hospital Association Summit. The theme was to Advance Community Health in Wisconsin. Eggebrecht spoke of the hospital/public health partnership in the Fox Valley where population health is addressed to improve the health of the community.

May 6, Public Health Nurses Jess Moyle, RN and Becky Lindberg, RN presented on safety and injury prevention at the Young Parent Conference. 20 young parents were in attendance.

May 9, Public Health Nurses Becky Lindberg, RN and Jess Moyle, RN trained staff at Celebration Child Care Center on the Ten Steps to Breastfeeding Friendly Child Care Centers. Eight staff members attended the training.

May 11, Public Health Nurse Ashley Rankin, RN presented on "The Real Happy Hour", at the Appleton Boys and Girls Club Health Fair. 143 children attended the health fair.

May 25, City Sealer Eric Maggio and Weights & Measures Specialist Keith Verhagen participated and spoke at the annual Appleton Downtown Saturday Farm Market Vendor meeting held at the Appleton Library. They provided information

regarding policies as well as going over farm market rules. Staff tested 29 farm market vendor's scales as well as conducted package and labeling inspections.

May 26, Public Health Nursing Supervisor Sonja Jensen, RN, in collaboration with staff from World Relief Fox Valley and the Winnebago County Health Department, presented at the breakout session at the WPHA-WALHDAB annual conference. The presentation was titled, "Refugees: The Real Story".

June 20, Public Health Nurse Kathleen Sprangers, RN presented on Immunizations at Thedacare Regional Medical Center-Appleton's Mommy and Me group. Twelve Moms and their babies were in attendance.

June 30, Health Officer Eggebrecht was asked to present at the Northeast Health Educators group. The topic was Expanding the Knowledge and Networking Opportunities for Health Educators. More than 40 attended the program held at the Menasha Library.

***"Provides services in a cost effective and efficient manner"***

In coordination with Mosaic Family Health Residency Program, this quarter, two resident Physicians met with Environmental Supervisor Tim Mirkes to learn about the Environmental Health responsibilities at the Health Department. By providing this in-service, Resident Physicians gain awareness of rabies follow-up, food safety and food borne illness investigation as it relates to their practice, as well as other areas where the environmental section can be a resource.

May 26, our department hosted a training seminar on syphilis testing. Representatives from the Aid Resource Center and the local public health department participated.

***"Develops and evaluates departmental programs, policies and procedures based on community needs and collaborate with community agencies and providers to assess those needs and ensure high quality services"***

On April 6th, Public Health Preparedness Coordinator Sarah Burmeister participated in the Fox Valley Area Health Care Coalition design team meeting. Sarah worked with the design team since November 2015 putting together an Ebola Exercise that tested capabilities in Mass Fatality and Information Sharing. On April 8th Sarah attended a training called HSEEP, which standardizes the way an exercise is evaluated. The HSEEP training prepared Sarah to evaluate the Ebola Exercise. On April 13th department staff Ann Steele, Sonja Jensen, Tim Mirkes, and Sarah Burmeister attended the Ebola Table top Exercise. Attending the exercise allowed Ann, Tim, and Sonja to talk through how emergency operations would work during an Ebola outbreak. How our department would respond as a region was also an outcome of this training.

Also, this quarter on April 14th, the North East Wisconsin Public Health Preparedness coalition met to discuss changes made to the Resource Management checklist portion of the Public Health Emergency Plan (PHEP) to close gaps in the Volunteer Management Capability. Preparedness Coordinator Sarah Burmeister also shared the work she has done on job action sheets as part of the Partnership's Mass Fatality Plans.

On June 14th, Sarah Burmeister participated in a state-wide exercise, called BAT-16. The purpose of the exercise was to practice the dispensing of medicine from the Department of Health Services to local health departments. Sarah served as an evaluator for the Fond du Lac County Health Department. Fond du Lac County practiced opening a point of dispensing location for their response partners. The exercise was very informative and allowed Sarah to gain more experience evaluating an exercise.

This quarter our department worked with the Fox Cities Kiwanis Club, Police Department and World Relief to collect bicycles and helmets for our new refugees we have welcomed to Appleton. This need was identified at our April Fox Valley Refugee resettlement meeting.

On June 20<sup>th</sup>, Health Officer Kurt Eggebrecht participated in the Leading Indicators For Excellence (LIFE) Study. At this event held in Neenah participants, reviewed data prepared by consultants then voted on top health priorities for our region.

***“Professional staff works together as a cohesive team by cooperating, communicating and supporting each other to achieve departmental and individual goals”***

Health Department staff participated in a variety of training opportunities this quarter including:

April 6, Public Health Nurses Becky Lindberg, Jess Moyle, and Trish Schuldes attended the training Parents Interacting with Infants. This was held at the Riverwalk Hotel in Neenah, and was sponsored by CESA 11.

April 8, Public Health Nurses Ann Steele, Jess Moyle, Kris Eiden, and Trish Schuldes attended the Wisconsin Disease Surveillance System (WEDSS) upgrade training, held at UW-Fox Valley in Menasha.

April 12, Public Health Preparedness Coordinator Sarah Burmeister, attended the Wisconsin Environmental Health Association (WEHA) Spring Conference on a stipend awarded to her from the organization. The conference focused on local issues such as local food being used in schools and how to handle local emergencies, such as a sewage spill in a local community garden from an environmental and food safety stand point.

April 18 - 22, Public Health Nurse Jessica Moyle and Public Health Preparedness Coordinator Sarah Burmeister attended the Preparedness Summit held in Dallas, Texas. Jessica and Sarah were able to attend the conference thanks to a training scholarship provided from Wisconsin Department of Health Services. The conference focus was on Community Recovery and Resiliency. The speakers of the conference really drove home that when rebuilding a community, it should be built to better withstand disasters for the future. There was also a special late breaking session on Zika virus that both Jessica and Sarah attended.

April 21, Public Health Nurses Ashley Rankin, Becky Lindberg, Kathleen Sprangers, Sonja Jensen, and Trish Schuldes attended the 2016 Immunization Update: "Community Immunity: Protecting Tweens and Teens." The training was sponsored by the Northeast Wisconsin Immunization Coalition and held at The Marq, De Pere.

May 3, Public Health Nurses Kathleen Sprangers and Sonja Jensen attended the Wisconsin Immunization Registry User Group Training in Green Bay.

May 20, Public Health Nurses Becky Lindberg and Susan Larson attended the Fox Valley Refugee Community Collaboration meeting at the JP Coughlin Center in Oshkosh. This was sponsored by World Relief Fox Valley.

May 24 - 26, several staff and Board of Health members attended the joint conference of the Wisconsin Association of Local Health Departments and Boards of Health and Wisconsin Public Health Association (WAHLDAB-WPHA) Spring Conference. The conference focused on public health ethics. Staff utilized scholarship funds from State Department of Health Services to participate in the conference, which had a preparedness tract and discussed the balance between protecting the general public and an individual's rights. The event was held at the Paper Valley Hotel in Appleton.

June 2, Public Health Nurses Ann Steele and Kris Eiden attended the Annual Partner Services Regional meeting at the Schieg Center in Appleton. This training was sponsored by the State Of Wisconsin AIDS/HIV Program.

Respectfully submitted,

Kurt Eggebrecht, M.Ed., MCHES  
Health Officer

Device Inspections	Output #3: # of inspections	1,726	1,823	1,794	982	1,750

### **Areas of Primary Concentration for 2016**

Population health strategies will remain a priority for the department in 2016. Our department will continue to serve in a leadership role for the Weight of the Fox Valley project. Obesity is a known risk factor for cardiovascular disease, type 2 diabetes, certain cancers and a wide range of other diseases. In 2016, we will assist with two community based projects: Weight of the Fox Valley and The Fox Cities Bike Challenge.

Re-emerging communicable disease such as measles, pertussis and TB will continue to impact our community and as such, we will continue to strengthen surveillance and communication with our health care partners.

### **Budget Performance Summary**

See the attached FASTR report of program expenses. It is important to note that these are not final audited numbers.

**Appleton Health  
Department**

# Memo

**To:** Kurt Eggebrecht

**From:** Tim Mirkes

**cc:**

**Date:** August 1, 2016

**Re:** Recommended Ordinance changes – August 2016

---

With the passing of 2015 Wisconsin Act 55, the Food Safety and Recreational Licensing section of the Department of Health Services was merged with the Division of Food Safety at the Wisconsin Department of Agriculture, Trade and Consumer Protection (WDATCP), creating a new “Division of Food and Recreational Safety” in WDATCP, effective July 1, 2016.

As a result of that merger, several existing City ordinances will require modification to correct Wisconsin Administrative Code references.

Also, with the merger, Wisconsin Local Public Health Departments (LPHD) that are Agents for WDATCP recently learned the Attorney for WDATCP issued an opinion that affects the LPHD’s ability, including the Appleton Health Department’s, to license Taverns that serve no food under our agent contracts with WDATCP. (Taverns that serve food, such as sandwiches or pizzas are considered to be classified as a restaurant and are not affected by this opinion.) Appleton currently licenses and inspects 10 such establishments that meets this definition.

The opinion issued also affects the LPHD’s ability, including the Appleton Health Department’s, to issue non-profit Food Stand permits to not for profit organizations occasionally preparing or serving food to the general public under our agent contract

with WDATCP. In fiscal year 2015/16, Appleton provided food service training and issued permits to 137 nonprofit organizations that fit this definition.

To rectify this, “Taverns” that serve no food will need to be addressed in a section of the Ordinance other than the current section, which adopts the Wisconsin Administrative code by reference. Taverns may be licensed under local authority, but not as an Agent of the State since ATCP-75 specifically exempts taverns from State licensing requirements.

Also, another section needed in the Ordinances is a section that addresses issuance of a “Certificate of Food Safety” rather than a “Non-profit Food Permit”. Nonprofit organizations may be issued a “Certificate” under local authority, but not as an Agent of the State since ATCP-75 specifically exempts taverns from State licensing requirements.

I think it’s critical that the Appleton Health Department maintain a continued public health presence in these areas to ensure the high standards established in our community.

Willems Marketing  
Dave Willems  
120 North Morrison Street Suite 200  
Appleton, WI 54911

Dear Mr. Willems:

This is to notify you that I have granted approval of your request for a noise variance for the Mile of Music event which will take place Thursday, August 4<sup>th</sup> through Sunday, August 7<sup>th</sup>. I understand that bands playing at the below locations will not exceed 11pm. The only exception is the Fox River House which received prior approval from the Board of Health to have amplified sound until midnight on both Friday and Saturday nights.

- D2 (403 W. College Ave.)
- Houdini Plaza (W. College Ave.)
- Jones Park (301 W. Lawrence St.)
- Spats (733 W. College Ave.)
- Basil's (109 W. College Ave.)
- Brewed Awakenings (107 E. College Ave.)
- History Museum Courtyard (330 E. College Ave.)
- Radisson Paper Valley Hotel Courtyard (333 W. College Ave.)
- Stone Cellar Brewpub (1004 S. Olde Oneida St.)
- Emmet's (139 N. Richmond St.)
- City Park (500 E. Franklin St.)
- Riverview Gardens (1101 S. Oneida St.)
- Lawrence University (711 E. Boldt Way)
- Riverside Pub (906 S. Olde Oneida St.)
- Fox River House (211 S. Walnut St.)

If you have any questions, please feel free to call me at 832-6429.

Sincerely,

Kurt Eggebrecht, M.Ed., MCHES  
Health Officer

cc: Appleton Police Department
