Return application to: City Clerk, 100 N. Appleton Street, Appleton, WI 54911-4799

August 30, 2016

To Whom It May Concern,

I would like to amend my liquor license to include my parking lot (approximate sq. footage = 100 x 100 sq ft) for Octoberfest weekend. The dates are Friday, September 23rd and Saturday, September 24<sup>th</sup>.

We are planning to have live music and serve alcohol outside.

We will have plenty of staff and security scheduled for this event. We plan to have this area fenced off. We will not be allowing anyone under the age of 21 into this area. We will have plenty of Port-a-Potties available.

This will mirror the event Mile Of Music.

I have gotten permission from my landlord and surrounding business and neighbors to hold the event outside.

If there is any more information you would need, please call me at 920-378-3697.

Sincerely,

A handwritten signature in black ink that reads "Sharon Reader". The signature is written in a cursive, flowing style.

Sharon Reader  
Owner - Emmetts Bar & Grill

CITY OF APPLETON  
RESOLUTION

**Resolution declaring the change in polling place for District 4 in the City of  
Appleton pursuant to Section 5.25 Wisconsin Statutes**

WHEREAS, City of Appleton Aldermanic District 4 is comprised of Wards 8, 9, and 10 and;

WHEREAS, The current polling place for District 4, Alexander Gym at Lawrence University has posed challenges in relation to space, parking, and storage and;

WHEREAS, it is in the best interest of the City of Appleton to change the District 4 polling place to a facility that would better accommodate voters and Election Day operations;

NOW THEREFORE BE IT RESOLVED that the City of Appleton District 4 Polling place be changed **to Memorial Presbyterian Church located at 803 E College Ave, Appleton, WI 54911** effective beginning with the November 8, 2016 Presidential & General Election.

APPLETON, WI 54911**

## MEMORANDUM

**To:** Alderperson Kyle Lobner, Chair, Safety and Licensing Committee  
Members of the Common Council

**From:** Len Vander Wyst., Fire Chief

**Date:** September 6, 2016

**Re:** 2016 CIP Project Modification - Training Tower Upgrade

---

The 2016 approved budget contains funding for the second phase of the upgrade of the training tower located at Fire Station Six. The original upgrade was the installation of an exterior flashover simulator with fire generated smoke being piped into the training tower. The goal of this upgrade was to enhance training opportunities including the education on flashover, fire behavior and smoke travel. Enhance search and rescue operations with high density dark smoke and enhanced direct fire attack through fire simulation.

After budget adoption, the department determined some negative impacts with moving forward with the original plan. Recent studies have identified the impacts of all types of fire generated smoke with a direct correlation to increased cancer levels in firefighters. This exposure initially identified as a respiratory concern is now being identified as a skin absorption concern through direct smoke contact and contact through contaminated personal protective equipment. As a result, the department immediately initiated practices to improve protective equipment cleaning, practices for immediate decontamination of firefighters at the scene and upon return to the station and improved respiratory protection with modification in operating procedures. Additionally, concerns were raised regarding the potential impact to the surrounding neighborhood by using an exterior fire smoke generating flashover simulator.

To address these concerns, the department sent members of the chief's staff to the Fire Department Instructor's Conference to evaluate safer options for enhancing the training of our members but excluding the additional exposure to potential hazardous smoke as well as protective equipment contamination.

The modified proposal addresses the original training needs but significantly reduces the concerns related to firefighter exposure and neighborhood concerns of fire generated smoke. The modified proposal includes:

1. Purchase two large smoke machines which utilizes non-toxic heavy density/dark theatrical smoke.
2. Replacement of the current PVC pipe smoke distribution system in the tower to provide better smoke distribution and adjustment abilities within the tower.
3. Purchase a flashover/fire behavior training simulator for flashover simulation.

*"Appleton Fire Department....serving with P.R.I.D.E."*

4. Purchase and install a roof ventilation system.
5. Purchase a digital fire training system for fire attack simulation.
6. Add (GFCI) electrical outlets more accessible throughout tower for use of digital fire system.

The proposed modification exceeds the original training tower upgrade plan and also provides additional flexibility in training opportunities for our employees. The modified plan eliminates the exposure of fire generated smoke, eliminating the concern to our employees as well as concerns from our neighbors, still providing us with alternatives to improve department training. The costs of the new plan are within the guidelines originally established by the approved 2016 CIP project.

If you have any questions or need additional clarification, please contact me at 832-5810.
