

REPORT TO CITY PLAN COMMISSION

Plan Commission Public Hearing Meeting Date: May 11, 2022

Common Council Public Hearing Meeting Date: June 15, 2022 (Public Hearing on Comprehensive Plan Amendment and Rezoning)

Items: City of Appleton *Comprehensive Plan 2010-2030* Future Land Use Map Amendment #2-22 and Rezoning #3-22

Case Managers: Jessica Titel, Principal Planner

GENERAL INFORMATION

Owner/Applicant: Apostolic Truth Church c/o Sam Al-Saadi

Lot/Parcel: N. French Road (Tax Id #31-1-7400-00)

Petitioner's Request: The applicant is requesting to amend the City's Comprehensive Plan 2010-2030 Future Land Use Map from future One and Two-Family Residential and Multi-Family designations to future Public Institutional designation for the subject parcel. In conjunction with this request, the applicant is also proposing to rezone the subject parcel from R-1A Single-Family District to P-I Public Institutional District. The requests are being made to accommodate construction of a place of worship.

BACKGROUND

The subject area was purchased by the church in 1993 with the intent of using the property for its future place of worship. The rezoning and comprehensive plan amendment would provide a future land use designation that is consistent with the proposed rezoning request and future use of the property.

On March 15, 2017, the Common Council approved/adopted the 5-year update to the *Comprehensive Plan 2010-2030* and Future Land Use Map. This plan establishes a vision for future land use, physical development, and quality of life in the City and provides a comprehensive set of goals, policies, and initiatives to achieve that vision. The Comprehensive Plan document and the accompanying Future Land Use Map also serve as a guide for future growth and development in the City. Periodically, development proposals or changing circumstances within the City may trigger consideration of an amendment to the *Comprehensive Plan 2010-2030*. That is the case for this request.

STAFF ANALYSIS

Procedural Findings: When a *Comprehensive Plan 2010-2030* Future Land Use Map Amendment and Rezoning application are required for the same development project, the respective staff reports are consolidated together as one.

Existing Site Conditions: The subject site is currently undeveloped land. The parcel is approximately 15.37 acres in size. The property has frontage along East Glory Lane, North Providence Avenue and East Ashbury Drive. The City's Arterial/Collector Plan classifies East Ashbury Drive and North Providence Drive as Collector Streets and East Glory Lane as a Local Street.

Surrounding Zoning Classification, Future Land Use Designation, and Current Land Uses:

North: Zoning – R-1A & R-1B Single-Family District

Future Land Use Designation – One and Two-Family Residential

Current Land Use – Single-Family Residential

South: Zoning – R-2 Two -Family District & PD/R-3 Planned Development Multi-Family District

Future Land Use Designation – One and Two-Family Residential and Multi-Family Residential

Current Land Use – Two-Family Residential and Multi-Family Residential

East: Zoning – NC Nature Conservancy District

Future Land Use Designation – Multi-Family Residential

Current Land Use – City of Appleton owned drainage ditch.

West: Zoning – R-1A Single-Family District

Future Land Use Designation – One and Two-Family Residential

Current Land Use – Single-Family Residential

Proposed Future Land Use Designation: Amendments to the Comprehensive Plan are sometimes triggered by technical corrections to omissions or errors, specific development proposals, or changing circumstances in the City. In this case, a specific development proposal for the area is necessitating the change to Public/Institutional designation.

The *Comprehensive Plan 2010-2030* does not identify specific locations for future public/institutional uses. However, Chapter 10 states that while public or institutional uses may be located on land designated for any use, certain criteria should guide site selection. At a minimum, the City should consider:

- Compatibility with existing or planned land uses in the area. *The proposed use of the property as a place of worship is consistent with the Public/Institutional Future Land Use designation.*
- Traffic or other impacts and the need for utilities. *The subject area is served by existing infrastructure, and the proposed Public/Institutional designation should not have a significant impact on traffic.*
- Scale of the proposed use (buildings, etc.) in comparison to existing or planned neighboring uses. *The Future Land Use Map Amendment request is being made to accommodate a potential future place of worship. Plans have not been provided at this point; however, any development will need to adhere to zoning code requirements in regards to setbacks, lot coverage and landscape buffering.*
- Whether the proposed location may be better suited to other uses (such as commercial or employment-related) that may be needed to serve the neighborhood or provide a proportionally greater benefit to the community as a whole. *The Future Land Use Map Amendment request is being made to serve the needs of a place of worship that will serve the surrounding neighborhood and community, Apostolic Truth Church.*

Comprehensive Plan 2010-2030 Goals and Objectives: The *Comprehensive Plan 2010-2030* and Future Land Use Map are intended to guide City growth and development in an organized, efficient manner. The Plan addresses a range of topics related to land use, housing and neighborhoods, economic

development, transportation, utilities and community facilities, and more. Evaluating the proposed amendment for consistency with relevant goals, objectives, and policies is necessary in determining if changes to the Future Land Use Map are appropriate. The proposed amendment appears to be consistent with the following excerpts from the City's *Comprehensive Plan 2010-2030*.

Goal 1 – Community Growth

Appleton will continue to provide opportunities for residential, commercial, and industrial growth, including appropriate redevelopment sites within the downtown and existing neighborhoods, and greenfield development sites at the City's edge.

OBJECTIVE 10.1 Land Use:

Provide an adequate supply of suitable land meeting the demand for development of various land uses.

Policy 10.1.1 Adopt, and as necessary, amend the Future Land Use Map in the Comprehensive Plan.

Proposed Zoning Classification: The P-I Public Institutional District is intended to provide for public and institutional uses and buildings, utilized by the community, and to provide open space standards where necessary for the protection of adjacent residential properties. The development standards for the P-I District are listed below:

- 1) **Minimum lot area.** *None.*
- 2) **Maximum lot coverage.** *Seventy percent (70%).*
- 3) **Minimum lot width.** *None.*
- 4) **Minimum front yard.** *Twenty (20) feet plus an additional one (1) foot for each two (2) feet that the building or structure exceeds thirty-five (35) feet in height.*
- 5) **Minimum rear yard.** *Twenty (20) feet plus an additional one (1) foot for each two (2) feet that the building or structure exceeds thirty-five (35) feet in height.*
- 6) **Minimum side yard.** *Twenty (20) feet plus an additional one (1) foot for each two (2) feet that the building or structure exceeds thirty-five (35) feet in height.*
- 7) **Maximum building height.** *Sixty (60) feet.*

Zoning Ordinance Review Criteria: A rezoning is often triggered by development proposals or changing circumstances in the City. In this case, the request is being made to accommodate construction of a future place of worship for Apostolic Truth Church. A place of worship, including its accessory uses, are permitted uses in the P-I Public Institutional District. Any future development would need to conform to the P-I District zoning regulations listed above and other sections of the Zoning Ordinance. Ultimately, Site Plan review and approval would be required, pursuant to Section 23-570 of the Municipal Code, prior to the issuance of a building permit by the Inspections Division.

Standards for Zoning Map Amendments: Per Section 23-65(d)(3) of the Municipal Code, all recommendations for Official Zoning Map amendments shall be consistent with the adopted plans, goals, and policies of the City and with the intent of the Zoning Ordinance. Related excerpts are listed below.

- a. Prior to making a recommendation on a proposed rezoning, the Plan Commission shall make a finding to determine if the following conditions exist. No rezoning of land shall be approved prior to finding at least one of the following:
 1. The request for a zone change is in conformance with the Comprehensive Plan for the City of Appleton. *If Future Land Use Map Amendment #2-22 is approved, to identify this area for future public/institutional uses, the rezoning request will be in conformance with the Comprehensive Plan 2010-2030.*
 2. A study submitted by the applicant that indicates that there has been an increase in the demand for land in the requested zoning district, and as a result, the supply of land within the City mapped as such on the Official Zoning Map is inadequate to meet the demands for such development.
 3. Proposed amendments cannot be accommodated by sites already zoned in the City due to lack of transportation, utilities or other development constraints, or the market to be served by the proposed use cannot be effectively served by the location of the existing zoning district(s).
 4. There is an error in the code text or zoning map as enacted.
- b. In addition to the findings required to be made by subsection (a), findings shall be made by the Plan Commission on each of the following matters based on the evidence presented:
 1. The adequacy of public facilities such as transportation, utilities and other required public services to serve the proposed site. *The subject area is served by existing infrastructure, and the transportation network should be able to accommodate the proposed rezoning.*
 2. The effect of the proposed rezoning on surrounding uses. *The proposed rezoning will allow for the construction of a place of worship. Proposed setbacks and parking lot landscape buffers will be reviewed in accordance with the Zoning Code requirements at the time of Site Plan review. Therefore, the proposed rezoning request is unlikely to create adverse impacts in the surrounding neighborhood.*

Review Criteria: Based upon the above analysis, it would appear the criteria established by Section 23-65(d)(3) Zoning Amendments has been satisfied, provided Comprehensive Plan Future Land Use Map Amendment #2-22 is approved.

Technical Review Group (TRG) Report: These items were discussed at the February 1, 2022 Technical Review Group meeting. No negative comments were received from participating departments.

RECOMMENDATION

Based upon the above analysis, staff recommends the proposed City of Appleton *Comprehensive Plan 2010-2030* Future Land Use Map Amendment #2-22 for the property located on N. French Road (Tax Id. #31-1-7400-00) from the One and Two-Family Residential and Multi-Family designations to the Public/Institutional designation and resolution, **BE APPROVED**; and

Future Land Use Map Amendment #2-22 & Rezoning #3-22

May 11, 2022

Page 5

Staff recommends, based upon the standards for zoning map amendments as required by Section 23-65(d)(3) of the Zoning Ordinance, that Rezoning Application #3-22 to rezone the subject parcel located on N. French Road (Tax Id. #31-1-7400-00) from R-1A Single-Family District to P-I Public Institutional District, including to the centerline of the adjacent right-of-way and as shown on the attached map, **BE APPROVED.**

NOTE: If approved, Rezoning #3-22 will be reported out at the same Common Council meeting as the proposed Comprehensive Plan Amendment #2-22 to accurately reflect the change in future land use from One and Two-Family Residential and Multi-Family Residential designations to the Public/Institutional designation.

**RESOLUTION
