**To:** Municipal Services Committee  
**From:** Eric S. Lom, City Traffic Engineer  
**Date:** July 15, 2022  
**Re:** Apple Fields Subdivision traffic control

The *Apple Fields* subdivision was recently developed. Outlined below are the recommended traffic-related ordinance changes associated with this added roadway.

#### INTERSECTION CONTROL

Based on its functional classification as a *Collector/Through Street*, all streets intersecting with Lightning Drive must be controlled with Stop signs as required in Section 19-41 of the Municipal Code. To accomplish this, the following ordinance action is required:

1. **Create:** "Install stop signs on Honeygold Court at Lightning Drive."
