On the south side Telulah would be great -Appleton needs a few E/W bike route with dedicated lanes across the city on both sides of the river; Capitol Drive, Glendale, Spencer, and Prospecton the north side are ideal. | 1 | A better river walk trail. |
| 1 | A few more tennis courts on southside of Appleton |
| 1 | A large loop type trail that takes the rider through varying neighborhoods. Trail should be a complete loop so the rider doesn't have to back track. Again, refer to the Green Circle trail in Stevens Point. |
| 1 | A place to play Frisbee golf, soccer, and basketball. Specifically in the inner city. More green space, especially on the boulevards. |
| 1 | A rugby field! Trails to connect multiple parks. Planned recreational activities. |
| 1 | A small area to park near veterans park, more adult activities near playgrounds like volleyball, tennis etc but overall good! |
| 1 | A trail connecting Neenah to Appleton that doesn't just follow a road like the CE trail. |
| 1 | A trail connecting the Telulah park bike trail along the river and the trail by the Banta bowl. |
| 1 | A unique all-ages web-like playground and outdoor fitness park like Fritsch Park in the Town of Menasha. Trails that allow walking along the length of thr river, from Lutz Park to Peabody Park. |

1 Additional trails, particularly with safe and easy road crossings. 1 Adult exercise equipment north west side of the city 1 Adventure playgrounds, improve the safety of Arbutus park, reopen Badger pool for open swim in the summer. 1 Again, dog parks are needed throughout. 1 All city parks should have playground surfaces like Memorial & City Park for access for all. MUST put a gated fence around Universal Playground at Memorial Park. Great park but sight lines are very poor and the park is too close to the pond for safety. I have a child with autism that wanders. It takes only a moment for a child to be out of a parent/caregiver's sight. We are quite lucky no one has drowned! I know there have been close calls in recent years. 1 All parks need more sporting/recreational facility. 1 Allow dogs at parks. 1 Allow dogs in All Appleton parks for walks. 1 Allowing dogs. Along the Fox River Trail, from Peabody Park up to College Ave 1 1 Along, across the Fox River under Oneida Bridge - how about an edible garden (not for the geese) - for people 1 An aquatic center - north side or a pool 1 Any family recreation along the Fox River would be nice. This might include new parks, beaches, more trails, etc. 1 Anything pet friendly- the sidewalk is bussy with people walking dogs. It would be nice to have other areas with trails bridges and resting areas built into community. The dog park sucks! Aesthetically pleasing areas with plants and design. Activity water fountain Why not build the library close to a park area and rent equipment for community activity. Examples snow shoes, gardens, bikes. 1 Appleton does a pretty good job with its parks. We need to look for any place that can be used for green space. The park along South Kensington Drive is a good example. This is a very new park, as parks go and it is very popular. What a shame if it had never been conceived. Appleton parks are good. Maybe more green space in general. 1 Arbutus needs more police patrol and supervision. I know that is not the questions, but a simple walk through is more than enough to just show that so meone is watching the ravine. The over growth that provides secrecy for unsavory activity should also be addressed. We rented a home off of Wis. Ave for 5 years and played there often. Our son was 3 weeks old when we moved in. I never felt comfortable enough to go alone with my son. I always had my husband along. 1 Areas to have family gatherings such as places to grill or play, and bike trails.

| 1 | Groomed cross country ski trails would be nice but I'm not sure where. Kayak rentals would be great |
| 1 | Hiking trail from Lutz Park past downtown on the river. A new park in the flats to take advantage of the river. |
| 1 | Historic and eco friendly trails for the little ones |
| 1 | Hoops for basketball. Bike racks to lock your bike. Benches |
| 1 | I am concerned about the plan to replace the Telulah Park soccer field with tennis courts. This field is used almost continuously in season, with soccer, ultimate frisbee, etc.drawing many people to the park. I don't think tennis courts could draw as many people. In any case, tennis courts could be constructed on the site of the parking lot at the corner of Weimar and Newberry, if desired. |

| 1 | I am not sure that we need to add anything, but we need to maintain what we have. The various buildings, picnic tables, grills, etc, should be maintained or replaced, if needed. |

| 1 | Idon'tuse city parks |
| 1 | Ifeel like there's everything I need and want |
| 1 | Ifeel that trails are needed in the northland avenue area. And I also feel that all parks should have areas for children 3 and under to play in. |
| 1 | Ifeel there is a shortage for swimming lessons for working families in the evenings or on weekends |
| 1 | I have no answer for this one. |
| 1 | I like all the ones Appleton currently has. Versatile uses for parks |
| 1 | Hike the decisions that have been made about Erb Park. Bravo for listening to the voice of the people! I would like to see fountains where kids can play on a hot day like in larger cities near downtown. |
| 1 | Hike the idea of splash pad at pierce park. Updated or repairs to equipment at Alicia Park. Hands on exploration such as overlooking the river at Alicia Park. Organic style interactive play. |
| 1 | I love the neighborhood parks with playgrounds for my grandchildren. I wish we dog-walkers didn't need to circum vent parks when our dogs are on a leash. Trails need to connect - they're great but so metimes they just stop. Trails along the river are especially attractive. |
| 1 | Hove the walking paths created in the City parks such as Linwood but to save money I don't think they should be shoveled and plowed in the winter. |
| 1 | I really don't understand what's happening near Telulah Park with the Riverheath and construction. Public access to the water, and trails along the water, and preservation of green space is important. |
| 1 | Ispecifically bought a house near Erb Pool. |
| 1 | Ithink an off street paved trail would be nice connecting the trails near Ballard to the Plamann Park area. |
| 1 | I think there are a lot of great parks in Appleton and they get used very well. |
| 1 | I think water pad for younger kids and more bike lanes/paths to get to downtown |
| 1 | Ithink we have a great selection of trails and amenities. Some of them are not the easiest to find parking though |
| 1 | I think what really makes a city special is that there are places where people can meet. I have heard this about Erb Park. Not sure how to make a park a place where people can meet, but that would be special. |
| 1 | I walk the city streets. I'm not a park walking person |

| 1 | I would like to see a nordic ski center with miles of trails. |
| 1 | I would like to see more trails near the riverfront, ideally connected to downtown and that lead to resturants/bars - so a destination is possible. |
| 1 | I would love to see a park that offers outside exercise equipment like Fritsch park in Menasha. |
| 1 | I would love to see a small water feature near the playground in City Park. They exist in many urban New York City parks, and they are popular and fun. |
| 1 | I would love to see some tennis facilities on the Northeast end of town. |
| 1 | I would say making more trails along the river and making them safer. As a woman I would never walk down them by myself. |
| 1 | I'd like to walking/biking trails connected and safe. |

| 1 | I'm satisfied with what we currently have. |
| 1 | Ice skating rink and pools are a must. As are empty spaces. |
| 1 | lce-skating rink. Erb park pool needs to be expanded. More rails-to-trails. |
| 1 | If web is closing, there needs to be another pool. Not spash pads. Swimming lessons will be harder with only meade being the only outside pool. Acceptance of Grand Chute into resident prices. |
| 1 | Improvements could be made to ball diamonds at local schools with minimal expense. They are sub-par. Leashed dogs should be allowed in some areas. |
| 1 | Indoor water park-type facility; trails along the river (connecting Lutz Park with the rest of the city). |
| 1 | Interactive playground equipment similar to Memorial Park. |
| 1 | Interconnected bike trails, as in Minneapolis |
| 1 | Is it feasible to create a trail system to connect some/many of our parks? |
| 1 | It is difficult to skateboard in Appleton. It is restricted downtown and there really are no other places to skateboard safely. |
| 1 | It was a good decision to invest in the Erb pool and also need to maintain or expand Meade pool facilities. Bike lanes within certain proximity to all parks should be a goal. |

| 1 | It would be GREAT if all the various trails were connected somehow! |
| 1 | It would be amazing to have a walking trail/foot bridge across the river. I realize that it's probably not realistic expense-wise, but Eau Claire has some and they are great additions to the community. |
| 1 | It would be great if there was a bike trail system that you could ride through out the whole city. |
| 1 | It would be nice to have a dedicated bike trail that connects the city parks. |
| 1 | It would be nice to have more nature preserves and parks. It would be nice to have a climbing wall. It would be nice to have ice skating rinks devoted to beginners only (it is hard to bring children to the rink when hockey players are practicing the hockey players come during open skate periods and it is too chaotic sometimes for small children). |
| 1 | It would be really nice to have some green space west College pass PAC |
| 1 | It'd be great to be able to run through the some of the parks with a dog - staying on a designated trail. |
| 1 | It'd be nice to see more green spaces and squares mixed in the downtown area. Also, more connectivity between trails. |
| 1 | It's hard to get to most of the bigger trails. Need to cross very busy intersections. |
| 1 | Jones park needs more equipment for ages 5+ as it seems to mainly be for toddler preschool aged children. The pavilion there feels unsafe and hidden, would like to see it changed or perhaps turned into a stage for music or other activities. Peabody park riverfront seating (ieswings) could use updating and added benches. A path or sidewalk in that area would also allow for easier access as its currently a muddy, shallow grass area. Personally that area could be beautiful and functional with some much needed landscaping and updating work The under bridge area also is rather dirty area, perhaps added trash cans to the walking path would help this. |

Count Response 1 Parks with trails you can take your dog on, downtown/near downtown or Wisconsin Avenue between Calumet and Ballard splash pad or fountain you can actually play in downtown/near downtown or Wisconsin Avenue between Calumet and Ballard 1 Peabody Park-Many times have seen glass shattered off of the pacific st. bridge on the ground below. More maintenance needed there. The park overall seems a bit sketchy later in the evening. Jones Park feels so mewhat unsafe to me. Probably the worst of any park in Appleton because of Proximity to the jail/ Huber release workers coming and going. Have seen vagrants here/public urination/teenagers drinking and smoking drugs in the middle of the day. Both Peabody and Jones being down in a valley area make them harder to enforce via sight lines from any road and it feels like drugs/alcohol use/teenage crime exist there. Perhaps officers could walk these parks on occasion? 1 People love pickleball, I'd like to see more pickleball courts. Idon't really use the parks much, but I like to walk once in awhile. Could we get a community garden in one of the parks?? Or do more with the Scheig Center gardens?? 1 Pet friendly options - somewhere other than just the county park (i.e. closer to downtown) 1 Pickleball 1 Pickleball courts not shared with tennis courts 1 Pickleball is the fastest growing sport in the U.S. right now, but there are almost no courts in Appleton. I would love to see either one extensive complex or courts located throughout the city. 1 Pierce Park trial along the railroad tracks down to the riverfront 1 Pierce Park, specifically, seems like it needs updates to trails and lounge areas. There are very few places to picnic or take a rest, etc. 1 Play areas access by all children handicap or not. 1 Playground equipment for older children at Jones Park. 1 Playground equipment for young children (0-4). 1 Playgrounds are great. Especially with the new turf-like city park got list year. Awesome. There seem to be a number of trails that don't really go anywhere and aren't that long. Lutz park is in an amazing location and has a nice dock type area, but there isn't much there. Couldn't there be a trail along the river somewhere in that area? It would be nice if there was an area people could rock boats and have food and cocktails somewhere too. Downtown Green Bay is accessible in this way. A lot of parks need more baby swings. Memorial park only has one now that there is the parent\child swing. Please don't pave Erb Park with gratuitous trails that wreck things for those who cross country ski in the winter. Arbutus Park needs rec staff. 1 Pools, tennis courts, golf coarses, etc. that allow neighborhood kids to get out and exercise, experience nature, build skills, etc are a great addition to the city, even if I don't use them myself. I want to live in a city that provides positive opportunities for our youth. Portable potties

- Older kids and adults don't have playground equipment at that suits their needs. Fritsch Park in the Town Of Menasha is a great example of an all-ages park.
- 1 A large park would be beneficial south of the river
- 1 Accessibility
- 1 Add to the mix more for old persons: Parcours, etc.
- 1 Appleton could use more physical challenges or adventures for teens
- 1 Areas to focus on younger children and toddlers
- At pierce (the park by my home) it would be nicer to have a larger play space, for the volume of people at that park at one time, there needs to be more there.
- 1 Because adults can't drink
- 1 Body fitness equipment would be greay
- 1 Could add the exercise based outdoor equipment to more parks, such as the ellipticals, etc (like the park in Menasha)
- 1 Could use more equipment for tween age kids.
- 1 Could use more park areas for handicap & wheelchair bound people on the South side (Pierce Park).
- 1 Dog friendly areas
- 1 Each park has to be updated

Count Response 1 Erb pool needs work. 1 Good for kids. No adult space(pull up bars,) 1 Great for young kids. Older kids aren't inspired to go to parks from what I've experienced. More places to sit would be good for adults as well 1 How about some equipment for older folks - there's some neat stuff available that keeps people active. 1 Ido not frequent parks on our walk cause dogs are not allowed. They are not a destination. 1 Ifeel some of it is outdated and unsafe. Plamann park has a tremendously high, metal slide that is truly a death trap for young children. 1 I have 2 small children that love the parks but I've noticed that there are times that the middle school/high school kids come and play on the same equipment as the kids. It might help if there were something for the older kids. Possibly a fitness course (along the river?) or something that caters more toward older kids. 1 I have only seen equipment for children & some parks have old, outdated equipment. There are not many parks with good sized, well kept pavilions. 1 I have seen adult equipment in other cities. A place along a trail where there is equipment for pull ups, balancing exercizes etc 1 I have to drive to the park. 1 Ithink making the trails especially running and biking more fitness friendly with sponsored local business stations to do specific things to engage people as they're walking through the area would significantly improve the numbers on the trails and parks systems 1 I think older kids need a place because they come on Ithe younger kids play areas and are to aggressive for them I think we need more equipment aimed at older kids 1 1 I would like more for older kids. My older two are almost 11 and soon to be 9. They are starting to outgrow the parks. 1 I would love to see a park with grown up size playground equipment including some of the special contoured chairs as swings that are usually used for children with disabilities. 1 I'm concerned with the handicapped accessible equipment that is being put in everywhere. At least by my park, it's ostensibly for 6-12 year olds, but it's really more appropriate for toddlers and little kids. We've ended up with a situation where all the little kids flock to the equipment for the big kids and the big kids aren't necessarily always careful around them. The kids also regularly ride their bikes, skateboards, and rollerblades down the handicapped ramp. The equipment is also not as durable--all the built in activities (the piano, the spinny ball thing, etc...) break down and fall apart on a regular basis, so it requires more upkeep. I've also heard some of the other kids say, "This is for little kids. I liked the old (non-handicapped accessible) equipment better." I feel like we're failing 99 percent of our kids to serve the 1 percent who are handicapped. 1 I'm not a senior citizen ut I don't think we have anything specifically for seniors.

1

I'm really not sure if all the parks do.

| 1 | Lack of tennis courts in City Park. | | |
| 1 | Limited handicap access and features | | |
| 1 | Many cities now offer parks that have exercise equipment specifically designed for senior adults - this would be a welcome addition in Appleton. | | |

| 1 | Peabody park seems more to accommodate children 6 or under for playground equipment. And then teenagers for basketball hoops. |
| 1 | Playgrounds are geared for younger children. I want my older child to participate in a meaningful way, not loitering |
| 1 | Relatively few parks offer activities for grown-ups, though most have play equipment. |
| 1 | Seem many citizens set up their own soccer goals or volleyball nets |
| 1 | Seems challenging for the older pooulation to get around. |
| 1 | Senior citizens and middle age folks are pushed out of the parks by the kids hanging out and the drunks |
| 1 | Should have handicapped swings |
| 1 | Skate boarding and other activities for HS population |
| 1 | Some aren't age appropriate |
| 1 | Some equipment is geared for toddlers but not enough equipment is provided. Some equipment is too high off the ground and could use more safety features. It would be nice for ALL parks to have the soft, rubberized ground around the equipment. |
| 1 | Some good for little ones, others older kids |
| 1 | Some of the equipment is old need more tennis courts and pavilions need to be updated. |
| 1 | Some of the parks don't have equipment for toddlers |
| 1 | Some of the parks only cater to smaller children. |
| 1 | Some parks are better than others. Memorial Park is good for all ages. Erb is good for all ages but needs serious updating & maintenance. It seems most of the parks either cater to little guys or big ones not many take care of both. |
| 1 | Some parks only focus on the very young |
| 1 | Some playgrounds are designed for young children, others have equipment that doesn't challenge or interest older children. |

| 1 | South side of city (south of river) offer very little to a large population. Bring back ice skating rinks to neighborhood parks (and maintain them). How about more places for volleyball or disc golf? | |
| 1 | Teenagers need skateparks or something for them to do rather then hanging out by their cars. | |
| 1 | Teens are overlooked | |
| 1 | The majority of parks have equipment for little kids or for a group of people for sports. If you don't fit either of those categories then most parks have little to offer. | |
| 1 | The park off Railroad street is geared for small children only | |
| 1 | The parks are different and that is good. If all the same it would be boring. For example, Pierce Park and Memorial Park both have good qualities. I could visit both and enjoy them. If they had the exact same equipment, neither would be as interesting. | |
| 1 | The parks in general appear to be missing the 25-45 group in facilities (workout facilities). | |
| 1 | The very young and older adults need more | |
| 1 | There is very little for young children. | |
| 1 | There needs to be a plan to allow dogs on leashes and with license to be allowed present. It's archaic that this is not allowed. | |
| 1 | There should be greater development in the flats of Appleton. It could be a center with a lot of hip bars and parks for local musicians to play. Right now it is underutilized. The parking lot next to Jone's park is also an eyesore and is not properly utilized. | |
| 1 | There should be more table and structures that promote social interaction. Public art, Chess tables, park vendors. | |
| 1 | There's done enough places to picnic or sit and meditate. It be nice to have a park dedicated to yoga or tai chi and meditation | |
| 1 | They are all to similar and don't have much to offer | |
| 1 | They're almost entirely geared towards children. | |
| 1 | This should not be a yes/no question. It's a "maybe" for some parks. There could be more focused activities within appropriate parks, i.e., bird watching walks, naming trees and flowers (which would also bring people together), geologic formations | |
| 1 | Trails are not complete | |
| 1 | Updated playground facilities | |
| 1 | Very young children and 40+ seem covered. Little to no use for 20-40 year olds. | |
| 1 | Want fewer facilities in some parks; should have some more natural | |

| 1 | You need a water facility similar to OSHKOSH |
| 1 | additional parks in the south and east sides there could also be some exercise equipment added to the parks, Town of Menasha has an example just south of UW Fox |
| 1 | good for younger kids (under 10). older kids use the equipment in unsafe ways to make it a challange |
| 1 | more playground equiopment |
| 1 | more tennis courts |
| 1 | most tennis courts have been taken out |
| 1 | not enough events places for picnics kid stuff |
| 1 | not many benches to sit and relax, restrooms are not always open or clean |

| 1 | Ido not use Appleton library because I refuse to pay a meter to use something that I already help to pay for. I can go to Menasha or Neenah and not plug a meter. | |
| 1 | After what I experienced last year, I stopped signing my son up for recreational programs. The high school students spend more time on their damn phones than interacting with the children. | |
| 1 | Appleton tall was bad so I left and we use grand chutes which is awesome. I recommend everyone to grand chute baseball and wish they had more sports. | |
| 1 | Both my husband and I have participated in the Learn To Row program offered through the Parks department. It was a great opportunity for the $2\text{of}\text{us}$. | |
| 1 | Combine the rec with Appleton Little League. | |
| 1 | Did one swimming class but water was too cold for small children and nothing was done. Had to stop classes but like all the different options of classes | |
| 1 | Have not found anything offered to try | |
| 1 | I am a single person without kids. If I had a family I am sure I would take advantage of city parks and rec. | |
| 1 | I am pleased that interest is taken regarding these questions. | |
| 1 | I coached my daughter's tball team last year through APRD and it was a good experience with Nate, the program director. | |

| 1 | Idon't believe I've been in any official programs |
| 1 | I hope the Rec Department can join with the plans for a combined new library/senior center/meeting room area/civic center, whatever you want to all it. The rec department rents spaces for some dance classes and other activities. It it was all in the same building, it would be cool. |
| 1 | I know my husband would say you can never have enough bike trails |
| 1 | I travel out of the area to ride my mountain bike as do many. I ride my road bike on the roads and I'm constantly harassed by drivers of cars. |
| 1 | I use the parks and trails, but haven't participated in any actual programs. |
| 1 | I would say that the actual programming is of great quality but we technically live in Grand Chute so have to pay non-resident fees which are typically double what residents pay and it seems unreasonable considering the town of Grand Chute doesn't offer the same amount, type or age appropriate programming for our family (we have a 4 and 3 year old). |
| 1 | I've only done CPR and enjoyed it! |
| 1 | In the past the coordinated park use with Little League |
| 1 | Just recently moved here - not very familiar with the programs and amenities. |
| 1 | Kids love the parks program in the summer |
| 1 | LOVE the Unity Dance Academy! |
| 1 | Little League and Reid Golfalthough a lot of people left when you screwed Stacy Gassner and won't return. Pitiful. |
| 1 | Love Angie & the water fitness program at Erb Pool! |
| 1 | Love Mile of music. Please use the new Pioneer Park as a venue. |
| 1 | Loved the laid-back nature of PR summer sports when my kids were in grade school but that is decades ago. |
| 1 | More focus on concussion prevention by enforcing use of concussion headbands for sports for youngsters, and making them reasonable to buy or rent by parents. Would like to see very affordable kayaks/canoes available for use at accessible river locations in Appleton. |
| 1 | More support and guidelines should be provide to volunteer youth sports coaches. Had an excellent TBall coach (Mochinski), had a less that excellent soccer coach for the 5 year old group. Please offer sports for younger kids too. |
| 1 | Music is offensive at the pools. Our girls are no longer in the dance program due to the graphic moves/music in some of the classes. |
| 1 | My family loves the skate park. |

Count Response 1 My kids LOVE swimming lessons at Erb. The instructors are outstanding. All of the Parks and Rec programs in which we have participated (including swim lessons, archery, preschool park activities, bike safety, and others) have been outstanding. 1 No children in our home, I think families with kids use the programs more. Maybe an outdoor yoga or tai chi class would be used by adults Options are too few 1 1 Our children are all grown, but when they were younger they all participated in park programs at Pierce and Alicia Parks. My husband and I walk for an hour daily through Alicia, Lutz, and Pierce Park and the surrounding neighborhood. There are always other walkers, and I am constantly amazed at the number of people playing frisbee at Pierce's course. The playground equipment is usually being used by families, too. Our family LOVES Memorial Park the best, especially the playground there and ice skating rink! 1 1 Our son used to participate in summer Park & Rec programs, but has aged out. Lack of programming for "tweens". 1 Parks and Rec soccer was not good both times - mostly due to coaches and other kids involved. We had a great Baseball coach last year though. Swim class is hit and miss. We had one bad year with teachers, but I complained and then it got much better. 1 Parks program for kids is excellent 1 Plastic colored furniture is a turn off! 1 Played softball at Memorial for 20 years. Love the bandshell at Pierce. Enjoy walking on the river where I can. 1 Softball at Memorial park is quite expensive. Especially if your team is playing to have fun in a lesser competitive league. So mewhat pushes more casual players to play in different cities Specifically, the APRD swim instructors are all fabulous - has been a great experience for our family. 1 1 Swim lessons at Erb park were a wonderful experience for my family when my kids were a little bit younger. 1 Swimming lessons at Erb Pool are superb every summer. Thank you, Mayor Hanna and the Parks and Recreation Dept 1 1 Thanks for offering a wide variety of programs! 1 The offerings are great, especially swim classes, however many swim instructors do not have adequate training in teaching. 1 The softball fields at memorial need work, the outfields are terrible and uneven which causes a concern for injuries 1 The softball program was much better under city and Fox Valley Recreation Association management than now. Ino longer participate. 1 Unity Dance has a wonderful family oriented program for dancers of all ages!

| 1 | We do a lot of the park and rec classes for our kids a little more supervision of the kids running the programs is needed. Swimming has been great but soccer last year the kids running the program were pretty disinterested in being there |
| 1 | We do use Mead Pool quite a bit - son used the swim program that was offered. |
| 1 | We eventually will need more tennis courts with Pickleball lines painted as the sport grows. |
| 1 | We have a disabled son and enjoyed Challenger league type activities. Please support those. |
| 1 | We have had issues with summer park programs mostly the young people "running" the classes don't seem very engaged or don't relate to young children. |
| 1 | We have lived in 6 states and 4 countries. Appleton has the best park and rec department for families! |
| 1 | We have participated in run/walks and other organized events on College Ave but not sure about programs. |
| 1 | We haven't used a rec program yet. I hope we might be interested in some in the future. I am interested in archery being added to another park. |
| 1 | We haven't used them yet, but with a child turning 4 very much expect to use them. |
| 1 | We travel and often feel as if we are missing out and our children are limited in some degree here in Appleton |
| 1 | We've done Park & Rec swimming lessons for years and think they're fantastic. Open swim is also fantastic. Our children have been involved with the Appleton Soccer Club for years and it's got an amazing program. |
| 1 | When my kids were young we participated in Little League, Babe Ruth, swimming, football, etc. |
| 1 | When our children were young we used the park and rec department classes for sports and dance quite often! |
| 1 | With the YMCA and Appleton Parks and Rec, we have access to so many options for activities! |
| 1 | glad to see Erb pool getting an upgrade |
| 1 | some of the instructors need to be more experienced and have better knowledge of how to deal with children and want to be doing their job |
| 1 | summer camps for teens would be welcome, the age before they can drive and go to jobs, 12-16 ages |
| 1 | would like to see more zumba and yoga, or maybe just better advertising of the options they do have? |

| 1 | We used them frequently when our children were young. I have gone to the pools and parks with my grandchildren in the past year and have frequently walked and biked through the parks and trails. One of our new favorite "stops" when using the playground or biking is to watch the kids at the Telulah Skate Park. Although I don't (and never will!) participate, I appreciate that this park was developed and love watching the kids and adults using it. |

| 1 | A few more police patrols in parks near the downtown area |
| 1 | Add a splash pad area for children downtown near library and senior center. Follow through and complete trestle trail bridges with connections. Add lights to trails. |
| 1 | Again, more dog-friendly places outside. We have a hard time enjoying the beautiful outdoors/parks in the area because many of them are restrict dogs. We'd happily keep them on a leash in certain areas but well-behaved dogs should be able to enjoy a walk through a park. Offer a fine for those people who do not pick up dog waste or abuse this privilege. Moving here from Southern California, we've found Appleton to be VERY UNFRIENDLY towards dogs. In other cities we are able to bring our dogs everywhere and in Appleton, there are very limited areas where dogs are allowed, which is sad. |

| 1 | Appleton has great parks. |
| 1 | Appleton parks are clean, groomed and readily available, keep up the great work |
| 1 | Appreciate all you have done for this great city! LOVE living here! |

| 1 | Care of the environment should be a priorityI hope you are not treating the grass in local parks with harmful chemicalsrecycling should be widely available. |
| 1 | City tries hard to meet needs of all of us |
| 1 | Classes need to be scheduled outside of the 9-5 timetable. It's frustrating that my daughter can't do certain classes through the park and rec because she has two working parents |
| 1 | Clean up pierce park. Too many adult men parked in cars just watching children |
| 1 | Congratulations on having the foresight to build the great skate park! |
| 1 | Cost of programs is a bit high, especially for nonresidents. |
| 1 | Disappointed that the tennis courts were removed from City Park. |
| 1 | Doing great with what is provided! Keep up the great work! Thanks for all you do for all of us! |
| 1 | Don't do away with swimming, diving, and lesson spaces, or open swim spaces. A splash pad isn't a substitute even if it is a place to cool off or will save money. |
| 1 | Focus on neighborhood programs for kids and families. Encourage the use of parks to build strong communities where people come together to play, to picnic, and to relax in a safe and well maintained area of natural beauty. |

| 1 | Generally do a good job. They should be commended. |
| 1 | Go look at Lake Butte de Morts causeway American Indian team and it's educational kiosks etc. All of it was all my idea. I think that Appleton should create something in downtown Appleton and elsewhere in the city that reflect that kind of American history and art and architecture. |
| 1 | Good job keep it up |
| 1 | Great job hope you can continue this! |
| 1 | Great staff. Thanks for the pleasant experiences. |
| 1 | Have had many positive experiences in the past. |
| 1 | Homeless loitering in park MUST BE STOPPED. Gay men having sex in park bathrooms and homeless people defecating in parks is appalling. At this point, I don't consider our parks safe for children, and I don't feel safe in them alone. |
| 1 | Hope you continue the band concerts in Pierce Park. I have taken my grandsons as young as 4 and they really enjoy them. |
| 1 | I am super excited to see the changes that happen with Erb pool. The residents in the neighborhood love the pool. It is in a beautiful park. |
| 1 | I believe the lack of parking is a huge issue for the future of the golf course. |
| 1 | I disagree with the no alcohol policy at parks. Our family use to go to Peabody park with friends every weekend the kids played parents cooked out and had a few drinks. As an adult we continued the tradition to create memories for our kids. In my opinion just because a few adults are not responsible you have taken away casual get togethers for all! |
| 1 | Idon't have kids so this isn't really my area. |
| 1 | I enjoy the programs, especially for my young child, but the downtown City Center is inconvenient in terms of accessibility, parking, cost, etc. |
| 1 | I enjoy their adult walking tours |
| 1 | I have a strong concern for the use of pesticides/herbicides and any other chemicals being sprayed down on public lands where our kids play. There are alternatives to controlling invasive weeds and pests that don't have detrimental health side affects. Plus, there are so many medicinal herbs growing in our parks that many would love to feel good about wild crafting or educating others about! |
| 1 | Thave none. |
| 1 | I like all the parks. Love them. |
| 1 | Ilike the Appleton parks, and would consider them to be a strong point. |

| 1 | I love our parks and wish I could walk in them more, but I can't bring the dog so I stick to streets or go to High Cliff |
| 1 | Nove what the Parks & Rec dept. does for our community! |
| 1 | Iloved yoga in the park last year! |
| 1 | I really think the P&R department is doing a fine job. We just need to keep it going, especially for the younger generations. |
| 1 | Ithink APRD does a great job and offers a lot of fine programs. We'd take part in more, we just have young children - once they get older, we certainly will take part in more. My wife is very interested in paddlebo ard yoga. Perhaps a city-wide sports Olympics would be cool? More things to get more people into the parks (which are great)? Also, doing a great job of getting the word out on all the programs would be great - Facebook is good, but if there's a way to post a community calendar with everything (emphasis on EVERYTHING) going on in the area (if there's not already), that would be cool. |
| 1 | I think Appleton has a stellar Parks and Rec Dept. I'm from the Milwaukee area and moved here only 2 years ago. I was to tally amazed by all Appleton has to offer. |
| 1 | I think Appleton should have a public shooting range. |
| 1 | Ithink Park & Rec does a wonderful job. As a resident, need to make sure I find out about all the programs offered. |
| 1 | I think for our existing programs and leadership they work hard, really listen, and implement well. |
| 1 | Ithink it's great! |
| 1 | I think park maintenance is really important for safety reasons and for recreation reasons. I think our parks are in pretty good shape, but there is always room for improvement. A park along the riverfront would be so wonderful. Jones Park is nice but it doesn't really have a view of the river. |
| 1 | I think the park & rec dept does a fine job for the children of Appleton. |
| 1 | I think they do an AMAZING job! |
| 1 | I think this is one of our key benefits within Appleton and at the very least, I don't want to see the benefits reduced through park closures or reduction in usage. |
| 1 | I think we're very fortunate to have such a great program in our area. |
| 1 | I wish the parks would be cleaner. It breaks my heart to go to parks and they are covered in trash. I know that none of your fault but it just looks so bad. |
| 1 | I would like the river to be more accessible and have more activities available to enjoy it |
| 1 | I would like to be able to walk my dog or allow him to be (responsibly) off leash in city parks. |
| 1 | I would like to see Parks and Recs sponsor a community garden program. |
| 1 | I would like to see community gardens stressed more. |

| 1 | I would like to see the flag raised again at Alicia Park for Alice Conkey Reid. It would be great to partner with Appleton Historical Society to get that done. |
| 1 | If the taxes go up from all of this so called improvements I will leave the state. |
| 1 | If this a short survey, what is a long survey? I want to give good feedback, but man this was LONG. Sorry I gave some crap answers, but I need to get on with my day. |
| 1 | In general, I am happy with the quality and quantity of city parks. I am glad that Appleton offers a variety of venues and programs for families and individuals. |
| 1 | In what we pay in property taxes, should doesn't show in the recreation part of the department. You work force of high school students is pathetic not good with children they do not interact, just sit on their phones and whittle the time away, collecting their pay check while my child gets NOTHING out of the class. |
| 1 | Increased and early advertising. |
| 1 | Install AED's |
| 1 | It is truly fantastic! I should probably take advantage more |
| 1 | Just a thank you for all the work done in our behalf |
| 1 | Just consider adding grand chute as a resident price, the kids out there are offered nothing really. |
| 1 | Keep costs down for classes. |
| 1 | Keep eyes out for litter and drinking in City Park |
| 1 | Keep the neighborhood baseball fields and tennis courts. Don't turn Lions Park into a retention pond. Need more parks. |

| 1 | More dedicated running paths. I don't feel safe running on the road or stopping at each traffic light. The river has more potential. |
| 1 | More diversity than just sports. Not enough music, literature, arts, natural world non-competitive opportunities for kids. If they don't have access to appreciating the natural world, what are we teaching? |
| 1 | More hockey rinks and winter activities |
| 1 | More open swim for adults |
| 1 | More playgrounds with turf surface under the playground equipment |
| 1 | Most parks are kept clean and appealing. |
| 1 | Move park and receive classes out of the cm city centre, not convenient to have to pay for parking and climb stairs. |
| 1 | My son is part of a group that meets most Sunday afternoons in Peabody park and they often find the bathrooms are locked. They hop in a car and come to my house a few blocks away to use my facilities, but others simply pee in the bushes. Please keep bathrooms unlocked during the daytime when folks will be using the parks. Thanks! |
| 1 | Needs more police officers driving though them |
| 1 | Niki Wendt is a tremendous ambassador for the Park and Recreation Department |

|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Overall parks are done well. |
| 1 | Overall, I love the parks, especially for young kids. I think some improvements can be made to help cater to older kids and to help keep park goers safer from people who do not appear to be there for use of the park so much as to sell/consume drugs/alcohol |
| 1 | Overall, the city parks are pretty nice. Erb is the best kept and the nicest. |
| 1 | Overall, they offer a lot. Probably have not taken full advantage of what can be used. |
| 1 | PLEASE go back to another option for winter swimming. Appleton West pool sucks!! We used to have both north and east as options. PLEASE reconsider!!! |
| 1 | Park and rec are have great programs for kids. We enjoy what they have to offer and it is reasonable to join (if you live in the city). |
| 1 | Parks and Rec seems to be good use of money. It gives back to EVERYONE in the community should they want a place to go. |
| 1 | Pay more attention to young professionals and the new way we do business - the old ways of doing things are working less and less. Change ahead of the curve. |
| 1 | Peabody Park needs to be more accessible. Handicap people cannot get to the river, there are no sidewalks, so dangerous with cars parked, cars driving and people walking on the road. No canoe or kayak access. Except for lights no updates have been done to Peabody Park. |
| 1 | Please consider working families and have more opportunities on weekends. |
| 1 | Please continue to maintain them at the level that's behind done now |
| 1 | Please find a way to keep some sledding at Erb Park and not have a possibly dangerous storm water retention pond within the park. |
| 1 | Please give more hockey opportunities |
| 1 | Please keep Erb pool |
| 1 | Please keep it active and affordable for young families! |
| 1 | Please lower the cost for Grand Chute residents |
| 1 | Please, no pesticides or chemicals. We are poisoning the children of this city who play in that grass. |
| 1 | Pools should be open longer! Close too early in August. They should be open until Labor Day. Difficult to get a hold of Parks & Rec. City seems to give this dept short end of the stick - taking away offices, etc. We VALUE recreation & parks in this community!! Please fund accordingly! |
| 1 | Programs sound good. |
| 1 | Really do not use since not a resident of Appleton |

| 1 | Regarding the recently remodeled Banta Bowl: (not sure if this is the right place to post this). The new PA system they installed is obnoxiously loud. I never noticed it in the 20 years we've lived in this neighborhood, but now it is a nuisance. People living in River Heath or along the river near there probably hate it. If the Foremost site gets redeveloped into residences, they'll hate it too. I know some downtown bars have had to re-adjust with reasonable noise ordinances for outdoor live music, perhaps this place needs to be looked at as well. |
| 1 | Reid is a gem. I hope it runs better this year. |
| 1 | Safety is an issue. Ho over Park has large groups of teens present frequently. |
| 1 | Seek the opinion of those closest to the action. Survey, question and talk to those currently using your programs on how to improve. Don't worry about what other communities are doing. |
| 1 | Seriously. We have catered to the very few bike riders enough. |
| 1 | So pleased with the improvement and growth of the Baseball/Softball program last year! |
| 1 | Some of the parks are old and in need of repair |
| 1 | Some parks are never visited. Close them and add more to the parks that are visited more. |
| 1 | Stop park names after real people!!!!!!!!!!!! |
| 1 | Thank you for all of your creative ideas and hard work for us! We appreciate you!!!:-):-) |
| 1 | Thank you for allowing me to share my wishes for Appleton! |
| 1 | Thank you! |
| 1 | Thank-you for listening to the community on the Erb Park pool project! |
| 1 | Thanks for the people who work at the department with their great communication skills |
| 1 | The Gassner fiasco requires an apology, even if not public. To lose that many happy, loyal customers is a tragedy. |
| 1 | The Green Bay area has 5 very active ice rinks with hockey boards in the winter and takes very good care of the ice. the entire Fox cities really only has one - Jones park - which by far has the most ideal location for outdoor ice but does not seem to get the resources and attention it needs to really be a great community asset. |
| 1 | The Reid changes a few years back were handled poorly and many citizens are angry. |
| 1 | The abundance of parks in Appleton is a very good thing. It's a shame they're not used more. |
| 1 | The bathrooms need to be updated and open for more of the year |
| 1 | The city parks I have used are very well maintained and serve a variety of ages. |
| 1 | The dance program was a little too watered down for our little one so we switched to ultimate fusion. Would like to see a higher level of training in all of the sports and fitness programs. |

Count Response 1 The kids need to get out more and be active, but so ciety says its not safe.. more marketing to ward the Park & Recs Dept. would encourage parents to get involved. have like an opening week to meet the counselors. 1 The more trails and outdoor spaces to relax, the better! The playground program is such an amazing community program. I hope it continues forever! 1 The popular programs seem to fill up very quickly. 1 The website is not very friendly to navigate. The visual layout can be confusing. 1 The workers do a great job. We could use more direction (like this survey) in the future. There are lots of verbal hate/prejudice statements that is aimed at Hmong patrons. Many feel powerless and do 1 not use these facilities. 1 There should be at least an hour per day of lap swimming at the 2 outdoor pools. 1 They do a good job of maintaining facilities and grounds and the people are friendly when I see them. 1 They do an excellent job of offering a variety of programs at an affordable price. 1 They need to do a better job with social media. 1 They seem to be kept up nicely Though things can always be improved, the parks are wonderful. Thank you for your hard work. 1 1 Unsure Very easy to work with when needing to adjust classes. 1 1 Want more information on programs currently offered. If eel like we don't have enough information to fully participate. 1 We actually have a City of Menasha address, but home is in the Appleton School District attendance area. We have to pay out of city fees for our children to participate in activities with their friends from school. I wish this could change. 1 We have been happy with everything we have ever done through park and rec... Great job!! 1 We have been very impressed with the programming offered by the City Parks and Recreation Department. We especially enjoy the summer fun runs and the movies on the hill. 1 We like the outdoor movies and Ice skating during the holidays. There are events which we go to that we aren't sure it APR is in charge of. So meday I would like to take park in the Travel adventures, but I have to work. We need more opportunities to stay and get active in the cool parts of the year. Generally, the weather from 1 $No \, vember \, to \, April \, is \, not \, very \, conducive \, to \, playing \, outdoors \, at \, the \, parks \, with \, small \, children \, and \, I \, don't feel \, and \, continuous \, co$ there are a lot of great options, other than ones that cost families too much for it to be a regular activity.

1 Website for registration is a little clunky.

| 1 | Wish tennis doubles league didn't have to be mixed. Would also be cool if they somehow partnered up with racquet clubs to offer discounted indoor court rental or something like that. |
| 1 | Would be nice to have bathrooms at the parks open during the winter months, especially for runners. |
| 1 | Would like to be able to walk my dog through the parks, Riverside Park in Menasha has dog bags throughout that help those who forget a bag to clean up after their dogs |
| 1 | You do a great job. |
| 1 | You guys are doing a good job |
| 1 | You guys do a great jo b! |
| 1 | You need to allow people to bring their dogs on leash to the parks. |
| 1 | $build \ the \ new \ library. \ Have \ council \ snd \ library \ bo \ ard \ visit \ a \ new \ library \ in \ cities \ the \ size \ of \ Appleton \ so \ they \ can understand \ the \ value \ for \ the \ community$ |
| 1 | i am low income so finding cheep entertainment is hard. i would get my kids involved in summer activities if i could afford it. briten beach is free concerts are free, I like palman park play area, talulas water area for fishing, we like the water front and seeing the new residents (pelicans) but there is much of the river that we can not go too. like under collage ave bridge on the west side. as a kid we use to go fishing there all the time. now it is closed off. I would love to be part of a group talk on Appleton posibilities |
| 1 | never should have left Witzke |

| 1 | opportunities need to be better advertisedoften hear of things after the fact |
| 1 | see above |
| 1 | smaller class sizes in swimming lessons |
| 1 | uninspiredstuck due to budget constraints |
| 1 | use dollars wisely |
| 1 | very impressed with the soccer and basketball programs so far. Don't love that the parks are leaning to the "fake" turf. Prefer the playgrounds with woodchips and "old school" playground equipment. |
| 1 | we are excited about the new erb pool! |
| 1 | we have always had a great experience with park and rec activities |
