

Building Process Community Questions and Comments

The following summary of questions and comments were collected over an 11 week period beginning August 26, 2014. We have stationed our first floor greeter table, as well as hosted a station at the Downtown Appleton Farm Market for a total of 64 hours. Through collecting this data, we have gathered input from just over 1,200 community members. Due to the volume of comments and questions we have recorded, we have created a summary of general areas to which comments were grouped. Below are the categories, followed by the number of comments and questions received.

Yellow Highlight = Opinion Based

Pink Highlight = Question Based

1. Heard about the project, does not have any questions or comments. (338)
