Areas of Primary Concentration for 2019: The first half of 2019 has been one of transition for the HR staff. The Deputy Director retired in June and with internal staff promotions we were left with our Administrative Assistant position vacant. The remainder of the year, our focus will be in mentoring those employees into their new roles, preparing for further succession planning within the department and to realign job responsibilities with our customers in mind. We will also continue to monitor all federal/state legal changes with respect to Health Care Reform, educate employees and continue with implementation of the impact study. We will work with our consultant on our non union Pay for Performance policy to try and help staff retention and recruitment of qualified personnel. Our focus will also be on further development of onboarding efforts and to explore some possible offboarding tools. We are continuing to work on Financial Wellness of our employees and will focus on a Wellness Fair in October. Working on implementation of our Post Employment Health Plan carrier change from Nationwide to Voya/TASC for 8/1/19. Another large focus will be to continue to work toward implementation of the Tyler Munis transition and continuing the dual run of systems and testing of the new system. A strong emphasis will also continue to be on promoting the Culture Team initiatives, Talent Management and Succession Planning for all departments. Managing the joint City/AASD Connecting Care Clinic will be a continued focus for the remainder of the year. Additionally, we are working on developing a coordinated occupational health system that will make it easier for employees to get all of their required occupational health testing needs completed in one easy location/process. This initiative will greatly help the operational departments with scheduling and loss of productive time for employees.

#### **Budget Performance Summary**

No concerns. We are at 43.6% budget spent at midyear.
