---

Approve the roadway design parameters: **Morrison Street**, from Glendale Avenue to Pershing Street (1,480 ft), be reconstructed with asphalt pavement and concrete curb and gutter. The details of the proposed Morrison Street reconstruction project are as follows:

- New asphalt pavement and concrete curb and gutter constructed to a width of 27' from back of curb to back of curb, which is 6' narrower than the existing street (33') within this portion of the project.
- Curb extensions (narrowing of the pavement) constructed at Marquette St to serve as traffic calming.
- Traffic calming circle constructed at the intersection with Lindbergh Street.
- Existing on-street parking would be restricted along the west side of Morrison Street, within the project limits.
