Creation of new Rule - Pledge of Allegiance

Ald. Doran

Add Pledge of Allegiance for every meeting of Committees, Board & Commissions

At the beginning of any meeting of a committee, board or commission, regardless of the location in which the meeting is held, after calling the meeting the order, the chair of the meeting will call for the Pledge of Allegiance to be recited before moving on to any other business.

If the United States flag is not present, attendees should simply stand and place their right hand over their heart and face towards the person leading in the recitation of the Pledge or to where the flag would normally be placed.
