**Rankin Street** , from 200' south of Alton Street to College Avenue, be reconstructed with asphalt pavement and curb and gutter. The dimensions of the Rankin Street reconstruction project are as follows:

*200' south of Alton Street - Alton St.* New asphalt pavement to be constructed to a width of 25' from back of curb to back of curb, which is 1' narrower than the existing street within this portion of the project. Existing on-street parking to remain unchanged within this portion of the project.

*Alton St - College Ave.* New asphalt pavement to be constructed to a width of 31' from back of curb to back of curb, which is 2' narrower than the existing street within this portion of the project. Existing on-street parking to remain unchanged within this portion of the project.
