

Legislation Details (With Text)

File #:	18-1461	Version:	1	Name:	
Type:	Report Action Item	Status:		Passed	
File created:	10/5/2018	In control:		Municipal Services Committee	
On agenda:	10/8/2018	Final action:		10/17/2018	
Title:	<p>Carpenter Street, from Taft Avenue to Calumet Street, be reconstructed with concrete pavement and curb and gutter to a width of 37' from back of curb to back of curb, which is the same width as the existing street. Proposed curb bump-outs are to be constructed at the intersections with Murray Avenue and Coolidge Avenue to improve pedestrian safety and calm traffic flow. A dedicated left turn lane will also be incorporated on the south side of the intersection at Carpenter Street and Calumet Street.</p> <p>Carpenter Street, from Calumet Street to Fremont Street, be reconstructed with asphalt pavement and concrete curb & gutter to a width of 33' from back of curb to back of curb, which is the same width as the existing street. This portion of Carpenter Street is proposed to be shifted 1' to the east in an effort to preserve existing terrace trees along the west side of the street. Existing parking provisions within the project limits will remain unchanged. A dedicated left turn lane will also be incorporated on the north side of the intersection at Carpenter Street and Calumet Street.</p>
