**Parties to a violation.** A person is concerned in the commission of the violation if the person directly commits the violation, intentionally aids or abets the commission of or is a party of a conspiracy with another to commit it, or advises, hires, counsels or other procures another to commit it.

**Attempt.** An attempt to commit a violation requires that the actor have an intent to perform acts and attain a result which, if accomplished, would constitute such violation and that the actor does act toward the commission of the violation which demonstrates unequivocally, under all the circumstances, that the actor formed that intent and would commit the violation except for the intervention of another person or some extraneous factor.
