

August 2024 Building Project Update

Tina Krueger

Communication Coordinator

Construction Updates

The last month's key building project progress points from Boldt include:

- Completed concrete pours at children's terrace, north stairs and loading dock ramp.
- Installed metal panel on west and northwest sides.
- Installed windows on north side.
- Installed west skylight.
- Installed door frames.
- Installed ductwork on ground level east side.
- Set connecting stair.
- Installed geothermal header.
- Installed sewer piping for new storm trap.
- Began installing new double trap storm water tank.
- Began framing at community meeting room.
- Began installation of ceiling grid.
- Continued with painting throughout the building.
- Continued with masonry work.
- Continued with mechanical, electrical and plumbing installations.

Opening day for the new library is on track for early 2025.

Additional Updates

- Skidmore, Owings & Merrill has shared [architectural fly through animations](#). [Floor plans](#) and [renderings are available for viewing online](#). Please note furnishing colors in the animations and renderings are subject to change.
- [Friends of Appleton Public Library](#) and the Capital Campaign Committee continue to make strong fundraising progress. To date they have raised \$11.2 M of their \$12 M goal.

To learn more about the campaign and how you can participate, visit the [Friends website](#).
